## *Findings and Recommendations*

The Subcommittee Study includes findings. These findings relate to (1) the Legislative Audit Council's audit of DJJ requested by the Committee; and (2) changes made by the agency during the oversight process.

The Subcommittee has a variety of recommendations relating to the agency. The Subcommittee's recommendations for revisions to the agency's internal operations fall into the following categories: (1) update case manager policies; (2) determine and eliminate duplication in case manager activities; (3) cite to source of data when providing information; (4) review the appropriateness of agency employees' membership in state retirement systems; and (5) provide quarterly updates. There are no specific recommendations with regards to continuance of agency programs or elimination of agency programs.

Table 1. Summary of recommendations.

Topic	Recommendation for . . .
<b>. . . internal operations</b>	
Update case manager policies and training	Require case managers to enter activity notes related to the juveniles in the Juvenile Justice Management System.
Determine and eliminate duplication in case manager activities	Provide a list of the tools case managers need to avoid duplication in performing their job duties along with the associated costs and a potential time frame to provide these tools.
Review appropriateness of agency employees' membership in state retirement systems	Request the Public Employee Benefit Authority analyze employees' membership in state retirement systems (e.g., South Carolina State Retirement System and Police Officers Retirement System) to determine appropriateness of employee participation in one system or another.
<b>. . . providing information</b>	
Cite to source of data when providing information	Include a citation (e.g., footnote or endnote) when providing data or statistics to legislators or others. # DETAILS - STUDY PROCESS

## *House Oversight Committee's Actions*

On January 7, 2015, the House Oversight Committee approves a proposed seven-year study schedule for the Speaker of the House.<sup>2</sup> The Speaker approves the Committee's recommendations, which are published in the House Journal on January 13, 2015.<sup>3</sup> The Department of Juvenile Justice ("DJJ" or "agency") is an agency subject to legislative oversight.<sup>4</sup> The **Committee approves DJJ as the first state agency for study by the Law Enforcement and Criminal Justice Subcommittee** on February 5, 2015.<sup>5</sup>

The **Committee notifies the agency** about the study on February 10, 2015.<sup>6</sup> As the Committee encourages **collaboration in its legislative oversight process**, the Committee notifies the Speaker, standing committee chairs in the House, members of the House, Clerk of the Senate, and Governor about the agency study.<sup>7</sup>

## *Subcommittee Studying the Agency*

The **Law Enforcement and Criminal Justice Subcommittee ("Subcommittee") of the House Oversight Committee is studying the agency**. The study begins during the 121<sup>st</sup> General Assembly. At this time, the chair of the Subcommittee is the Honorable Kirkman Finlay III; other members include: the Honorable William K. "Bill" Bowers; the Honorable Raye Felder; and the Honorable Edward R. Tallon, Sr.<sup>8</sup> The study continues during the 122<sup>nd</sup> General Assembly. Now, the chair of the Subcommittee is the Honorable Edward R. Tallon, Sr.; other members include: the Honorable Katherine E. "Katie" Arrington, the Honorable William M. "Bill" Hixon; and the Honorable J. Todd Rutherford.<sup>9</sup>

## *Subcommittee & Public Actions*

The **Subcommittee meets with the agency once about process and on fourteen (14) occasions about the agency's work**. All meetings are open to the public and streamed live online with videos archived.

**Public input is a cornerstone of the House Legislative Oversight Committee's process.**<sup>10</sup> Members of the public are able to participate anonymously in a public survey about the agency and four other agencies during the month of May in 2015; provide comments via a link on the Committee website at anytime; and appear in person before the Subcommittee in February 2016. Throughout the process members of the public, including current and former employees, actively provide input to the Subcommittee. This input, including anonymous input, points the Subcommittee to issues critical to the life, health, and safety of both juveniles and employees.

Highlights of meetings, public participation, and major events at the agency during the study process are listed below in a **timeline**.

