

PART IB

OPERATION OF STATE GOVERNMENT

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: DHEC - Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

1.3. (SDE: EFA Formula/Base Student Cost Inflation Factor) To the extent possible within available funds, it is the intent of the General Assembly to provide for one hundred percent of full implementation of the Education Finance Act to include an inflation factor projected by the Revenue and Fiscal Affairs Office to match inflation wages of public school employees in the Southeast. The base student cost for the current fiscal year has been determined to be ~~\$2,220~~ \$2,350. For the current fiscal year, the total pupil count is projected to be ~~714,394~~ 723,953. The average per pupil funding is projected to be ~~\$5,536~~ \$5,827 state, ~~\$1,185~~ \$1,245 federal, and ~~\$5,371~~ \$5,542 local. This is an average total funding level of ~~\$12,092~~ \$14,210 excluding revenues of local bond issues. For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a public charter school shall receive and distribute state EFA funds to the charter school as determined by one hundred percent of the current year's base student cost, as funded by the General Assembly multiplied by the weighted students pupils enrolled in the charter school, which must be subject to adjustment for student attendance.

The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections, including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also, as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office, shall also post on their website the one hundred thirty-five day average daily membership for each school district and per pupil state, federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the projected numbers and the exact numbers.

For the current fiscal year, the pupil classification weightings are as follows:

(1) K-12 pupils or base students including homebound students 1.00

Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section 44-7-130 of the 1976 Code shall receive a weighting of 2.10.

1	(2) Weights for students with disabilities as prescribed in Section 59-20-40(1)(c) Special Programs	
2	(3) Precareer and Career Technology	1.29
3	(4) Additional weights for personalized instruction:	
4	(A) Gifted and Talented	0.15
5	(B) Academic Assistance	0.15
6	(C) Limited English Proficiency	0.20
7	(D) Pupils in Poverty	0.20
8	<u>(E) Dual Credit Enrollment</u>	<u>0.15</u>

9 No local match is required for the additional weightings for personalized instruction in school year ~~2015-16~~ 2016-17. Charter
 10 school per pupil calculations for locally sponsored charters will continue to be calculated according to Section 59-40-140 of the 1976
 11 Code. Students may receive multiple weights for personalized instruction; however, within each weight, students should only be
 12 counted once. These weights are defined below:

13 Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled
 14 in Advanced Placement (AP) and International Baccalaureate (IB) courses in high school. Districts shall set-aside twelve percent of
 15 the funds for serving artistically gifted and talented students in grades three through twelve.

16 Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or
 17 both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The
 18 additional weight generates funds needed to provide additional instructional services to these students.

19 Students with limited English proficiency are students who require intensive English language instruction programs and whose
 20 families require specialized parental involvement intervention.

21 Students identified for dual credit enrollment must be identified in PowerSchool as taking a course that will lead to both high
 22 school credit and post-secondary credit. Districts must assist students in accessing Lottery Tuition Assistance when applicable.

23 For the ~~2015-16~~ current school year, ~~students in poverty will continue to be defined as students eligible for free/reduced lunch~~
 24 ~~and/or Medicaid. The~~ the Department of Education will continue to use counts from the ~~2013-14~~ prior school year to determine
 25 poverty funding for the add-on weighting. ~~The department shall report on the effects USDA community certification have had on~~
 26 ~~the ability for individual districts to report their poverty rate no later than October 1, 2015, and shall provide recommendations on~~
 27 ~~using poverty data from the United States Census Bureau to calculate a district's poverty allocation in lieu of direct certification to~~
 28 ~~the Governor, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee. The~~
 29 Department of Education will continue to work with school districts to determine students eligible for the poverty add-on using the
 30 data elements used to determine USDA community eligibility to be used in future years.

31 Further, the Department of Education may use school district student counts for personalized instruction as collected in the same
 32 manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate
 33 the school district add on weightings for the personalized instruction classifications and the determination of the school districts
 34 monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five day student average daily membership
 35 for all classifications. During the current fiscal year the department will update PowerSchool calculations, reports, screen
 36 development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation

1 adjustments by June 30, ~~2016~~ 2017. The department must provide districts with technical assistance with regard to student count
2 changes in PowerSchool.

3 **1.4.** (SDE: EFA - Formula) The amount appropriated in Part IA, Section 1 for “Education Finance Act” shall be the maximum
4 paid under the provisions of Act 163 of 1977 (the South Carolina Education Finance Act of 1977) to the aggregate of all recipients.
5 The South Carolina Education Department shall develop formulas to determine the state and required local funding as stipulated in
6 the South Carolina Education Finance Act of 1977. Such formulas shall require the approval of the State Board of Education and
7 the State Fiscal Accountability Authority. After computing the EFA allocations for all districts, the department shall determine
8 whether any districts’ minimum required local revenue exceeds the districts’ total EFA Foundation Program. When such instance is
9 found, the department shall adjust the index of taxpaying ability to reflect a local effort equal to the cost of the districts’ EFA
10 Foundation Program. The districts’ weighted pupil units are to be included in determination of the funds needed for implementation
11 of the Education Finance Act statewide.

12 In the event that the formulas as devised by the Department of Education and approved by the State Board of Education and the
13 State Fiscal Accountability Authority should provide for distribution to the various school districts totaling more than the amount
14 appropriated for such purposes, subject to the provisions of this proviso, the Department of Education shall reduce each school district
15 entitlement by an equal amount per weighted pupil so as to bring the total disbursements into conformity with the total funds
16 appropriated for this purpose. If a reduction is required in the state’s contribution, the required local funding shall be reduced by the
17 proportionate share of local funds per weighted pupil unit. The Department of Education shall continually monitor the distribution
18 of funds under the provisions of the Education Finance Act and shall make periodic adjustments to disbursements to ensure the
19 aggregate of such disbursements do not exceed the appropriated funds.

20 Local districts shall not be mandated or required to inflate the base number in their respective salary schedules by any percentage
21 greater than the percentage by which the appropriated base student cost exceeds the appropriated base student cost of the prior fiscal
22 year.

23 **1.5.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein
24 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district
25 employee’s salary that is federally funded.

26 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each
27 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel
28 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service
29 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

30 The Department of Juvenile Justice and the Department of Corrections’ school districts must be allocated funds under the fringe
31 benefits program in accordance with criteria established for all school districts.

32 **1.6.** (SDE: Employer Contributions/Obligations) In order to finalize each school district’s allocations of Employer Contributions
33 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district’s allocation
34 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In
35 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover

1 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision's state funds
2 until such obligations are met.

3 **1.7.** (SDE: Governor's School for Science & Math) Any unexpended balance on June thirtieth of the prior fiscal year of funds
4 appropriated to or generated by the Governor's School for Science and Mathematics may be carried forward and expended in the
5 current fiscal year pursuant to the direction of the board of trustees of the school.

6 **1.8.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education
7 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides
8 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness
9 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located
10 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost
11 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided
12 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by
13 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing
14 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for
15 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the
16 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. This also applies to John de la Howe
17 School who also has the authority to seek reimbursement in any situation that the school district has participation in the placement
18 of the student. John de la Howe School shall be reimbursed the local district's local support per weighted pupil above the statewide
19 average base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance
20 Act. Participation will be evidenced by a written agreement from the IEP team or 504 team, written referral, or the school district
21 initiating the placement process. School districts providing the education shall notify the nonresident district in writing within forty-
22 five calendar days that a student from the nonresident district is receiving education services pursuant to the provisions of the proviso.
23 The notice shall also contain the student's name, date of birth, and disabling condition if available. If appropriate financial
24 arrangements cannot be effected between institutions of the state, including independent school districts under the authority of the
25 Department of Disabilities and Special Needs, and school districts, institutions receiving educational appropriations shall pay the
26 local base student cost multiplied by the appropriate pupil weighting. Children residing in institutions of state agencies shall be
27 educated with nondisabled children in the public school districts if appropriate to their educational needs. Such institutions shall
28 determine, on an individual basis, which children residing in the institution might be eligible to receive appropriate educational
29 services in a public school setting. Once these children are identified, the institution shall convene an IEP meeting with officials of
30 the public school district in which the institution is located. If it is determined by the committee that the least restrictive environment
31 in which to implement the child's IEP is a public school setting, then the school district in which the institution is located must
32 provide the educational services. However, that school district may enter into contractual agreements with any other school district
33 having schools located within a forty-five mile radius of the institution. The cost for educating such children shall be allocated in
34 the following manner: the school district where the child last resided before being placed in an institution shall pay to the school
35 district providing the educational services an amount equivalent to the statewide average of the local base student cost multiplied by
36 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act; the school district providing the

1 educational services shall be able to count the child for all funding sources, both state and federal. The institution and school district,
2 through contractual agreements, will address the special education and related services to be provided to students. Should the school
3 district wherein the institution is located determine that the child cannot be appropriately served in a public school setting, then the
4 institution may request a due process hearing pursuant to the procedures provided for in the Individuals with Disabilities Education
5 Act.

