Q1: Please share any comments, suggestions or concerns you may have about these agencies. Please note your responses may be included verbatim in a Committee report, which may be posted online.

Retirement System Investment Commission

The long awaited Chief Investment Officer job posting will be accepting applications through the end of September 2016. The next Investment Commission meeting is on September 22, 2016. The timing of the CIO search coupled with the extended acceptance window appears to a tactical move by RSIC's leadership and human resources to allow the current Acting CIO, Geoffrey Berg, an additional two months of experience prior to the November 17th meeting. Mr. Berg has not generated strong performance in the past year, as well as does not meet all the qualifications (namely, education requirements and years of experience) listed on the job posting. The LOC should question these hiring tactics. It is in the best interest of all stakeholders that an experienced, independent CIO is hired to save the Plan.