## *May 2015*

The Subcommittee posts an **online survey to solicit comments from the public about DJJ** and other agencies. Communication about this survey is sent to all House members who are encouraged to inform their constituents about this opportunity.<sup>11</sup> A statewide media release is issued about this opportunity for public participation. There are 1,788 responses to the survey, with at least one response coming from each of the 46 South Carolina counties.<sup>12</sup> These comments are not considered testimony.<sup>13</sup> The survey notes "input and observations from those citizens who [choose] to provide responses are very important . . . because they may help direct the Committee to potential areas for improvement with these agencies."<sup>14</sup> The **public is informed of a continuous opportunity to submit written comments about agencies online** even after the public survey closes.<sup>15</sup>

## December 2015

On December 2, 2015, Committee staff present a Staff Study of the agency to the Subcommittee. Members ask questions about various topics including: number and locations of children served by DJJ through Community Services Programs; after school programs; incidents of prison rape; completion of GED; WorkKeys assessment; and strategic spending.<sup>16</sup>

On December 21, 2015, the Subcommittee sends written questions to the agency.<sup>17</sup>

## January 2016

On January 15, 2016, the agency responds to the Subcommittee's December 21, 2015, letter and provides information on many topics:

- number involved in teen after school centers;
- number of rapes reported in agency facilities during the past two years;
- current ratio of guards to juveniles behind the fence;
- number of juveniles taking job skills assessment test, WorkKeys, during the last three years;
- agency facilities and efficiency studies (agency provides information on Performance Based Standards (PbS) with report from 2012 and letter to governor from 2014);
- amount agency spent toward achieving its goals and objectives along with an explanation of how the agency determined the amount it spent;
- list of agency employees and beside each employee the program to which the employee is assigned, percentage of employee time assigned to the program, and whether the employee has direct interaction with juveniles;
- summary of events on December 18-20 when the State Law Enforcement Division was called in to assist the agency with disturbances;
- information on other similar events that have occurred over the past three years;
- agency's policy for escalation of discipline for juveniles; and
- agency's policy for notifying parents and guardians of juvenile discipline.<sup>18</sup>

## February 2016

During the public input meeting on February 10, 2016, ***allegations are received from the public that the agency is not being forthright with the Subcommittee.***<sup>19</sup> The agency's failure to inform the Subcommittee about an incident at DJJ in August 2015 is cited as an example. The agency testifies it did not provide information about this incident in its response letter because in the agency's opinion the incident is not similar to the incidents on December 18-20.

**Highlights of public testimony** are below and on the following pages.

- **Eden Hendrick, Solicitor's Family Court Attorney for Richland County**, provides information to the Subcommittee about the ways in which the Solicitor's Office interacts with juvenile offenders and related government agencies and departments. She testifies DJJ has done well with diversionary programs in Richland County and with communicating with the Solicitor's Office. It is her belief DJJ does not sufficiently tailor its sentencing recommendations for juvenile offenders to the individual juveniles; rather, Ms. Hendrick suggests, DJJ evaluators have unofficial, near-blanket sentencing policies controlling juvenile evaluations and are often unable to explain the policies when asked to do so by a judge. Also, she suggests judges may sentence juvenile offenders to an alternative sentence (e.g., wilderness camp) or to juvenile detention if the alternative location is not

available, but the juveniles are often sent to the detention centers as a default measure without the judges' knowledge. Ms. Hendrick recommends DJJ use active GPS monitoring of juvenile offenders rather than passive GPS monitoring.