6 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local
7 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to
8 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to
9 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing
10 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the
11 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

12 The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all
13 required school records, including confidential records, are transferred from the sending to the receiving school within three working
14 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social
15 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a
16 psychological report on the child is available at the school district office) and any other records necessary for the appropriate
17 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate
18 permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure
19 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received
20 on a child.

21 **1.9.** (SDE: Instruction in Juvenile Detention Centers) It shall be the responsibility of the school district where a local juvenile
22 detention center is located to provide adequate teaching staff and to ensure compliance with the educational requirements of this
23 State. Students housed in local juvenile detention centers are to be included in the average daily membership count of students for
24 that district and reimbursement by the Department of Education made accordingly.

11 the District and/or County Boards of Education of the State upon the basis of the number of schools participating in the School Lunch
12 Program in each district during the prior school year. The travel expenses of the District and/or County School Lunch Supervisor

14 improving the School Lunch Program. These funds may not be used to supplement the salaries of school lunch supervisors. In the

33 School districts that do not maintain an internet website must transmit all information required by this provision to the Comptroller
34 General in a manner and at a time determined by the Comptroller General to be included on the internet website.

1 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
2 30, the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
3 Education to exercise its authority to grant waivers under Regulation 43-261.

4 **1.29.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,
5 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical
6 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to
7 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because
8 of the required Hazmat endorsement to their CDL.

9 **1.30.** (SDE: Budget Reduction) In compensating for any reduction in funding, local districts must give priority to preserving
10 classroom teachers and operations. Funding reductions should first be applied to administrative and non-classroom expenses before
11 classroom expenses are affected.

12 **1.31.** (SDE: Governor's School for the Arts and Humanities Carry Forward) Any unexpended balance on June thirtieth of the
13 prior fiscal year of funds appropriated to or generated by the Governor's School for the Arts and Humanities may be carried forward
14 and expended in the current fiscal year pursuant to the discretion of the Board of Trustees of the School.

15 **1.32.** (SDE: Governor's Schools' Fees) The South Carolina Governor's School for the Arts and Humanities and the South
16 Carolina Governor's School for Science and Mathematics are authorized to charge, collect, expend, and carry forward student fees
17 as approved by their respective Board of Directors. The purpose and amount of any such fees will be to maintain program quality in
18 both academics and residential support. No student will be denied admittance or participation due to financial inability to pay. The
19 respective Board of Directors shall promulgate administrative policy governing the collection of all student fees. Both schools shall
20 conspicuously publish a fee schedule on their respective websites.

21 **1.33.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may
22 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be
23 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General
24 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The
25 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.
26 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded
27 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

28 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent
29 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall
30 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel
31 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and
32 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on non-
33 instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the
34 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination
35 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as

1 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have
2 their experience credit negatively impacted because of a furlough implementation.

3 During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except
4 for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to,
5 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making
6 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only
7 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on
8 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may
9 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within
10 which the furlough occurs.

11 Each local school district must prominently post on the district's internet website and make available for public viewing and
12 downloading the most recent version of the school district's policy manual and administrative rule manual.

13 This proviso shall not abrogate the terms of any contract between any school district and its employees.

14 **1.34.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district
15 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to
16 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance
17 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds
18 distributed to the districts within the county.

19 **1.35.** (SDE: SCGSAH Certified Teacher Designation) Because of the unique nature of the South Carolina Governor's School
20 for the Arts and Humanities, the Charleston School of the Arts, and the Greenville County Fine Arts Center, the schools are authorized
21 to employ at its discretion noncertified classroom teachers teaching in the literary, visual and performing arts subject areas who are
22 otherwise considered to be appropriately qualified in a ratio of up to one hundred percent of the entire teacher staff.

23 **1.36.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or
24 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on
25 race or national origin.

26 **1.37.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and
27 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and
28 Human Services.

29 **1.38.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's
30 individual cumulative grade point average for grades nine through twelve on the student's report card.

31 **1.39.** (SDE: Lost & Damaged ~~Textbook~~ *Instructional Materials* Fees) Fees for lost and damaged ~~textbooks~~ *instructional*
32 *materials* for the prior school year are due no later than December first of the current school year when invoiced by the Department
33 of Education. The department may withhold ~~textbooks~~ *instructional materials* funding from schools that have not paid their fees by
34 the payment deadline.

35 **1.40.** (SDE: Education Finance Act Reserve Fund) There is created in the State Treasury a fund separate and distinct from the
36 General Fund of the State and all other funds entitled the Education Finance Act Reserve Fund. All unexpended general funds

1 appropriated to the Department of Education for the Education Finance Act in the current fiscal year shall be transferred to the
2 Education Finance Act Reserve Fund. In the event that the amount appropriated for the Education Finance Act is insufficient to fully
3 fund the base student cost as established by this act, revenues from the Education Finance Act Reserve Fund may be used to
4 supplement the funds appropriated. The General Assembly may make direct appropriations to this fund. All unexpended funds in
5 the Education Finance Act Reserve Fund and any interest accrued by the fund must remain in the fund and may be carried forward
6 into the current fiscal year.

7 **1.41.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from
8 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

9 **1.42.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school
10 age residing in licensed residential treatment facilities (RTFs) for children and adolescents ~~as defined under~~ *identified on the State*
11 *Qualified Providers list and meets the requirements of* Section 44-7-130 of the 1976 Code, (“students”) shall be entitled to receive
12 educational services from the school district in which the RTF is located (“facility school district”). The responsibility for providing
13 appropriate educational programs and services for these students, both with and without disabilities, who are referred, authorized, or
14 placed by the State is vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a
15 physician’s determination of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or
16 guardian of a student referred or placed in a RTF may consider the appropriateness of providing the student’s education program
17 virtually through enrollment in either the facility district’s virtual program, the South Carolina virtual school program provided
18 through the Department of Education (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School
19 District, or a virtual charter school authorized by an approved institute of higher education. This decision should be made jointly
20 with the best interest of the student and what is clinically indicated being considered.

21 A facility school district must provide the necessary educational programs and services directly to the student at the RTF’s facility,
22 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services
23 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical
24 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student’s enrollment in
25 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under
26 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the
27 educational services including enrolling the student, approving the student’s entry into a medical homebound instructional program,
28 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational
29 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational
30 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the
31 RTF’s facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational
32 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the
33 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

34 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting
35 for Homebound pupils of 2.10, as set forth in Section 59-20-40 of the 1976 Code and any eligible categorical and federal funds.
36 These funds may be retained by the facility school districts for the purpose of providing the educational programs and services

1 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the
2 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a
3 resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly
4 by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by
5 the facility school district for that student. However, the reimbursement rate may not exceed \$45 per student per day. Facility school
6 districts providing the educational services shall notify the resident district in writing within forty-five calendar days that a student
7 from the resident district is receiving educational services pursuant to the provisions of the proviso. Reimbursements shall be paid
8 within sixty days of billing, provided the facility district has provided a copy of the invoice to both the District Superintendent and
9 the finance office of the resident district being invoiced. Should the facility school district be unable to reach agreement with the
10 resident school district regarding reasonable costs differences, the facility school district shall notify the Department of Education's
11 Office of General Counsel. The Department of Education shall facilitate a resolution of the dispute between the facility school
12 district and the resident school district within forty-five days of the notice of dispute. If the issue of reasonable cost differences
13 should remain unresolved, a facility school district shall have the right to file a complaint in a Circuit Court. Should a resident school
14 district fail to distribute the entitled funding to the facility school district by the one hundred thirty-five day count, the Department
15 of Education is authorized to withhold the equivalent amount of EFA funds and transfer those funds to the facility school district.

16 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that
17 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost
18 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational
19 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving
20 educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided
21 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident
22 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs
23 differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall
24 facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute.
25 If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit
26 Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic
27 standards in the core content areas. All students with disabilities who are eligible for special education and related services under
28 the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as
29 amended, shall receive special education and related services in the least restrictive environment by appropriately certified
30 personnel. Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned
31 through their educational efforts. The resident school district and the RTF should develop a memorandum of understanding to
32 outline the responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district
33 while the student is housed in the RTF.

34 If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible
35 for the educational services. The facility school district may choose to provide the educational program to the child and, upon
36 choosing to do so, shall contract with the appropriate entity for payment of educational serviced provided to the child. Out-of-state

1 students provided educational services by a facility school district shall not be eligible for funding through the Education Finance
2 Act.

3 If a child is placed in a RTF by the child's parent or guardian and is not referred, authorized, or placed by the State, the facility
4 school district may choose to provide the educational program to the child, and upon doing so, must negotiate with the resident
5 school district for services through medical homebound procedures. A facility school district is responsible for compliance with all
6 child find requirements under Section 504 of the Rehabilitation Act of 1973 and Individuals with Disabilities Act of 2004 (IDEA).

7 All students enrolled in the facility school districts shall have access to the facility school districts' general education curriculum,
8 which will be tied to the South Carolina academic standards in the core content areas. All students with disabilities who are eligible
9 for special education and related services under the Individuals with IDEA, as amended, and the State Board of Education (SBE)
10 regulations, as amended, shall receive special education and related services in the least restrictive environment by appropriately
11 certified personnel. Students in an RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned
12 through their educational efforts.

