1. Cite the authorization by which the agency has the authority to carry forward the funds.

Proviso 33.16- – Carry Forward: The Department of Health and Human Services is authorized to carry forward and expend any General Fund balance and any cash balances from the prior fiscal year into the current fiscal year for any earmarked or restricted trust and agency, or special revenue account or subfund. The department shall submit a comprehensive reporting of all cash balances brought forward from the prior fiscal year. The report shall, at a minimum, for each account or subfund include the following: the statutory authority that allows the funds to be carried forward, the maximum authorized amount that can be carried forward, the general purpose or need for the carry forward, the specific source(s) of funding or revenue that generated the carry forward, and a detailed description of any pending obligations against the carry forward. The report must be submitted to the President of the Senate, Chairman of the Senate Finance Committee, Speaker of the House of Representatives, and Chairman of the House Ways and Means Committee, within fifteen days after the Comptroller General closes the fiscal year.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

The agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements for purposes of enhancing and strengthening home and community- based services (HCBS) and supporting state COVID-19-related HCBS needs. The American Rescue Plan Act (ARPA) allows until March 31, 2025, for the funds to be expended.

3. Please describe the key expenditures of this fund.

The state is using these funds to supplement and not supplant existing state funds expended for Medicaid Home and Community Based Services (HCBS).

4. Please provide a description of the source(s) of funding for this account.

The funding source for this account is Section 9817 of the American Rescue Plan Act (ARPA). This plan outlines key spending priorities that will enhance and strengthen home and community-based services (HCBS) and support state COVID-19-related HCBS needs.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

SC Code of Laws Section 63-11-1750 Funding: A separate fund must be established to accept nongovernmental grants, gifts, and donations from any public or private source for the South Carolina BabyNet Program. Each donor may designate up to one-half of their contribution to specific counties or a county. Both the designated and undesignated funds may be used to meet the local match required in this fund in the same manner as other funds under his control are invested and all interest derived from the investment of these funds shall remain in the fund. The South Carolina BabyNet Program Board of Trustees shall administer and authorize any disbursements from the fund. Private individuals and groups must be encouraged to contribute to this endeavor.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

Generally, the agency does not carry forward a balance greater than one-twelfth.

3. Please describe the key expenditures of this fund.

Donations from public and private donors to support the BabyNet Program.

4. Please provide a description of the source(s) of funding for this account.

Funds are received from public and private donors for the South Carolina BabyNet Program.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

Proviso 33.16- – Carry Forward: The Department of Health and Human Services is authorized to carry forward and expend any General Fund balance and any cash balances from the prior fiscal year into the current fiscal year for any earmarked or restricted trust and agency, or special revenue account or subfund. The department shall submit a comprehensive reporting of all cash balances brought forward from the prior fiscal year. The report shall, at a minimum, for each account or subfund include the following: the statutory authority that allows the funds to be carried forward, the maximum authorized amount that can be carried forward, the general purpose or need for the carry forward, the specific source(s) of funding or revenue that generated the carry forward, and a detailed description of any pending obligations against the carry forward. The report must be submitted to the President of the Senate, Chairman of the Senate Finance Committee, Speaker of the House of Representatives, and Chairman of the House Ways and Means Committee, within fifteen days after the Comptroller General closes the fiscal year.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

With the support of the General Assembly, the agency has set a target minimum of 3% reserves of current year appropriations for increases in enrollment and/or unexpected increases in health care costs for Medicaid beneficiaries.

As a result of the 6.2% increase in the FMAP under the Families First Coronavirus Response Act (FFCRA), SC DHHS reserves have increased. Once the PHE ends the state is allowed to resume eligibility redeterminations that will likely take 12 to 18 months to complete. After the PHE ends SC DHHS will no longer be eligible for the additional FMAP. The state will continue to incur costs for additional beneficiaries that may no longer meet Medicaid eligibility criteria. The increase in reserves experienced during the PHE will be used to fund these additional beneficiaries until the redetermination process is completed.

3. Please describe the key expenditures of this fund.

These funds are for Medicaid Expenditures.