- **Naomi Lett, Friends of Juvenile Justice**, provides an overview to the Subcommittee of the Friends of Juvenile Justice organization. She explains its relationship to DJJ. It is her opinion the agency needs more resources in order to make the effective investments in juvenile offenders.
- **Nancy McCormick, Protection and Advocacy for People with Disabilities**, testifies the majority of the juvenile offenders under DJJ's care have some type of disability, whether it be physical, emotional, mental, or otherwise. She testifies about the changes DJJ made following the finding by District Judge Joseph Anderson that DJJ's practices were unconstitutional as they relate to the rights of juvenile offenders and how DJJ's reforms have reverted to their inferior states. Ms. McCormick testifies about the physical conditions at DJJ's facilities and how those deteriorating conditions have caused disruptions in the lives of the incarcerated juvenile offenders. In her opinion, DJJ does not have its facilities under control because the facilities are understaffed; also, staff are underpaid and intimidated by the incarcerated juveniles. She testifies the 12-hour work shifts have contributed to the problem by lowering staff morale.
- **Aleksandra Chauhan, Richland County Public Defender's Office**, provides testimony addressing questions members of the Subcommittee asked DJJ in prior meetings. She testifies DJJ excessively uses solitary confinement as a punishment in violation of the agency's own policies. She alleges one of her clients has been placed in solitary confinement for six to eight weeks. Ms. Chauhan reads excerpts from a letter written by one of her clients while he was in isolation. In her opinion, while DJJ has received high marks from a performance-based standards organization four years ago, it was more likely than not the agency no longer performs at the same level.
- **Joan Faust, Parent of Juvenile Offender**, expresses concern her son has changed for the worse while at DJJ. She testifies he had been in solitary confinement excessively.
- **Suzanne Dunn, American Civil Liberties Union**, testifies a significant number of juvenile referrals to DJJ are dismissed, indicating baseless referrals waste resources. Ms. Dunn suggests schools often use law enforcement officers to discipline children in purely school matters. She believes too many juvenile offenders are being incarcerated that would be better served by home incarceration. Ms. Dunn suggests other reforms she believes may make DJJ more effective.

During the Subcommittee's meeting with the agency on February 25, 2016, the agency provides information about its performance and **Performance Based Standards (PbS) data**.<sup>20</sup> DJJ collects PbS data continuously and reports on the data twice a year; a PbS representative visits DJJ at least once a year. DJJ notes that the most recent comprehensive PbS report is from 2012. Subcommittee Chairman Finlay asks why DJJ only provides a written summary of the PbS representative's visit in 2012 if there were visits in 2013, 2014, and 2015.<sup>21</sup> An agency representative testifies she is not aware of the existence of any PbS Executive Summary except for the one from 2012.<sup>22</sup> Another agency representative testifies DJJ's previous Director requested the PbS representative not provide a written report on subsequent visits and that future reports be delivered to DJJ orally.<sup>23</sup>

Also during the February 25, 2016, meeting Subcommittee Members discuss **incidents at facilities with the agency**. Subcommittee Chairman Finlay asks DJJ to provide clarification and more information about the August 2015 incident at DJJ that shut down one of its dormitories and any other incidents. On February 26, 2016, a riot occurs at DJJ's Broad River Road Complex.<sup>24</sup>

## **March 2016**

On March 1, 2016, the Committee sends a **letter to the Governor** sharing concerns received from the public which question the life, health, and safety of juveniles and employees at DJJ. These concerns relate to (1) lack of safety for juveniles and employees; (2) lack of control; (3) lack of trust; and (4) lack of adequate staff.<sup>25</sup>

On March 3, 2016, the Committee sends a **letter to the State Inspector General** providing information received from the public which questions the life, health, and safety of juveniles and employees at DJJ.<sup>26</sup> Concerns from the public focus on the following areas: (1) destruction of reports; (2) mislabeling situations in reports or failing to file reports at all; (3) pressure not to report criminal activity to the Solicitor's Office for prosecution; and (4) mismanagement in scheduling adequate guard staff. On March 8, 2016, the State Inspector General notifies the Committee an investigation has been opened.