13 With respect to students enrolled in the facility school districts, for accountability purposes, the assessment and accountability
14 measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The
15 performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate
16 line on the facility school district's report card and must not be included in the overall performance ratings of the facility school
17 district. The Department of Education shall examine the feasibility of issuing report cards for RTFs. For the current fiscal year, a
18 facility school district shall not have the district's state accreditation rating negatively impacted by deficiencies related to the delivery
19 of an educational program at a RTF.

20 RTFs shall notify the facility school district as soon as practical, and before admission to the RTF if practical, of a student's
21 admission to the RTF. RTFs, the facility school districts and the Department of Education shall use their best efforts to secure and/or
22 exchange information, including documents and records necessary to provide appropriate educational services and/or related services
23 as necessary to assist the facility school district in determining the resident school district. The Department of Education, in
24 collaboration with state placing agencies, RTFs, facility school districts, and resident school districts, shall implement a system to
25 follow the release of students from a RTF and re-enrollment in public, private, or special schools to ensure these students, when

36 17-100, of the 1976 Code. If a district fails to meet these requirements they must be notified in writing by the department that the

1 district has sixty days to comply with the reporting requirement. If the district does not report within sixty days, the department is

10 that cannot find qualified teachers to work in the summer camps. Districts may also choose to contract for the services of qualified
11 instructors or collaborate with one or more districts to provide a summer reading camp. Schools and school districts are encouraged
12 to partner with county or school libraries, institutions of higher learning, community organizations, faith-based institutions,
13 businesses, pediatric and family practice medical personnel, and other groups to provide volunteers, mentors, tutors, space, or other
14 support to assist with the provision of the summer reading camps. In the current school year, any student in third grade who
15 substantially fails to demonstrate third-grade reading proficiency by the end of the school year must be offered the opportunity to
16 attend a summer reading camp at no cost to the parent or guardian. The purpose of the reading camp is to provide students who are
17 significantly below third-grade reading proficiency with the opportunity to receive quality, intensive instructional services and
18 support. A district may also include in the summer reading camps students who are not exhibiting reading proficiency at any grade
19 and may charge fees for these students to attend the summer reading camps based on a sliding scale pursuant to Section 59-19-90,
20 except where a child is found to be reading below grade level in the first, second or third grade. A parent or guardian of a student
21 who does not substantially demonstrate proficiency in comprehending texts appropriate for his grade level must make the final
22 decision regarding the student's participation in the summer reading camp.

23 **1.64.** (SDE: Interscholastic Athletic Association Dues) A public school district supported by state funds shall not use any funds
24 or permit any school within the district to use any funds to join, affiliate with, pay dues or fees to, or in any way financially support
25 any interscholastic athletic association, body, or entity unless the constitution, rules, or policies of the association, body, or entity
26 contain the following:

27 (1) a range of sanctions that may be applied to a student, coach, team, or program and that takes into account factors such as
28 the seriousness, frequency, and other relevant factors when there is a violation of the constitution, bylaws, rules, or other governing
29 provisions of the association, body, or entity;

30 (2) (a) guarantees that private or charter schools are afforded the same rights and privileges that are enjoyed by all other
31 members of the association, body, or entity. A private or charter school may not be expelled from or have its membership
32 unreasonably withheld by the association, body, or entity or restricted in its ability to participate in interscholastic athletics including,
33 but not limited to, state playoffs or championships based solely on its status as a private school or charter school. The association,
34 body, or entity shall set reasonable standards for private or charter school admission. A private or charter school denied membership
35 must be provided, in writing within five business days, the reason or reasons for rejection of its application for membership;

1 (b) guarantees that a South Carolina home school athletic team that is a member of a home school athletic association
2 may not be denied access to preseason and regular season interscholastic athletics including, but not limited to, jamborees and
3 invitational tournaments, based solely on its status as a home school athletic team; other rules or policies of the association, body, or
4 entity would apply;

5 (3) (a) an appeals process in which appeals of the association, body, or entity are made to a disinterested third-body appellate
6 panel which consists of seven members who serve four year terms, with one person appointed by the delegation of each congressional
7 district;

8 (b) a member of the panel serves until his successor is appointed and qualifies. A vacancy on the panel is filled in the
9 manner of the original appointment;

10 (c) members of the appellate panel do not concurrently serve as officers of the association, body, or entity and may not
11 have served as a member of the executive committee within the last three years. Principals and superintendents are able to appeal a
12 ruling of the association, body, or entity to the panel. The appellate panel also must provide the final ruling in any appeal brought
13 against a decision of the association, body, or entity;

14 (4) a procedure in place for emergency appeals to be held and decided upon in an expedited manner if the normal appellate
15 process would prohibit the participation of a student, team, program, or school in an athletic event, to include practices;

16 (5) provisions, implemented within one year after the effective date of this section, that require the composition of the executive
17 committee of the association, body, or entity be geographically representative of this State.

18 In the event an association, body, or entity fails to include one of the items listed in this proviso, public school districts and schools
19 must end their affiliation with the association, body, or entity prior to the beginning of the upcoming school year and are prohibited
20 from paying dues or fees to the association, body, or entity.

21 **1.65.** (SDE: Governor's Schools Informational Access to Students) For the current fiscal year, school districts must permit both
22 the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics to collaborate with
23 individual schools and their staff to share information with students and families about the educational opportunities offered at the
24 respective Governor's Schools, through avenues including school visits, informational presentations, and posters. By June 30, ~~2015~~
25 *of the current fiscal year*, the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics
26 must report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee the
27 results of these Informational Access efforts. Further, the two Governor's Schools will work with districts, the Department of
28 Education and School Report Card administrators, to ensure that SAT scores of current Governor's Schools' students are included
29 in the School Report Card of those students' resident schools and districts.

30 **1.66.** (SDE: Reading/Literacy Coaches) (A) Funds appropriated for Reading/Literacy Coaches must be allocated to school
31 districts by the Department of Education as follows:

32 (1) for each elementary school in which twenty percent or more of the students scored ~~Not Met~~ *below proficient* on the reading
33 and research test in the most recent year for which such data are available, the school district shall be eligible to receive the lesser of
34 either up to \$62,730 or the actual cost of salary and benefits for a full-time reading/literacy coach; and

35 (2) for each elementary school in which fewer than twenty percent of the students scored ~~Not Met~~ *below proficient* on the
36 reading and research test during the same period, the school district shall be eligible to receive the lesser of either up to \$31,365 or

1 fifty percent of the actual cost of salary and benefits for a full-time reading/*literacy* coach. A school district must provide local
2 support for state funds provided under this paragraph. School districts may use existing local funds currently used for reading
3 assistance as the local support.

4 (B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,
5 except for districts that either are currently, or in the prior fiscal year, were paying for reading/*literacy* coaches with local funds. A
6 district may, however, assign a reading/*literacy* coach to a primary school rather than to the elementary school to improve the early
7 literacy skills of young children.

8 (C) Funds appropriated for Reading/*Literacy* Coaches are intended to be used to provide elementary schools with reading/*literacy*
9 coaches, who shall serve as job embedded, stable resources for professional development throughout schools in order to generate
10 improvement in reading and literacy instruction and student achievement *who shall serve according to the provisions in Chapter 155*
11 *of Title 59*. Reading coaches shall support and provide initial and ongoing professional development to teachers based on an analysis
12 of student assessment and the provision of differentiated instruction and intensive intervention. The reading coach shall:

13 ~~(1) model effective instructional strategies for teachers by working weekly with students in whole, and small groups, or~~
14 ~~individually;~~

15 ~~(2) facilitate study groups;~~

16 ~~(3) train teachers in data analysis and using data to differentiated instruction;~~

17 ~~(4) coaching and mentoring colleagues;~~

18 ~~(5) work with teachers to ensure that research based reading programs are implemented with fidelity;~~

19 ~~(6) work with all teachers (including content area and elective areas) at the school they serve, and help prioritize time for those~~
20 ~~teachers, activities, and roles that will have the greatest impact on student achievement, namely coaching and mentoring in the~~
21 ~~classrooms;~~

22 ~~(7) help lead and support reading leadership teams; and~~

23 ~~(8) The reading coach must not be assigned a regular classroom teaching assignment, must not serve as an administrator, must~~
24 ~~not perform administrative functions that deter from the flow of improving reading instruction and reading performance of students,~~
25 ~~and must not devote a significant portion of his or her time to administering or coordinating assessments.~~

26 *(D) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve*
27 *as an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute*
28 *they must withhold that districts remaining balance of funds allocated pursuant to this proviso.*

29 ~~(D E) No later than February 1, 2016, the *The* Department of Education must publish guidelines that define the minimum~~
30 ~~qualifications for a reading/*literacy* coach for Fiscal Year 2015-16. These guidelines must deem any licensed/certified teacher~~
31 ~~qualified if, at a minimum, he or she:~~

32 ~~(1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; *or*~~

33 ~~(2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or~~

34 ~~(3) holds a master's degree or higher in reading or a closely-related field.~~

35 Within these guidelines, the Department of Education must also ~~establish a process for Fiscal Year 2015-16 through which an~~
36 ~~elementary school may be permitted to use some or all of the allocation granted under subsection (A) in order to obtain in school~~

1 ~~reading coaching services from a department-approved consultant or vendor, assist districts in identifying a reading/literacy coach~~
2 in the event that the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection
3 (A), including the local support requirements, shall also apply to any allocations made pursuant to this paragraph.