4. Please provide a description of the source(s) of funding for this account.

Source of funds are unobligated matching funds.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

Proviso 33.1 – Recoupment/Restricted Fund: The Department of Health and Human Services shall recoup all refunds and identified program overpayments and all such overpayments shall be recouped in accordance with established collection policy. Further, the Department of Health and Human Services is authorized to maintain a restricted fund, on deposit with the State Treasurer, to be used to pay for liabilities and improvements related to enhancing accountability for future audits. The restricted fund will derive from prior year program refunds. The restricted fund shall not exceed one percent of the total appropriation authorization for the current year. Amounts in excess of one percent will be remitted to the general fund.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

This account is used to accumulate the state portion of prior year refunds for use in satisfying audit liabilities resulting from deferrals, disallowances, and uncollected accounts receivables due to the federal government within 365 days (such as nursing home receivables resulting from audits). Due to the potential size of our disallowances, this balance is necessary to prevent requests to the General Assembly to fund disallowances. Funding in this account is not generated at a consistent rate and the carry forward provision allows for the accumulation of balances sufficient to handle our sizable disallowances and receivables not collected within 365 days.

3. Please describe the key expenditures of this fund.

Expenditures for the current year would be for payment of liabilities due to disallowances, deferrals, or uncollected accounts receivables due to the federal government. These amounts do not post as an expenditure but as a reduction of revenue when posted to the federal account.

4. Please provide a description of the source(s) of funding for this account.

The source of funding for this account is the state portion of prior year refunds less expenditures for the Third-Party Liability, Drug Rebate, Medicaid eligibility determination and Fraud and Abuse Programs and is transferred to this subfund from fund 35047000 where all state refunds are deposited.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

This subfund administers the provisions of Section 44-6-146(A): "Every fiscal year the State Treasurer shall withhold from the portion of the Local State Government Fund allotted to the counties; a sum equal to fifty cents per capita based on the population of the several counties as shown by the latest official census of the United States. The money withheld by the State Treasurer must be placed to the credit of the commission and used to provide Title XIX (Medicaid) Services."

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

Generally, the agency does not carry forward a balance greater than one-twelfth.

3. Please describe the key expenditures of this fund.

These funds are for Medicaid Services.

4. Please provide a description of the source(s) of funding for this account.

Funds are allocated from the Local Government Fund through the State Treasurer's Office.

Proviso 33.16- – Carry Forward: The Department of Health and Human Services is authorized to carry forward and expend any General Fund balance and any cash balances from the prior fiscal year into the current fiscal year for any earmarked or restricted trust and agency, or special revenue account or subfund. The department shall submit a comprehensive reporting of all cash balances brought forward from the prior fiscal year. The report shall, at a minimum, for each account or subfund include the following: the statutory authority that allows the funds to be carried forward, the maximum authorized amount that can be carried forward, the general purpose or need for the carry forward, the specific source(s) of funding or revenue that generated the carry forward, and a detailed description of any pending obligations against the carry forward. The report must be submitted to the President of the Senate, Chairman of the Senate Finance Committee, Speaker of the House of Representatives, and Chairman of the House Ways and Means Committee, within fifteen days after the Comptroller General closes the fiscal year.

This fund is used to account for the matching funds transferred from state and other eligible providers participating in Medicaid contracts and services.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

These funds are transferred to the Department by other state entities or other eligible providers and are expended on a yearly basis for Medicaid contracts and services. Any carry forward is due to timing of receipt of match for a new fiscal year that is received in prior year. Without this carry forward, the Department would be unable to fund these contracts and services at the beginning of the State Fiscal Year.

3. Please describe the key expenditures of this fund.

Expenditures represent Medicaid contracts and services.

4. Please provide a description of the source(s) of funding for this account.

Funds are received from state and other eligible providers as match for Medicaid federal funding.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

Proviso 33.4 – Third Party Liability Collection: The Department of Health and Human Services is allowed to fund the net costs of any Third-Party Liability and Drug Rebate collection efforts from the monies collected in that effort.

Proviso 33.8 – Fraud and Abuse Collections: The Department of Health and Human Services may offset the administrative costs associated with controlling fraud and abuse.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

Actual collections are received in Fund 35040000 and transferred to this fund as needed to fund Third Party Liability, Drug Rebate, Fraud and Abuse activities and Medicaid services. Because collections are not consistent through the year, one-twelfth of the expenditures may not be sufficient to cover monthly costs actually incurred. Use of this carry forward reduces the need for state appropriated dollars to fund these activities.

3. Please describe the key expenditures of this fund.

Administrative expenditures for the Third-Party Liability, Drug Rebate, Fraud and Abuse programs and Medicaid services are funded through this fund. These expenditures include salary, fringe, supplies, equipment, contractual services, etc.

4. Please provide a description of the source(s) of funding for this account.

Sources of funding for these programs are from Third Party Liability, Fraud and Abuse and Drug Rebate collections.

This fund must be separate and distinct from the general fund. These funds are supplementary and may not be used to replace general funds appropriated by the General Assembly or other funds used to support Medicaid.