**Juvenile Correctional Officer Catherine McKnight testifies** during the Subcommittee meeting on March 10, 2016.<sup>27</sup> Ms. McKnight testifies she knows of many co-workers who have responded to the Subcommittee by writing and calling anonymously, but she feels it is her duty to "put a face" to the issues.<sup>28</sup> She outlines the following issues and possible solutions to those issues in her testimony:

### *Issues*

- Gangs - Officers are not equipped to deal with the growing gang activity at DJJ.
- Chain of Command - When the unit manager in charge of each dorm is not on duty, decisions are made from an offsite location via telephone. DJJ is often understaffed on weekends. There is a lack of communication among staff at DJJ.
- DJJ's Education System - DJJ education is substandard and the system has incited gang altercations.
- Slow Responses - DJJ is slow to respond to misbehaving juveniles.
- Overworked officers - DJJ employees are overworked.

### *Possible Solutions*

- Raise minimum age for officers from 21 to 25 as the age gap between officer and juvenile is not wide enough.
- Request National Guard support for 6 months.
- Improve communication between ranks among the staff of DJJ.
- Inform front-line officers about the primary charge of each juvenile.
- Allow front-line officers to participate in juvenile placement decisions.
- Inform front-line officers about resources available after a traumatizing experience (e.g., riot or gang violence).

Subcommittee adopts a motion to **request the Legislative Audit Council audit DJJ**.<sup>29</sup> At a subsequent meeting, on January 31, 2017, the Subcommittee adopts a motion to ascertain Ms. McKnight's employment status and send her a letter of appreciation at the conclusion of the study.<sup>30</sup>

## *April 2016*

On April 13, 2016, the Subcommittee receives testimony from interim DJJ Inspector General about changes made since his arrival to the agency.<sup>31</sup> Also, the Subcommittee receives testimony from an agency representative about the process for reporting and addressing incidents at DJJ facilities.<sup>32</sup>

## *May 2016*

A security audit, requested by DJJ, is conducted at the agency during May 2016.<sup>33</sup>

On May 26, 2016, the House Legislative Oversight Subcommittee and Senate Special Study Committee meet jointly to receive testimony from State Inspector General Patrick Maley about the Inspector General report issued in April 2016.<sup>34</sup>

## *August 2016*

On August 31, 2016, the House Legislative Oversight Subcommittee and Senate Special Study Committee hold another joint meeting.<sup>35</sup> Testimony is received from Mr. Larry Reid, Correctional Consultant, about his company's findings published in the May 2016 security audit of DJJ.<sup>36</sup> There were **110 total recommendations in the security audit.**<sup>37</sup> Also, testimony is received from Mr. Jason Szanyi, Director of Institutional Reform, with the Center for Children's Law and Policy, and representatives of DJJ.<sup>38</sup>

## *September - December 2016*

The Subcommittee does not hold any additional meetings with the agency as it waits to receive the requested Legislative Audit Council (LAC) audit of the agency.

## *January 2017*

On January 26, 2017, the LAC publishes its audit, which addresses the safety and financial issues at the agency and whether the agency is meeting its mission for the juveniles in its custody.<sup>39</sup> The same day the Subcommittee holds a meeting in which representatives from **LAC present each aspect of the audit report, including the 74 total recommendations,** and additional information is received from the agency pertaining to the LAC audit.<sup>40</sup>

On January 31, 2017, Subcommittee Members hold a work session to discuss information from the LAC audit and additional questions for the agency.<sup>41</sup>

## *February 2017*

The agency provides information about the implementation schedule for the LAC audit recommendations in which it is in agreement and about its current status of implementation as of February 7, 2017.<sup>42</sup> The agency provides additional information requested by the Subcommittee.

The Subcommittee meets with the agency on February 16, 2017.<sup>43</sup> During the meeting, the agency provides an updated implementation schedule and additional findings are made by the Subcommittee.<sup>44</sup> The Subcommittee also instructs Committee staff to draft the final Subcommittee Study report for review by the Subcommittee members prior to submission to the full Committee.