4 ~~(E F)~~ The Department of Education must develop procedures for monitoring the use of funds appropriated for ~~Reading Coaches~~
5 reading/literacy coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department
6 of Education may receive up to \$100,000 of the funds appropriated for ~~Reading Coaches~~ reading/literacy coaches in order to
7 implement this program, provided that this allocation does not exceed the department's actual costs.

8 ~~(F G)~~ Prior to the close of the current fiscal year, any ~~remaining unspent or unallocated~~ funds for ~~Reading Coaches,~~
9 reading/literacy coaches but no more than \$5,000,000, shall be distributed by the Department of Education among the school districts
10 containing elementary or primary schools that were eligible for and which elected to receive funding under subsection (A)(1) of this
11 proviso; these funds shall be distributed in proportion to these districts' relative shares of students who scored Not Met on the research
12 and reading test in the most recent year for which such data are available used to fund Summer Reading Camps. Funds distributed
13 under this subsection must be used exclusively to support reading-related professional development opportunities for teachers that
14 lead to the literacy add-on endorsement.

15 ~~(G H)~~ The Department of Education shall require:

16 (1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported
17 reading/literacy coach; as well as the school in which the coach is assigned ~~along with the rationale for how the school selection was~~
18 ~~made; and~~

19 (2) any school district receiving funding under subsection ~~(F G)~~ to account for the specific amounts and uses of such funds.

20 ~~(H I)~~ With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on
21 the hiring of and assignment of reading/ literacy coaches by school ~~and on the expenditure of professional development funds for~~
22 ~~opportunities for teachers to earn the literacy endorsement~~. The department shall also report the amount of funds that will be ~~carried~~
23 ~~forward~~ used for Summer Reading Camps.

24 ~~(I J)~~ Funds appropriated for ~~Reading Coaches~~ reading/literacy coaches shall be retained and carried forward to be used for the
25 same purpose but may not be flexed.

26 ~~(J K)~~ For Fiscal Year ~~2015-16~~ 2016-17, if increased funding for reading/literacy coaches is not sufficient to provide additional
27 reading/literacy coaches at each elementary school then the funding must be targeted to the areas of greatest need based on the
28 number of students substantially failing to demonstrate reading proficiency as indicated on the prior year's state assessment.

29 **1.67.** (SDE: Charter School Transition Funds) ~~For Fiscal Year 2015-16, charter schools sponsored by a local school district~~
30 ~~must receive transition funds from the local district or statewide transition funds available in an amount equal to any reduction in~~
31 ~~funds received by the school due to the changes in the Education Finance Act formula. In order to receive funds from the statewide~~
32 ~~transition funds, the charter school must report the amount of funds required to the department through the authorizing district. The~~
33 ~~department shall allocate the transition funds to the district which then shall allocate the funds to the school. If the amount of~~
34 ~~transition funds for the charter schools exceeds transition funds available, then funds will be reduced pro rata for all parties.~~

35 **1.68.** (SDE: Sports Participation) Any school receiving state funds shall be required to allow a military dependent student who
36 has transferred from their resident school district to another school district to participate in a sport that was not offered in the resident

1 school district. Should a school fail to comply with this provision, the Department of Education shall withhold one percent of their
2 total state allocation.

3 **1.69.** (SDE: Graduation Rates) For the current fiscal year, if a high school has a graduation rate below sixty percent, using
4 appropriated funds a local school district board of trustees must provide a report detailing a plan to increase the graduation rate in
5 accordance with the provisions of the Education Accountability Act to the State Board of Education.

6 **1.70.** (SDE: South Carolina Community Block Grants for Education Pilot Program) There is created the South Carolina
7 Community Block Grants for Education Pilot Program. The purpose of this matching grants program is to encourage and sustain
8 partnerships between a community and its local public school district or school for the implementation of innovative, state-of-the-art
9 education initiatives and models to improve student learning. The initiatives and models funded by the grant must be well designed,
10 based on strong evidence of effectiveness, and have a history of improved student performance.

11 The General Assembly finds that the success offered by these initiatives and programs is assured best when vigorous community
12 support is integral to their development and implementation. It is the intent of this proviso to encourage public school and district
13 communities and their entrepreneurial public educators to undertake state-of-the-art initiatives to improve student learning and to
14 share the results of these efforts with the state's public education community.

15 As used in this proviso:

16 (1) "Community" is defined as a group of parents, educators, and individuals from business, faith groups, elected officials,
17 nonprofit organizations and others who support the public school district or school in its efforts to provide an outstanding education
18 for each child. As applied to the schools impacted within a district or an individual school, "community" includes the school faculty
19 and the School Improvement Council as established in Section 59-20-60 of the 1976 Code;

20 (2) "Poverty" is defined as the percent of students eligible in the prior year for the free and reduced price lunch program and
21 or Medicaid; and

22 (3) "Achievement" is as established by the Education Oversight Committee for the report card ratings developed pursuant to
23 Section 59-18-900 of the 1976 Code.

24 The Executive Director of the Education Oversight Committee is directed to appoint an independent grants committee to develop
25 the process for awarding the grants including the application procedure, selection process, and matching grant formula. The grants
26 committee will be comprised of seven members, three members selected from the education community and four members from the
27 business community. The chairman of the committee will be selected by the committee members at the first meeting of the grants
28 committee. The grants committee will review and select the recipients of the Community Block Grants for Education.

29 The criteria for awarding the grants must include, but are not limited to:

30 (1) the establishment and continuation of a robust community advisory committee to leverage funding, expertise, and other
31 resources to assist the district or school throughout the implementation of the initiatives funded through the Block Grant Program;

32 (2) a demonstrated ability to meet the match throughout the granting period;

33 (3) a demonstrated ability to implement the initiative or model as set forth in the application; and

34 (4) an explanation of the manner in which the initiative supports the district's or school's strategic plan required by Section
35 59-18-1310 of the 1976 Code.

36 In addition, the district or school, with input from the community advisory committee, must include:

- 1 (1) a comprehensive plan to examine delivery implementation and measure impact of the model;
- 2 (2) a report on implementation problems and successes and impact of the innovation or model; and
- 3 (3) evidence of support for the project from the school district administration when an individual school applies for a grant.

4 The match required from a grant recipient is based on the poverty of the district or school. No matching amount will exceed more
5 than seventy percent of the grant request or be less than ten percent of the request. The required match may be met by funds or by
6 in-kind donations, such as technology, to be further defined by the grants committee. Public school districts and schools that have
7 high poverty and low achievement will receive priority for grants when their applications are judged to meet the criteria established
8 for the grant program.

9 However, no grant may exceed \$250,000 annually unless the grants committee finds that exceptional circumstances warrant
10 exceeding this amount.

11 The Education Oversight Committee will review the grantee reports and examine the implementation of the initiatives and models
12 to understand the delivery of services and any contextual factors. The Oversight Committee will then highlight the accomplishments
13 and common challenges of the initiatives and models funded by the Community Block Grant for Education Pilot Program to share
14 the lessons learned with the state's public education community.

15 For the current fiscal year, funds allocated to the Community Block Grant for Education Pilot Program must be used to provide or
16 expand high-quality early childhood programs for a targeted population of at-risk four-year-olds. High-quality is defined as meeting
17 the minimum program requirements of the Child Early Reading Development and Education Program and providing measurable
18 high-quality child-teacher interactions, curricula and instruction. Priority will be given to applications that involve public-private
19 partnerships between school districts, schools, Head Start, and private child care providers who collaborate to: (1) provide high-
20 quality programs to four-year-olds to maximize the return on investment; (2) assist in making the transition to kindergarten; (3)
21 improve the early literacy, *social and emotional*, and numeracy readiness of children; and (4) engage families in improving their
22 children's readiness.

23 **1.71.** (SDE: Board of Education Funds) For the current fiscal year, the Department of Education is authorized to carry forward
24 funds appropriated in Part IA, Section 1, II. Board of Education. The State Board of Education is permitted to utilize these funds for
25 innovative educational opportunities and projects. The Board of Education shall develop guidelines and publish them on the board's
26 website.

27 **1.72.** (SDE: Proceeds from Sale of Bus Shop & Boat) For the current fiscal year the Department of Education is authorized to
28 retain any funds received from the sale of any bus shop and the sale of the state- owned boat and expend those funds for transportation
29 purposes.