SC Code of Laws Section 44-6-146: (B) County governments are assessed an additional thirteen million dollars annually for use as matching funds for Medicaid services. Of these funds, seven and a half million dollars must be deposited into the Medicaid Expansion Fund created by Section 44-6-155.

This subfund is used to account for \$5.5 million of the \$13 million pursuant to Section 44-6-155 received from counties to be used as Medicaid matching funds.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

Generally, the agency does not carry forward a balance greater than one-twelfth.

The governing authority of each county shall provide office space and facility service for this function as they do for DSS functions under Section 43-3-65. With funds available to the department and by November first, the Director of the Department of Health and Human Services shall provide the governing authority and the legislative delegation of each county with information on the condition of space furnished for this purpose and shall specifically identify any known deficiencies with respect to the accessibility requirements of the Americans with Disabilities Act (ADA). By May first, the governing authority of any county with an identified ADA-related deficiency shall report to its legislative delegation and the Director of the Department of Health and Human Services on its progress in correcting such deficiency.

Proviso 33.16- – Carry Forward: The Department of Health and Human Services is authorized to carry forward and expend any General Fund balance and any cash balances from the prior fiscal year into the current fiscal year for any earmarked or restricted trust and agency, or special revenue account or subfund. The department shall submit a comprehensive reporting of all cash balances brought forward from the prior fiscal year. The report shall, at a minimum, for each account or subfund include the following: the statutory authority that allows the funds to be carried forward, the maximum authorized amount that can be carried forward, the general purpose or need for the carry forward, the specific source(s) of funding or revenue that generated the carry forward, and a detailed description of any pending obligations against the carry forward. SC Code of Laws Section 44-6-470: Any use of funds collected by the department as a result of the imposition of civil monetary penalties or other enforcement actions must be for a purpose related to the protection of the health and property of residents of nursing homes that participate in the Medicaid program. These funds may be used for the cost of relocating residents to other nursing homes, if necessary, and also may be used to reimburse residents for personal funds lost as a result of violations of the requirements for participation in the Medicaid program by the nursing home. In addition, these funds may be used for other costs directly associated with enforcement or corrective measures at facilities found to be out of compliance with the requirements for participation in the Medicaid program or for any other purpose that enhances or improves the health and quality of life for residents. These requirements for the use of funds collected also apply to funds received by the department that are collected as the result of enforcement actions directed by federal authorities

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

Nursing facilities are surveyed by the Department of Health and Environmental Control (DHEC) to assure the facilities are meeting standards for conditions of participation. If a nursing home is out of compliance, DHEC may impose a Civil Money Penalty (CMP).

Federal law as stated in 42 CFR Part 488.442 mandates that CMPs collected by the State must be applied to the protection of the health or property of residents of facilities that the State or CMS finds non-compliant, such as (1) payment for the cost of relocating residents to other facilities; (2) state costs related to the operation of a facility pending correction of deficiencies or closure; and (3) reimbursement of residents for personal funds or property lost at a facility as a result of action by the facility or by individuals used by the facility to provide services to residents.

These funds are obligated for this purpose and should be maintained to assure that funds are available should the need arise to relocate patients or to maintain operation of a facility pending corrective action. If adequate funding were not available, the Department would

have to request funding from the State General Fund to fund the cost of a nursing facility closure. This is not a consistent monthly need; therefore, one-twelfth carry forward may not be sufficient in the event of a home closure.

3. Please describe the key expenditures of this fund.

Expenditures are related to nursing home contracts for training and testing costs.

4. Please provide a description of the source(s) of funding for this account.

These funds come from the collection of fees and fines because of nursing home sanctions imposed by the Center of Medicare and Medicaid Services.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

SC Code of Laws Section 44-6-470: Any use of funds collected by the department as a result of the imposition of civil monetary penalties or other enforcement actions must be for a purpose related to the protection of the health and property of residents of nursing homes that participate in the Medicaid program. These funds may be used for the cost of relocating residents to other nursing homes, if necessary, and also may be used to reimburse residents for personal funds lost as a result of violations of the requirements for participation in the Medicaid program by the nursing home. In addition, these funds may be used for other costs directly associated with enforcement or corrective measures at facilities found to be out of compliance with the requirements for participation in the Medicaid program or for any other purpose that enhances or improves the health and quality of life for residents. These requirements for the use of funds collected also apply to funds received by the department that are collected as the result of enforcement actions directed by federal authorities

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

Nursing facilities are surveyed by the Department of Health and Environmental Control (DHEC) to assure the facilities are meeting standards for conditions of participation. If a nursing home is out of compliance, DHEC may impose a Civil Money Penalty (CMP).

