AGENCY'S DISCUSSION AND ANALYSIS

The State Treasurer's Office manages approximately \$52.3 billion on behalf of the State and local governments. While focusing on modernizing business operations, South Carolina Treasurer Curtis Loftis works to ensure that the State Treasurer's Office (STO) provides the best in efficient banking, investment and financial management services. Inaugurated for his third term in office in January 2019, the Treasurer continues to promote a progress driven environment of openness, transparency and accountability in government.

This spring, when the COVID-19 global pandemic forced State office closures, the State Treasurer's Office easily achieved the rapid adjustments necessary to carry on business processes uninterrupted. The agency continued to maintain its business processes throughout the COVID-19 pandemic to ensure that all operations were fully functioning. The State Treasurer's Office accomplished this seamless transition through a thoroughly vetted and tested Business Continuity Plan and a highly adaptable staff who share Treasurer Loftis' commitment to public service.

This document serves as a review of the responsibilities and accomplishments of the State Treasurer's Office for fiscal year 2019-2020.

- The State Treasurer's Office serves as the State's Bank, receiving, disbursing and managing funds from all sources.
- The State Treasurer's Office coordinates all banking services and structures and administers the State's debt.
- The State Treasurer's Office is responsible for the investment, cash management and safekeeping of the State's General Fund and restricted funds as well as the Local Government Investment Pool.
- The State Treasurer's Office works and communicates regularly with the three major bond rating firms to maintain high credit ratings that keep the State's borrowing costs low.
- The State Treasurer's Office administers four consumer-facing programs: the Unclaimed Property Program, the Future Scholar 529 College Savings Program, the SC Tuition Prepayment Program and the Palmetto ABLE Savings Program.

The State Treasurer's Office has four major program areas: **Treasury Management, Banking & Investments, Debt Management and Programs.**

Banking & Investments. The Banking & Investments Division manages relationships with the qualified public depository banks that provide banking services to the State of South Carolina's state agencies, colleges and universities in order to support receipt and disbursement of funds, including specialized services for merchant payment cards and merchant card processing (in accordance with South Carolina Code of Laws Sections 11-13-120, 11-13-125, and 11-13-60).

AGENCY NAME:	State Treasurer's Office		
AGENCY CODE:	E160	SECTION:	98

In order to maximize funds available for investment, the division performs effective daily cash management functions and monitors bank balances to ensure State funds on deposit are protected with FDIC coverage or are properly collateralized (in accordance with South Carolina Code of Laws Sections 11-13-60 and 6-5-15).

The division currently manages approximately \$24.2 billion for both the State of South Carolina and local governments (LGIP) (in accordance with South Carolina Code of Laws Section 11-9-660), with the priorities of preserving capital, maintaining liquidity and obtaining the best return within the appropriate risk parameters. General Deposit Accounts (State portfolios including the State Pool and the General Fund) are available funds that are necessary to maintaining liquidity and preserving capital. Unlike long-term investments, their cash flows are invested for short periods of time. Gross earnings on General Deposit Accounts' investments and LGIP totaled approximately \$480.1 million in the 2019-2020 fiscal year, of which approximately \$122 million represents General Fund earnings available for legislative appropriation.

Through the Coronavirus Relief Fund, the CARES Act provided assistance for State, Local and Tribal Governments navigating the impact of the COVID-19 pandemic. The Banking & Investments division was responsible for obtaining the best return within the appropriate risk parameters of South Carolina's \$1.9 billion allocation of COVID-19 related funding.

Treasury Management. The Treasury Management Division is responsible for managing Statewide Accounting and Investment Accounting. Treasury Management duties include the daily accounting for cash operations of the State, payroll processing and other disbursements on behalf of the State, administration of Aid to Subdivisions, collection and remittance of court fines and reconciliation of bank accounts (in accordance with South Carolina Code of Laws Title 11, Chapters 3, 5, and 13 and Title 14, Chapter 1).

For fiscal year 2019-2020, the Division received and disbursed approximately \$35 billion in funds, including approximately 5.32 million disbursements, consisting of approximately 2.15 million paper checks, of which almost 1.3 million were for tax rebate checks and approximately 3.17 million electronic payments. Treasury Management also made 183,445 deposits on behalf of the State.

One of Treasurer Loftis' key priorities is reducing the State's reliance on paper checks. During fiscal year 2019-2020, the agency made significant progress towards this goal with the implementation of the CashPay Payroll Card program and ACH electronic payments. The CashPay Payroll Card replaces paper payroll checks for state employee compensation, and ACH electronic payments replace paper checks for vendor payments, affording more secure, timely and cost-effective methods than paper checks can provide. To date, approximately 70% of agencies have eliminated paper payroll checks.

Progress was also made concerning the remaining usage of paper checks. Following the Department of Administration's decision to discontinue check printing, the Treasurer's Office engaged a secure check printing facility. Process enhancements as a result of this change eliminated the need for inter-agency couriers. This change reflected Treasurer Loftis' commitment to continuous process improvement and further reduced the risk of fraud. The new system also helped preserve the health and safety of employees during the COVID-19 pandemic.

Debt Management. The Debt Management Division manages the debt for the State and its agencies, institutions, and authorities (in accordance with South Carolina Code of Laws Titles 11, 57, and 59). Debt Management optimizes the debt structure and ensures timely repayment of debt when it is due. During the fiscal year, the State Treasurer's Office assisted agencies in the issuance of debt for the purposes of academic and housing construction, economic development and refinancing.