30 **1.73.** (SDE: Transition Funds to Districts) ~~Funds appropriated in Part IA, Section 1, X. Aid to School Districts, A. Aid to School~~
31 ~~Districts, EFA Transition Payments, are to be distributed to school districts eligible to receive transition funds. The funds will be~~
32 ~~disbursed in an amount equal to the net aggregate decrease in funding realized by a district as a result of changes to the EFA funding~~
33 ~~formula.~~

34 ~~(A) Districts eligible for transition payments in the prior fiscal year are eligible to receive one half of the transition payment~~
35 ~~received in Fiscal Year 2014-15, subject to the limitations of item (B) of this section.~~

1 ~~(B) School districts are not eligible to receive transition funds for the portion of a net funding decrease resulting from a decrease~~
2 ~~in district ADM from the prior to the current fiscal year.~~

3 ~~(C) If the amount of transition payments for all school districts exceeds the availability of funds appropriated for this purpose,~~
4 ~~each entity receiving funds shall have their allocation reduced pro rata.~~

5 **1.74.** (SDE: First Steps 4K Technology) During the current fiscal year, South Carolina Office of First Steps to School Readiness
6 is authorized to expend up to \$75,000 from the four-year-old kindergarten carry forward funds to purchase electronic devices for the
7 administration of ~~early literacy and language development~~ *required school readiness* assessments to children enrolled in the full-day
8 4K program in private centers in the current fiscal year. The State Office of First Steps may purchase one device, which would be
9 the property of the Office of First Steps, for every ten centers serving children in the program. The regional coordinators who provide
10 support to the centers shall coordinate the usage of the devices among the centers. First Steps shall provide a report documenting its
11 technology and materials expenditures to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and
12 Means Committee no later than January 15, ~~2016~~ *2017*.

13 **1.75.** (SDE: Teacher Salary Schedule Structure) The Department of Education shall convene stakeholders to include: Palmetto
14 State Teachers Association, South Carolina School Business Officials, South Carolina Association of School Administrators, South
15 Carolina School Boards Association, South Carolina Education Association, and the Education Oversight Committee to examine
16 and make recommendations regarding changes to the statewide minimum state teacher salary schedule to include extending the steps
17 on the state teacher salary schedule; an examination of the beginning teacher salary; and an examination of each district's salary
18 schedule structure. *The department shall also include information from each of the districts who are, or were, the original trial and*
19 *plaintiff school districts in the Abbeville law suit regarding salary needs in those districts.* Recommendations shall be provided to
20 the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee ~~by November 15, 2015.~~

21 **1.76.** (SDE: Teacher Certification Exemption) For the current fiscal year, a teacher certified at the secondary level may teach
22 such courses in grades seven through twelve without having the add on certification for middle-level education. Districts must report
23 to the Department of Education and the Center for Educator Recruitment Retention and Advancement on the teachers and courses
24 that utilize this exemption.

25 **1.77.** (SDE: Digital Instructional Materials) The Department of Education shall create an instructional materials list composed
26 of those items (print and/or digital) that have received State Board of Education approval through the normal adoption process. The
27 department shall continue to work with the publishers of instructional materials to ensure that districts who wish to receive both the
28 digital version and class sets of textbooks may be awarded that option. Funds appropriated for the purchase of textbooks and other
29 instructional materials may be used for reimbursing school districts to offset the costs of refurbishing science kits on the state-adopted
30 textbook inventory, purchasing new kits from the central textbook depository, or a combination of refurbishment and purchase. The
31 refurbishing cost of kits may not exceed the cost of the state-adopted refurbishing kits plus a reasonable amount for shipping and
32 handling. Costs for staff development, personnel costs, equipment, or other costs associated with refurbishing kits on state inventory
33 are not allowable costs. Funds provided for Instructional Materials may be carried forward from the prior fiscal year into the current
34 fiscal year to be expended for the same purposes by the department, school districts, and special schools. These funds are not subject
35 to flexibility. Digital Instructional Materials shall include the digital equivalent of materials and devices.

1 **1.78.** (SDE: Transition Funds to Districts) ~~For the current fiscal year, the department must transfer any unexpended funds~~
2 ~~appropriated for EFA Transition to the EFA for disbursement to districts per the formula.~~

3 **1.79.** (SDE: CDEPP Unexpended Funds) For Fiscal Year ~~2015-16~~ 2016-17, the Office of First Steps to School Readiness is
4 ~~directed~~ permitted to retain the first ~~\$2,000,000~~ \$1,000,000 of any unexpended CDEPP funds ~~from~~ of the prior fiscal year and expend
5 these funds to enhance the quality of the full-day 4K program in private centers and provide professional development opportunities.

6 By August 1, the Office of First Steps is directed to allocate any additional unexpended CDEPP funds from the prior fiscal year
7 and any CDEPP funds carried forward from prior fiscal years that were transferred to the restricted account for the purposes following
8 purpose: Education Oversight Committee - \$1,000,000 for the South Carolina Community Block Grants for Education Pilot
9 Program.

10 1. Department of Education—\$4,250,000 for full day 4K; and

11 2. ~~Education Oversight Committee—\$2,000,000 for the South Carolina Community Block Grants for Education Pilot Program.~~

12 If carry forward funds are less than the amounts appropriated, funding for the items listed herein shall be reduced on a pro rata
13 basis.

14 ~~If any funds are remaining, they shall be transferred to the Department of Education to be expended only on full day 4K.~~

15 If by August 1, school districts eligible to receive full-day 4K funding opt to not participate in the program, the Department of
16 Education is authorized to utilize unexpended funds to increase participation on a per pupil basis for districts eligible for
17 participation who have a documented waiting list. The per pupil allocation and classroom grant must conform with the appropriated
18 amount contained in this Act. Funds may also be used to provide professional development and quality evaluations of programs.

19 No later than April 1, ~~2016~~ 2017, the Office of First Steps must report to the Chairman of the Senate Finance Committee and the
20 Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following information: the
21 amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money
22 used for professional development as well as the types of professional development offered and the number of participants.

23 **1.80.** (SDE: Literacy Initiatives) ~~In the current fiscal year, the Department of Education shall evaluate the several state literacy~~
24 ~~initiatives to ensure that each are working together to ensure that students are best served. The evaluation shall include initiatives in~~
25 ~~early childhood through high school as well as professional development.~~

26 **1.81.** (SDE: Technology Technical Assistance) Of the funds appropriated for the K-12 Technology Initiative, the department is
27 authorized to withhold up to \$350,000 in order to provide technology technical assistance to school districts.

28 **1.82.** (SDE: First Steps Accountability) Based on the need for stated intervention by the US Department of Education Office of
29 Special Education and Rehabilitative Services (OSEP) in implementing Part C of the Individuals with Disabilities Education Act
30 (IDEA), the Office of First Steps to School Readiness must meet federal compliance for the Part C program. Additionally, the Office
31 of First Steps to School Readiness shall report to the Chairman of the Senate Finance Committee, the Chairman of the House Ways
32 and Means Committee, and the Governor the specific steps, timeline and progress made in improving meeting compliance standards
33 its performance for those indicators with which the office was scored as being low performing. The report must include a statement

1 standards. The report must be submitted no later than December 31, ~~2015~~ 2016. From the funds appropriated for BabyNet, the
2 Office of First Steps to School Readiness may expend the funds necessary to meet the requirements of this proviso.

3 **1.83.** (SDE: Health Education Materials) ~~From the funds allocated to each school district, each district shall publish on its~~
4 ~~website the title and publisher of all health education materials it has approved, adopted, and used in the classroom. If the Department~~
5 ~~of Education determines that a school district is noncompliant with mandated health education, the department shall withhold one~~
6 ~~percent of the district's funds allocated in Part 1A, Section 1, X. Student Health and Fitness Act until the department determines the~~
7 ~~district is in compliance.~~

8 **1.84.** (SDE: Data Maintenance and Collection) For the current fiscal year and from the funds appropriated to the department for
9 the collection and maintenance of data, personally identifiable information of teacher candidates and teachers collected and
10 maintained by the Department of Education shall be treated as personnel records and shall not be subject to public disclosure.

11 **1.85.** (SDE: Teacher Employment) Of the funds appropriated in the current fiscal year, a local school district superintendent or
12 his designee shall provide a teacher with notice of dismissal and an opportunity for a hearing before the local board or its designee.
13 Further, a local board may authorize a South Carolina licensed, practicing attorney to serve as hearing officer to conduct a hearing
14 on the matter and make a report of its recommendations to the board within forty-five days after receipt of notice of appeal. A
15 hearing officer may not be a member of the board or an employee of the district. If the board designates a hearing officer, the report
16 and recommendations of the hearing officer must be presented to the board in the form of a written order. In considering the report
17 and recommendations, the board must have available to it the exhibits presented at the hearing and shall permit limited oral argument
18 on behalf of the district and the teacher, allowing each party thirty minutes to present its respective argument. The board shall uphold
19 the decision of the hearing officer if the evidence shows good and just cause for dismissal. The board shall issue a decision affirming

18 ~~eligible institution for which it may receive contributions from a nonprofit scholarship funding organization for which the tax credit~~
19 ~~allowed by this proviso is allowed.~~ The Education Oversight Committee, as established in Chapter 6, Title 59, is responsible for
20 determining *annually* if an eligible school meets the criteria established by subsection (A)(1), and shall ~~publish an approved list of~~
21 ~~such schools meeting the criteria~~ *maintain on its website a list of schools approved for participation in the program. Any school that*
22 *participated in the program in the prior fiscal year and complied with the requirements of the program and continue to comply would*
23 *have until December 30 of the current fiscal year to reapply for participation in the program and in the meantime would continue to*
24 *be an eligible institution unless the school notifies the committee in writing of its decision not to participate in the program.*
25 *Furthermore, any school that did not participate in the program in the prior fiscal year may apply for participation in the program*
26 *at any time in the current fiscal year.* If an independent school does not apply to be an eligible school, the independent school may
27 not be published as an approved school, and contributions to that school shall not be allowed for purposes of the credit allowed by
28 this proviso. The Education Oversight Committee must publish the approved list of schools on its website by September first of each
29 year, *shall update the list upon the approval of additional eligible schools*, and the list must include their names, addresses, telephone
30 numbers, and, if available, website addresses. Also, the score reports and audits received by the Education Oversight Committee
31 pursuant to items (2)(b) and (c) must be published with the list. The Education Oversight Committee shall summarize or redact the
32 score reports if necessary to prevent the disclosure of personally identifiable information. For this purpose, it also shall promulgate
33 regulations further enumerating the specifics of this criteria. In performing this function, the Education Oversight Committee shall
34 establish an advisory committee made up of not more than nine members, including parents, and representatives of independent
35 schools and independent school associations. The advisory committee shall provide recommendations to the Education Oversight
36 Committee on the content of these regulations and any other matters requested by the Education Oversight Committee.