Federal law as stated in 42 CFR Part 488.442 mandates that CMPs collected by the State must be applied to the protection of the health or property of residents of facilities that the State or CMS finds non-compliant, such as (1) payment for the cost of relocating residents to other facilities; (2) state costs related to the operation of a facility pending correction of deficiencies or closure; and (3) reimbursement of residents for personal funds or property lost at a facility as a result of action by the facility or by individuals used by the facility to provide services to residents.

These funds are obligated for this purpose and should be maintained to assure that funds are available should the need arise to relocate patients or to maintain operation of a facility pending corrective action. If adequate funding were not available, the Department would

have to request funding from the State General Fund to fund the cost of a nursing facility closure. This is not a consistent monthly need; therefore, one-twelfth carry forward may not be sufficient in the event of a home closure.

3. Please describe the key expenditures of this fund.

Expenditures are related to the Office of Inspector General Audit Recoveries

4. Please provide a description of the source(s) of funding for this account.

These funds come from the collection of fees and fines because of nursing home sanctions imposed by the Center of Medicare and Medicaid Services.

1. Cite the authorization by which the agency has the authority to carry forward the funds.

SC Code of Laws Section 44-6-155: (A) There is created the Medicaid Expansion Fund into which must be deposited funds: (1) collected pursuant to Section 44-6-146 and (2) collected pursuant to Section 12-23-810. This fund must be separate and distinct from the general fund. These funds are supplementary and may not be used to replace general funds appropriated by the General Assembly or other funds used to support Medicaid.

SC Code of Laws Section 44-6-146: (B) County governments are assessed an additional thirteen million dollars annually for use as matching funds for Medicaid services. Of these funds, seven and a half million dollars must be deposited into the Medicaid Expansion Fund created by Section 44-6-155.

SC Code of Laws Section 12-23-810: (C) Every hospital licensed as a general hospital by the Department of Health and Environmental Control is subject to the payment on an excise, license or privilege tax. Each hospital's tax must be based on the total expenditures of each hospital as a percentage of total hospital expenditures statewide. Total annual revenues from the tax, exclusive of penalties and interest, in subsection (A) of this section must equal two hundred sixty-four million dollars.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

These funds are earmarked for the Medicaid Expansion program and carry forward is due to the timing of the receipt of funds from the Department of Revenue. The agency is required to expend the total amount of two hundred and sixty-four million dollars annually. The increase in the tax amount was the result of a change in state law. The Department of Revenue does send the funds for July of the new state fiscal year to the agency in June of the prior year, which results in carry forward, but by law, these funds cannot be expended in the prior year.

3. Please describe the key expenditures of this fund.

These funds are for Medicaid expenditures.

4. Please provide a description of the source(s) of funding for this account.

Revenues are received from assessments on county governments and excise, license, or privilege taxes imposed on licensed hospitals.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

The agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements for purposes of maintaining funds for unexpected increases in enrollment and/or health care costs for Medicaid beneficiaries.

As a result of the 6.2% increase in the FMAP under the Families First Coronavirus Response Act (FFCRA), SC DHHS reserves have increased. Once the PHE ends the state is allowed to resume eligibility redeterminations that will likely take 12 to 18 months to complete. After the PHE ends SC DHHS will no longer be eligible for the additional FMAP. The state will continue to incur costs for additional beneficiaries that may no longer meet Medicaid eligibility criteria. The increase in reserves experienced during the PHE will be used to fund these additional beneficiaries until the redetermination process is completed.

3. Please describe the key expenditures of this fund.

These funds are for Medicaid expenditures.

2. Please describe in detail why the agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements (other than it is required by law).

The agency needs to carry forward a balance greater than one-twelfth of the funds identified as disbursements for purposes of enhancing and strengthening home and community- based services (HCBS) and supporting state COVID-19-related HCBS needs. The American Rescue Plan Act (ARPA) allows until March 31, 2025, for the funds to be expended.

3. Please describe the key expenditures of this fund.

The state is using these funds to supplement and not supplant existing state funds expended for Medicaid Home and Community Based Services (HCBS).

4. Please provide a description of the source(s) of funding for this account.

The funding source for this account is Section 9817 of the American Rescue Plan Act (ARPA). This plan outlines key spending priorities that will enhance and strengthen home and community-based services (HCBS) and support state COVID-19-related HCBS needs.