## *March 2017*

On March 3, 2017, the Subcommittee notifies the House Legislative Oversight Committee Chairman the

Subcommittee Study on the Department of Juvenile Justice is available for review by the full Committee. Members of the full Committee receive a copy of the study on March 10, 2017. (House Legislative Oversight Committee, email message to House Legislative Oversight Committee with information updates, March 10, 2017). Subcommittee Chair Tallon presents the study during the March 30, 2017 full Committee meeting. (SC House of Representatives, House Legislative Oversight Committee, "March 30, 2017 Meeting Minutes," under "Committee Postings and Reports," under "House Legislative Oversight Committee," and under "Full Committee Minutes," <http://www.scstatehouse.gov/CommitteeInfo/HouseLegislativeOversightCommittee/FullCommitteeMinutes.php> (accessed April 7, 2017). A Video of the meeting is available at <http://www.scstatehouse.gov/video/videofeed.php>.) The Director of the agency and other executive management personnel are present to answer any questions from Committee members. (Ibid.) The full Committee approves the Subcommittee study with no revisions. (Ibid.)

## *Agency Actions*

The **Committee asks the agency to conduct a self-analysis** by completing and submitting a 2015 Annual Restructuring Report and Seven-Year Plan for cost savings and increased efficiencies, a Program Evaluation Report, and a 2016 Restructuring Report. The agency submits its 2015 Annual Restructuring Report and Seven-Year Plan on March 31, 2015<sup>45</sup>, its Program Evaluation Report on April 21, 2015 and revised Program Evaluation Report in November 2015.<sup>46</sup> Committee staff provide a staff study and agency response to the Subcommittee on November 2, 2015.<sup>47</sup> The agency submits its 2016 Restructuring Report on January 12, 2016,<sup>48</sup> and its 2015-16 Accountability Report in September 2016.<sup>49</sup> All reports are available online.

During the two-year study process, the agency makes numerous internal changes which are listed in Attachment A. Notably, internal changes are made in executive and senior level positions including: Agency Director; Deputy Director for Rehabilitation Services; Deputy Director for Inspector General Office; Deputy Director for Community Services; and Associate Deputy for Legal and Policy Services (which is reclassified to Deputy Director for Legal and Policy Services).<sup>50</sup>

## *Next Steps*

This final study, and written statements, will be published online and the agency, as well as all House Standing Committees, will receive a copy. The Committee shall offer at least one briefing to Members of the House about the contents of the final oversight study approved by the Committee. The Committee Chair may also provide briefings to the public about the final oversight study.

# DETAILS - FINDINGS & RECOMMENDATIONS

## *Findings*

### *Legislative Audit Council's Audit of the Agency*

The Subcommittee made findings during the study relating to the Legislative Audit Council's audit of the agency.<sup>51</sup> The LAC audit includes 74 recommendations grouped into 24 topics. The list of recommendations is included in Attachment B, and a complete copy of the audit is available on the LAC website ([www.lac.sc.gov](http://www.lac.sc.gov)). The Oversight Subcommittee, and agency, agree with 56 recommendations, under the following 17 topics of the audit:

- 1) Training and Certification of Juvenile Correctional and Detention Officers;
- 2) Handling of Major Disturbances at DJJ Facilities;
- 3) Investigation of a Juvenile's death at wilderness camp;
- 4) Security policies at Broad River Road Complex (BRRC);
- 5) Compliance with Security policies at evaluation centers;
- 6) Recruiting Correctional Officers;
- 7) Turnover among Correctional and Detention officers;
- 8) Juvenile Correctional Officers Salaries;
- 9) DJJ Office of Inspector General;
- 10) Capital Assets;
- 11) Retirement Incentive and Voluntary Separation Programs;
- 12) Education;

Under the Broad River Road Complex Facilities topic, the Oversight Subcommittee and agency, agree with one of the three recommendations, Recommendation #17.

Under the Performance-based Standards (PbS) topic, the Oversight Subcommittee and agency, agree with three of the four recommendations, Recommendations #63, #64, and #66.

Under the Retirement System Eligibility topic, the Oversight Subcommittee and agency agree with audit recommendation #45 which states the agency should complete a comprehensive review of all staff, including the S.C. Board of Juvenile Parole personnel, regarding retirement system eligibility based on requirements of state law.