- 1 (2) An independent school's application for consideration as an eligible institution must contain:
2 (a) the number and total amount of grants received from each nonprofit scholarship funding organization in the
3 preceding fiscal year;

5 and administered by the school receiving or entitled to receive scholarship grants pursuant to this proviso in the previous fiscal year;
6 (c) a copy of a compilation, review, or compliance audit of the organization's financial statements, conducted by a
7 certified public accounting firm; and
8 (d) a certification by the independent school that it meets the definition of an eligible school as that term is defined in
9 subsection (A)(1) and that the report is true, accurate, and complete under penalty of perjury in accordance with Section 16-9-10.
- 10 (3) Any independent school not determined to be an eligible school pursuant to the provisions of this proviso may seek
11 review by filing a request for a contested case hearing with the Administrative Law Court in accordance with the court's rules of
12 procedure.
- 13 (4) The Education Oversight Committee, after consultation with its nine-member advisory committee, may exempt an
14 independent school having students with exceptional needs who receive scholarship grants pursuant to this proviso from the
15 curriculum requirements of subsection (A)(1)(d).
- 16 (H) (1) By August first of each year, each nonprofit scholarship funding organization must apply to the department to be
17 considered an eligible organization for which its contributors are allowed the tax credit allowed by this proviso. If a nonprofit
18 scholarship funding organization does not apply, the organization may not be published as an approved organization, and
19 contributions to that organization shall not be allowed for purposes of the credit allowed by this proviso. A nonprofit scholarship
20 funding organization's application must contain:
- 21 (a) the number and total amount of grants issued to eligible schools in the preceding fiscal year;
22 (b) for each grant issued to an eligible school in the preceding fiscal year, the identity of the school and the amount of
23 the grant;
24 (c) an itemization and detailed explanation of any fees or other revenues obtained from or on behalf of any eligible
25 schools;
26 (d) a copy of the organization's Form 990 or other comparable federal submission that indicates the provisions of the
27 Internal Revenue Code under which the organization has been granted exempt status for purposes of federal taxation;
28 (e) a copy of a compilation, review, or audit of the organization's financial statements, conducted by a certified public
29 accounting firm;
30 (f) the criteria and eligibility requirements for scholarship awards; and
31 (g) a certification by the organization that it meets the definition of a nonprofit scholarship funding organization as that
32 term is defined in subsection (A)(4) and that the report is true, accurate, and complete under penalty of perjury in accordance with
33 Section 16-9-10.
- 34 (2) By receiving the application materials and approving the organization as an eligible organization pursuant to item (1),
35 the department is not determining that the organization meets all of the requirements of a qualified nonprofit scholarship funding
36 organization and the organization remains subject to examination as provided for pursuant to subsection (I).

1 (3) The department has authority to disclose the names of qualifying nonprofit scholarship funding organizations to the
2 Education Oversight Committee. The department also may disclose to the Education Oversight Committee the names of
3 organizations that applied but were not qualified by the department and those organizations whose eligibility has been revoked in
4 accordance with subsection (I)(2), as well as the reason the application of the organization was not accepted or the reason its
5 qualification was revoked.

6 (4) By September first of each year, the Education Oversight Committee must publish on its website a list of all qualifying
7 nonprofit scholarship funding organizations, provided by the department, to include their names, addresses, telephone numbers, and,
8 if available, website addresses. Also, the results of the audit required by item (1)(e) must be published with the list.

9 (I) (1) The department has authority to oversee, audit, and examine the nonprofit scholarship funding organizations, including
10 determining whether the nonprofit scholarship funding organization is being operated in a manner consistent with the requirements
11 for an IRC Section 501(c)(3) organization or is in compliance with any other provision of this proviso.

12 (2) (a) If at any time during the year, the department has evidence, through audit or otherwise, that a nonprofit scholarship
13 funding organization is not being operated in a manner consistent with the requirements for operating an IRC Section 501(c)(3)
14 organization or is not in compliance with any other provision of this proviso, the department immediately may revoke the
15 organization's participation in the program and must notify the organization and the Education Oversight Committee in writing of
16 the revocation.

17 (b) Notice of revocation may be provided to the organization by personal delivery to the organization, by first class
18 mail to the last known address of the organization, or by other means reasonably designed to provide notice to the organization.

19 (c) Any donations made following the date the notice of revocation is received by the organization or in the case of
20 delivery by mail ten days after the notice of revocation was mailed, will not qualify for the credit and the donated funds must be
21 returned to the donor by the organization. This proviso shall not limit the department's authority to deny any tax credit or other
22 benefit provided by this proviso if the circumstances warrant.

23 (d) (i) Within thirty days after the day on which the organization is notified of the revocation, the organization may
24 request a contested hearing before the Administrative Law Court. Within thirty days after a request for a contested case hearing is
25 received by the Administrative Law Court, an administrative law judge shall hold the contested case hearing and determine whether
26 the revocation was reasonable under the circumstances. The department has the burden of proof of showing that the revocation was
27 reasonable under the circumstances. The revocation is "reasonable" if the department has some credible evidence to believe that the
28 organization is not being operated in a manner consistent with the requirements for operating an IRC Section 501(c)(3) organization
29 or is not in compliance with any other provision of this proviso. The decision made by the administrative law judge is final and
30 conclusive and may not be reviewed by any court. If the organization does not request a contested case hearing within thirty days of
31 the immediate revocation, the revocation shall become permanent.

32 (ii) If the administrative law judge determines that the revocation was reasonable, the administrative law judge
33 shall remand the case to the department to issue a department determination for permanent revocation within the time period
34 determined by the judge. The organization may appeal this department determination in accordance with Section 12-60-460. At the
35 contested case hearing on the department determination, the parties can raise new issues and arguments in addition to those issues
36 and arguments previously presented at the revocation hearing.

1 (iii) If the administrative law judge determines that immediate revocation is not reasonable, the revocation shall be
2 lifted and the organization may resume accepting donations and award scholarships hereunder. The department may still issue a
3 department determination in accordance with Section 12-60-450(E)(2).

4 (iv) If at any time during the process, the department believes the organization is in compliance, the department, in
5 its sole discretion, may reinstate the organization and notify the Education Oversight Committee.

6 (v) Following the permanent revocation of a nonprofit scholarship funding organization, the Education Oversight
7 Committee has the authority to oversee the transfer of donated funds of the revoked organization to other nonprofit scholarship
8 funding organizations.

9 (J) If at any time during the year, the department has evidence, through audit or otherwise, that a nonprofit scholarship funding
10 organization is not being operated in a manner consistent with the requirements for operating an IRC Section 501(c)(3) organization
11 or is not in compliance with any other provision of this proviso, the department shall force the organization to cease from operating
12 in this State, and any board member or similar executive is prohibited from serving another scholarship funding organization. An
13 organization may appeal such action in the same manner as a revocation of the program participation. Upon being prohibited from
14 operating in this State, any funds held by the organization must be returned to the donors.

15 (J K) A nonprofit scholarship funding organization may transfer funds to another nonprofit scholarship funding organization,
16 especially in the event that the organization cannot distribute the funds in a timely manner or if the organization ceases to exist. None
17 of the funds that are transferred by one nonprofit scholarship funding organization to another may be considered by the former
18 organization when calculating its administrative expenses.

19 1.87. (SDE: Moving Cost Study) The department shall report to the Chairman of the Senate Finance Committee, the Chairman

33 statewide salary schedule by two percent. A local school district board of trustees must provide all certified teachers paid on the

35 the prior fiscal year as its base. School districts shall utilize the additional funds made available from the Education Finance Act
36 appropriation to provide one percent of the required two percent increase.

1 Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all
2 eligible certified teachers employed by the district by an amount equal to a step on the salary schedule for any teacher entering the
3 23rd year if the district's salary schedule does not go beyond 22 years. Application of this provision must be applied uniformly for
4 all eligible certified teachers. If a school district believes it will be unable to provide the required additional step without incurring
5 a deficit, it may apply to the State Board of Education for a waiver from this requirement.