AGENCY NAME:	State Treasurer's Office		
AGENCY CODE:	E160	SECTION:	98

In total, the State issued \$604.6 million in general obligation and revenue debt, of which the State will achieve approximately \$38.8 million in refinancing savings from the refunded issues during Fiscal Year 2019-20. Further, the State maintained its excellent credit ratings with Moody's, S&P and Fitch as Aaa, AA+, and AAA, respectively.

Programs. The Programs Division administers the consumer facing programs of the State Treasurer's Office which includes Unclaimed Property, Future Scholar 529 College Savings, SC Tuition Prepayment Program and Palmetto ABLE Savings Programs.

Unclaimed Property Program. The Unclaimed Property Program manages over \$689 million in unclaimed property. In fiscal year 2019-2020, the Program returned more than \$33.4 million in unclaimed property to its rightful owners (in accordance with South Carolina Code of Laws Title 27, Chapter 18), representing the return of 75,505 properties. The Program also received approximately \$78.4 million in new unclaimed property from business entities.

Each year, the State Treasurer's Office calculates the refund liability of the Unclaimed Property Program, which was \$244.3 million as of June 30, 2020. The State Treasurer's Office then determines what amount is available to transfer to the General Fund. In fiscal year 2019-2020, \$15 million was transferred.

Future Scholar 529 College Savings Program. Future Scholar is South Carolina's tax-advantaged 529 college savings plan, providing families with a smart, easy way to save for college (in accordance with Section 529 of the Internal Revenue Code and South Carolina Code of Laws Title 59, Chapters 2 and 4). At the end of the fiscal year, Future Scholar had approximately \$4.33 billion in assets under management of the program's 188,267 accounts, representing an almost 9% year over year increase in accounts. Once again, Future Scholar's Direct plan received top accolades from Morningstar and was recognized by third-party research firm SavingforCollege.com as a national leader. Future Scholar's Direct and Advisor programs ranked in the top quartile in the nation for investment performance for three and five-year returns, and the Direct plan was ranked as the lowest-cost plan in the country.

In Fall 2019, the State Treasurer's Office launched the SC Financial Literacy Master Teacher program, which provides K-12 teachers with specialized training and education in financial literacy curriculum. The 12-month program offers training, certification and financial incentives to teachers who are experts in the area of financial literacy and have a desire to build upon their expertise and lead professional development workshops for other educators in their schools and districts.

SC Tuition Prepayment Program. Although the General Assembly closed the Tuition Prepayment Program (TPP) to new participants in 2008, 2,374 contracts are still in force with tuition benefits available. The Program has been operating under an actuarial deficit since 2001. The State Treasurer's Office receives an annual actuarial report that tracks the Program's unfunded liability and keeps the General Assembly apprised of the ongoing legislative financial obligation to the Program. The report is available on the agency's website and provided to appropriate members of the General Assembly.

As of the end of fiscal year 2019-2020, the Tuition Prepayment Program continues to have an unfunded liability of approximately \$31.5 million. The substantial unfunded liability has created an urgent need for additional funds to be appropriated by the General Assembly. Without legislative action, the Tuition Prepayment Program is projected to be depleted of assets and unable to fund tuition payments beginning with the spring semester in 2023.

Palmetto ABLE Savings Program. The Palmetto ABLE Savings Program was launched by the State Treasurer's Office in November of 2017, allowing individuals with disabilities the opportunity to save and invest money without jeopardizing existing government benefits such as Medicaid and Supplemental Security Income (SSI). More than 1,380 accounts have been opened as of June 30, 2020, with \$8.2 million in assets under management. The STO utilizes partnerships with other agencies, non-profits and organizations supporting the disability community to educate the public of the benefits of the Palmetto ABLE Savings Program.

Risk Assessment and Mitigation Strategies

The State Treasurer's Office maintains a thoroughly vetted and tested Business Continuity Plan in order to maintain ongoing processes and provide stable remote access throughout any event which presents a potential threat to the agency's business operations. The agency benefitted from the Business Continuity Plan during State office closures caused by the COVID-19 global pandemic.

The State Treasurer's Office has also identified potential negative impacts on the State and the public that would result if Agency goals and objectives were not met. The top three items and the appropriate mitigation strategies are identified below.

Treasury Management. Without accurate and timely recording, monitoring, and reporting of all cash activity, assurance of accurate payroll and vendor payments would be compromised. Increased focus on accounting controls, enhanced reconciliation practices and improved reporting and monitoring of all cash activity will ensure an accounting is made of all monies deposited and withdrawn within the Treasury to avoid negative impacts on state employees, customers and vendors.

Banking. Without adequate banking security measures, fraud would potentially increase. Inaccuracy in the State's banking data could lead to inaccurate decision-making for State agencies. Bank-provided fraud detection tools will be utilized by all bank partners to deter fraud and protect funds on deposit with the State Treasurer's Office for all qualified public depositories.

Investment Management. If the Investment Management Division were not able to obtain the best returns possible within the prescribed parameters, the State would ultimately receive less investment income, which would negatively impact revenue to the General Fund, state agencies, colleges and universities and participating local governments. Within the appropriate risk and statutory parameters, the State Treasurer's Office reviews investment strategy and portfolio performance to identify opportunities for improvement and strives to meet or exceed applicable benchmarks in order to obtain optimal returns.