To avoid duplication of efforts, the Oversight Subcommittee suggests providing Recommendations #42 through #44 to the Joint Committee on Pension Systems Review, as these recommendations relate to potential amendments of state laws that may have a significant impact on the state's pension systems.

## *Internal Changes Made at the Agency During the Study Process*

The Subcommittee finds as a result of the efforts of the House, Senate, Governor's Office, State Inspector General, Legislative Audit Council, and Agency personnel, the agency made numerous changes seeking improvement since February 2015; these changes are detailed in Attachment A.<sup>52</sup> While the agency is continuing to make changes, seeking improvement, there is an inherent risk in what the agency is tasked to do. Further, there is no guarantee the changes already made, or those planned to be made, will prevent all future potential harm or solve all issues at the agency. The Subcommittee respects all of the agency employees and volunteers who are dedicated to the mission of rehabilitating juveniles.

## *Recommendations*

### *Generally*

The following recommendations include areas identified for potential improvement by the Subcommittee. The Subcommittee recognizes these recommendations will not satisfy everyone nor address every issue or potential area of improvement at the agency. These recommendations are based on the agency's self-analysis requested by the full Committee, discussion with the agency during multiple meetings with the Subcommittee, and analysis of the information obtained by the Subcommittee. This information, including but not limited to the Staff Study, Program Evaluation Report, Accountability Report, Restructuring Report and videos of meeting with the agency, can all be found on the Committee's website.

### *Continue*

The Subcommittee does not have any specific recommendations with regards to continuance of agency programs.

### *Revise (Curtail or Enhance)*

The Subcommittee recommends the following revisions to the agency's internal operations and funding:

- **Update case manager policies** - DJJ require case managers to enter activity notes related to the juveniles in the Juvenile Justice Management System.<sup>53</sup>
- **Determine and eliminate duplication in case manager activities** - DJJ provide a list of the tools case managers need to avoid duplication in performing their job duties along with the associated costs and a potential time frame to provide these tools.<sup>54</sup>
- **Review appropriateness of agency employee's membership in state retirement systems** - DJJ request the Public Employee Benefit Authority (PEBA) analyze DJJ employees' membership in state retirement systems (e.g., South Carolina State Retirement System and Police Officers Retirement System) to determine appropriateness of employee participation in one system or another.<sup>55</sup>
- **Cite to source of data when providing information** - DJJ include a citation (e.g., footnote or endnote) when providing data or statistics to legislators or others. In this citation, the agency may explain the following: (1) source of the information, (2) search parameters; and (3) any other necessary contextual information to assist the reader.<sup>56</sup>

Information included in the quarterly updates may include: (1) updated strategic plan, in which each objective meets the S.M.A.R.T. criteria; (2) updated strategic budget chart for 2016-17 and 2017-18, with agency funding

### **Member Statement for the Full Committee Study of the Department of Juvenile Justice**

As Subcommittee Chair, the purpose of this statement is to provide an update on the agency's implementation of recommendations from the January 2017 audit of the agency by the Legislative Audit Council. On page 10 of the Subcommittee Study is a list of recommendations in which the agency agreed. In addition to these recommendations, I am pleased to note the agency is also in agreement with recommendation #37 and #65 and is in the process of implementing these recommendations along with the other recommendations in which there is agreement.

Another purpose of this statement is to provide notice to my colleagues of legislation I filed based on information ascertained by the Law Enforcement and Criminal Justice Subcommittee during its study of the Department of Juvenile Justice. On February 23, 2017, I filed H.3438, legislation requiring the Department of Juvenile Justice to report child deaths to a county corner and law enforcement with criminal penalties for failure to make such reports. Co-sponsors of this legislation include Representative Bill Hixon, Representative Katie Arrington, and Representative Kirkman Finlay. The bill is pending in the House Judiciary Committee.