6 For purposes of this provision teachers shall be defined by the Department of Education using the Professional Certified Staff
7 (PCS) System.

28 assistance shall be used by the department to work with those schools identified as low-performing and to support priority schools
29 under the tiered system. These funds shall not be transferred to any other funding category by the school district without prior
30 approval of the State Superintendent of Education and funds are not subject to agency flexibility provisions.

31 ~~The department will create a system of levels of technical assistance for schools that will receive technical assistance funds. The~~
32 ~~levels will be determined by the severity of not meeting report card criteria. The levels of technical assistance may include a per~~
33 ~~student allocation, placement of a principal mentor, replacement of the principal, and/or reconstitution of a school.~~

34 Reconstitution means the redesign or reorganization of the school, which includes may include the declaration that all positions in
35 the school are considered vacant. Certified staff currently employed in priority schools must undergo a ~~formal~~ an evaluation in the

1 employment at that school. ~~Student achievement will be considered as a significant factor when determining whether to rehire~~
2 ~~existing staff.~~ Educators who were employed at a school that is being reconstituted prior to ~~the effective date of this proviso~~ July
3 2009 and to whom the employment and dismissal laws apply will not lose their rights in the reconstitution. If they are not rehired or

13 principal ~~and/or principal mentor~~, the school board of trustees, and the district superintendent. The decision to reconstitute a school
14 shall be made by April first, at which time notice shall be given to all employees of the school. The department, in consultation with

25 ~~currently identified school with an absolute rating of below average or at risk on the report card will receive a base amount and a per~~
26 ~~pupil allocation based on the previous year's average daily membership as determined by the annual budget appropriation. No more~~
27 ~~than fifteen percent of funds not expended in the prior fiscal year may be carried forward and expended in the current fiscal year for~~
28 ~~strategies outlined in the school's renewal plan. Schools must use technical assistance funds to augment or increase, not to replace~~
29 ~~or supplant local or state revenues that would have been used if the technical assistance funds had not been available. Schools must~~
30 ~~use technical assistance funds only to supplement, and to the extent practical, increase the level of funds available from other revenue~~
31 ~~sources.~~

1 (B) During ~~Fiscal Year 2015-16~~ the current fiscal year CERRA shall ~~develop~~ publish eligibility requirements and applications
2 for individual educators, school districts, and institutions of higher education not inconsistent with existing licensure requirements
3 for each, but also including:

 2 or licensure upon completion of a course of study, or failure to provide instructional services in an eligible district for a prescribed
 3 period of time.

4 (~~D~~ E) CERRA shall report by ~~January 15, 2016~~ July 31 of the current fiscal year to the Governor, President pro Tempore of the
 5 Senate, and Speaker of the House on the incentives developed pursuant to item (C) of this section and make recommendations for
 6 attracting and retaining high quality teachers in rural and underserved districts. The report shall contain at a minimum eligibility
 7 requirements and application processes for districts and individuals, descriptions of and proposed budgets for each incentive program
 8 and an analysis of the number and demographics of individuals potentially eligible for each.

9 (~~E~~ F) Funds appropriated or transferred for use in the Rural Teacher Recruiting Incentive may be carried forward from prior
 10 fiscal years and used for the same purpose.

11 **1A.65.** (SDE-EIA: Project Read) Of the funds appropriated in Section 1A. VIII.A.3. for Reading, \$500,000 must be used for
 12 teacher in-service training and professional development related to Project Read. The department may set accountability guidelines
 13 to ensure that funds are spent in accordance with the proviso.

14 **1A.66.** (SDE-EIA: Reading/Literacy Coaches) (A) Funds appropriated for Reading/Literacy Coaches must be allocated to school
 15 districts by the Department of Education as follows:

16 (1) for each elementary school in which twenty percent or more of the students scored ~~Not Met~~ below proficient on the reading
 17 and research test in the most recent year for which such data are available, the school district shall be eligible to receive the lesser of
 18 either up to \$62,730 or the actual cost of salary and benefits for a full-time reading/literacy coach; and

19 (2) for each elementary school in which fewer than twenty percent of the students scored ~~Not Met~~ below proficient on the
 20 reading and research test during the same period, the school district shall be eligible to receive the lesser of either up to \$31,365 or
 21 fifty percent of the actual cost of salary and benefits for a full-time reading/literacy coach. A school district must provide local
 22 support for state funds provided under this paragraph. School districts may use existing local funds currently used for reading
 23 assistance as the local support.

24 (B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,
 25 except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A
 26 district may, however, assign a reading/literacy coach to a primary school rather than to the elementary school to improve the early
 27 literacy skills of young children.

28 (C) Funds appropriated for Reading/Literacy Coaches are intended to be used to provide elementary schools with reading/literacy
 29 coaches, ~~who shall serve as job embedded, stable resources for professional development throughout schools in order to generate~~
 30 ~~improvement in reading and literacy instruction and student achievement~~ who shall serve according to the provisions in Chapter 155
 31 of Title 59. Reading coaches shall support and provide initial and ongoing professional development to teachers based on an analysis
 32 of student assessment and the provision of differentiated instruction and intensive intervention. The reading coach shall:

33 ~~(1) model effective instructional strategies for teachers by working weekly with students in whole, and small groups, or~~
 34 ~~individually;~~

35 ~~(2) facilitate study groups;~~

36 ~~(3) train teachers in data analysis and using data to differentiated instruction;~~

1 ~~(4) coaching and mentoring colleagues;~~

2 ~~(5) work with teachers to ensure that research-based reading programs are implemented with fidelity;~~

3 ~~(6) work with all teachers (including content area and elective areas) at the school they serve, and help prioritize time for those~~
 4 ~~teachers, activities, and roles that will have the greatest impact on student achievement, namely coaching and mentoring in the~~
 5 ~~classrooms;~~

6 ~~(7) help lead and support reading leadership teams; and~~

7 ~~(8) The reading coach must not be assigned a regular classroom teaching assignment, must not serve as an administrator, must~~
 8 ~~not perform administrative functions that deter from the flow of improving reading instruction and reading performance of students,~~
 9 ~~and must not devote a significant portion of his or her time to administering or coordinating assessments.~~

10 (D) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve
 11 as an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute
 12 they must withhold that districts remaining balance of funds allocated pursuant to this proviso.

13 ~~(D E) No later than February 1, 2016, the~~ The Department of Education must publish guidelines that define the minimum
 14 qualifications for a reading/literacy coach for ~~Fiscal Year 2015-16~~. These guidelines must deem any licensed/certified teacher
 15 qualified if, at a minimum, he or she:

16 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or

17 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or

18 (3) holds a master's degree or higher in reading or a closely-related field.

19 Within these guidelines, the Department of Education must ~~also establish a process for Fiscal Year 2015-16 through which an~~
 20 ~~elementary school may be permitted to use some or all of the allocation granted under subsection (A) in order to obtain in-school~~
 21 ~~reading coaching services from a department approved consultant or vendor,~~ assist districts in identifying a reading/literacy coach
 22 in the event that the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection
 23 (A), including the local support requirements, shall also apply to any allocations made pursuant to this paragraph.

24 ~~(E F) The Department of Education must develop procedures for monitoring the use of funds appropriated for Reading Coaches~~
 25 reading/literacy coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department
 26 of Education may receive up to \$100,000 of the funds appropriated for ~~Reading Coaches~~ reading/literacy coaches in order to
 27 implement this program, provided that this allocation does not exceed the department's actual costs.

28 ~~(F G) Prior to the close of the current fiscal year, any remaining unspent or unallocated funds for Reading Coaches,~~
 29 reading/literacy coaches but no more than \$5,000,000, shall be distributed by the Department of Education among the school districts
 30 containing elementary or primary schools that were eligible for and which elected to receive funding under subsection (A)(1) of this
 31 proviso; these funds shall be distributed in proportion to these districts' relative shares of students who scored Not Met on the research
 32 and reading test in the most recent year for which such data are available used to fund Summer Reading Camps. Funds distributed
 33 under this subsection must be used exclusively to support reading-related professional development opportunities for teachers that
 34 lead to the literacy add-on endorsement.

35 ~~(G H) The Department of Education shall require:~~

1 (1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported
2 reading/literacy coach; as well as the school in which the coach is assigned ~~along with the rationale for how the school selection was~~
3 ~~made; and~~

4 (2) any school district receiving funding under subsection (~~F~~ G) to account for the specific amounts and uses of such funds.

5 (~~H~~ I) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on
6 the hiring of and assignment of reading/ literacy coaches by school ~~and on the expenditure of professional development funds for~~
7 ~~opportunities for teachers to earn the literacy endorsement.~~ The department shall also report the amount of funds that will be ~~carried~~
8 ~~forward~~ used for Summer Reading Camps.

9 (~~J~~ J) Funds appropriated for ~~Reading Coaches~~ reading/literacy coaches shall be retained and carried forward to be used for the
10 same purpose but may not be flexed.

11 (~~K~~ K) For Fiscal Year ~~2015-16~~ 2016-17, if increased funding for reading/literacy coaches is not sufficient to provide additional
12 reading/literacy coaches at each elementary school then the funding must be targeted to the areas of greatest need based on the
13 number of students substantially failing to demonstrate reading proficiency as indicated on the prior year's state assessment.

14 **1A.67.** (SDE-EIA: Digital Instructional Materials) The Department of Education shall create an instructional materials list
15 composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption
16 process. The department shall continue to work with the publishers of instructional materials to ensure that districts who wish to
17 receive both the digital version and class sets of textbooks may be awarded that option. Funds appropriated for the purchase of
18 textbooks and other instructional materials may be used for reimbursing school districts to offset the costs of refurbishing science
19 kits on the state-adopted textbook inventory, purchasing new kits from the central textbook depository, or a combination of
20 refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the state-adopted refurbishing kits plus a
21 reasonable amount for shipping and handling. Costs for staff development, personnel costs, equipment, or other costs associated
22 with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional Materials may be carried forward
23 from the prior fiscal year into the current fiscal year to be expended for the same purposes by the department, school districts, and
24 special schools. These funds are not subject to flexibility. Digital Instructional Materials shall include the digital equivalent of
25 materials and devices.

26 **1A.68.** (SDE-EIA: 4K Early Literacy Competencies Assessments) Of the funds carried forward from the full-day 4K program
27 from the previous fiscal year, the Department of Education is authorized to expend up to \$800,000 on assessments and professional

29 ~~consultation with the Office of First Steps,~~ will select up to three formative shall manage the administration of assessments that
30 analyze the early literacy and language development of children in publicly funded prekindergarten as done in the prior fiscal year.
31 Each school district and private provider participating in a publicly funded prekindergarten program will administer one of the
32 formative assessments selected by the department to each child eligible for and enrolled in a publicly funded prekindergarten program
33 during the first forty-five days of the school year and during the last forty-five days of the school year. Accommodations that do not
34 invalidate the results of these assessments must be provided in the manner set forth by the student's Individualized Education
35 Program or 504 Accommodations Plan. ~~School districts and private providers will be allocated \$15 per child assessed to cover the~~
36 ~~cost of the formative assessment. School districts and private providers are required to report electronically the results of each~~

1 individual assessment to the department using a form that must include the unique student identifier and any other information
2 prescribed by the department. In turn, the *The* department will provide the assessment data to the Education Oversight Committee.
3 The results of the assessment and the developmental intervention strategies recommended or services needed to address the child's
4 identified needs must also be provided, in writing, to the parent or guardian. The assessment may not be used to deny a student to
5 admission to prekindergarten.

6 Furthermore, \$2,000,000 of the funds appropriated for half-day programs for four-year-olds and funds carried forward from
7 assessment must be expended by the Department of Education to administer the Developmental Reading Assessment® 2nd Edition
8 PLUS to implement the progress monitoring system required by the Read to Succeed Act of 2014 and to evaluate the early literacy
9 and language competencies of each child entering kindergarten in the public schools. The assessment of kindergarten students must
10 be administered at a minimum of once during the first forty-five days of the school year and once during the last forty-five days of
11 the school year with the results collected by the department. The results of the assessments and the developmental intervention
12 strategies recommended or services needed to address each child's identified needs must also be provided, in writing, to the parent
13 or guardian. The assessment may not be used to deny a student admission to kindergarten. *Accommodations that do not invalidate*
14 *the results of these assessments must be provided in the manner set forth by the student's Individualized Education Program or 504*
15 *Accommodations Plan.* Districts are given the option of designating up to two days of the one hundred eighty day school calendar
16 to administer the assessment to kindergarten students. The department will also provide the results of the assessment of kindergarten
17 students to the Education Oversight Committee. With available funds, the department will also provide or secure training for
18 appropriate educators in how to administer the assessment. In addition the department may pilot in kindergarten classes one or more

23 Oversight Committee, CERRA shall initiate and conduct a study to identify and project the number of additional teachers needed
24 annually in public school classrooms for grades K5 through 12, for school years beginning 2017 through 2027. The purpose of the
25 study shall be to: (1) provide specific data and projections on the number of teachers expected to be needed as compared to the
26 number available, by Subject Areas Taught as indicated in CERRA's annual Supply and Demand Report, and with a focus on critical
27 need subject areas; (2) determine whether, individually and collectively, teaching programs at applicable institutions of higher
28 learning in South Carolina have the capacity and infrastructure to fulfill projected needs in item (1); and (3) provide data for general
29 use in estimating the fiscal impact of any new or revised programs being considered to incent more talented individuals to enter
30 teacher training programs and more highly qualified teachers to remain in the profession for longer periods of time.

31 **1A.70.** (SDE-EIA: Statewide Assessment Procurement) ~~With the funds appropriated and carried forward for assessment, the~~

16 Health and Human Services will determine the areas of the State with the greatest need and availability of providers. Children
17 participating in the project will be selected based upon an application system developed in compliance with the Medicaid waiver.
18 Treatment will be provided as authorized and prescribed by the department according to the degree of the developmental disability.
19 In authorizing and prescribing treatment the department may award grants or negotiate and contract with public or private entities to
20 implement intervention programs, which must comply with Medicaid reimbursement methodologies, for children who have been
21 diagnosed with a pervasive developmental disorder. "Pervasive developmental disorder" means a neurological condition, including
22 autistic disorder and Asperger's syndrome, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental
23 Disorders of the American Psychiatric Association. The department shall report semi-annually to the General Assembly and the
24 Governor on the developmental progress of the children participating in the project and the fiscal status of the project, to include
25 expenditure data and appropriation balances. This provision does not establish or authorize creation of an entitlement program or
26 benefit.

27 The Department of Disabilities and Special Needs and the Department of Health and Human Services shall develop a plan to
28 transition children in the Pervasive Developmental Disorder Program (PDD) to Medicaid State Plan services in a manner that
29 minimizes any break in service. Private insurance benefits which include Autism Spectrum Disorder services shall be sought prior
30 to the expenditure of Medicaid or State funds for these services. For children not Medicaid eligible, the Department of Disabilities
31 and Special Needs shall develop a sliding fee scale based on a means test for determining payment by a family for PDD services.

33 for services provided to department eligible children at daycare centers previously under contract prior to December 31, 2008. The

11 disabilities and special needs boards, who choose to initiate the direct billing process regardless of the receipt of capital grant funds
12 from the department for the specific facility involved. All entities receiving capital grant funds must use the funds as originally
13 specified in the award. If the purpose or use of a facility constructed or purchased with departmental grant funds is altered without
14 the department's approval, the entity must repay the department the amount of the funds awarded. The use of direct billing shall not
15 be construed as a change in the purpose or use of a facility.

16 **36.14.** (DDSN: Carry Forward Authorization) For the current fiscal year, the department is authorized to carry forward any
17 balance of General Funds appropriated for the reduction of the department's waiting lists in the prior fiscal year and must utilize
18 these funds for the same purpose in the current fiscal year. Within thirty days after the close of the fiscal year, the department shall
19 report the balance carried forward to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and
20 Means Committee.

21 **36.15.** (DDSN: Service Providers Expenditure Requirement) For the current fiscal year, in order to accommodate service provider
22 infrastructure needs resulting from the reductions in the department's waiting lists, service providers including local disabilities and
23 special needs boards are authorized to carry forward from the prior fiscal year unexpended funds based on a ninety percent
24 expenditure requirement for capitated services. Service providers shall not withhold services in order to generate funds to be carried
25 forward. The expenditure requirement shall not affect the department's three month reserve limitation policy. *If the department's*
26 *Medicaid allowable costs, in the aggregate, do not meet the level of certified public expenditures (CPEs) reported to the Department*
27 *of Health and Human Services, the department is allowed to recoup funds necessary to remain in compliance with federal Medicaid*

10 (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is
11 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a
12 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

13 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing

33 student organizations, and from the operations of canteens and bookstores, and from approved Private Practice plans at institutions
34 and affiliated agencies may be retained at the institution and expended by the respective institutions only in accord with policies
35 established by the institution's Board of Trustees. Such funds shall be audited annually by the State but the provisions of this act

1 concerning unclassified personnel compensation, travel, equipment purchases and other purchasing regulations shall not apply to the
2 use of these funds.

3 **117.9.** (GP: Transfers of Appropriations) Agencies and institutions shall be authorized to transfer appropriations within programs
4 and within the agency with notification to the Executive Budget Office and Comptroller General. No such transfer may exceed
5 twenty percent of the program budget. Upon request, details of such transfers may be provided to members of the General Assembly
6 on an agency by agency basis. Transfers of appropriations from personal service accounts to other operating accounts or from other
7 operating accounts to personal service accounts may be restricted to any established standard level set by the State Fiscal
8 Accountability Authority upon formal approval by a majority of the members of the State Fiscal Accountability Authority.

9 **117.10.** (GP: Federal Funds - DHEC, DSS, DHHS - Disallowances) Amounts appropriated to the Department of Health and
10 Environmental Control, Department of Social Services and Department of Health and Human Services may be expended to cover
11 program operations of prior fiscal years where adjustment of such prior years are necessary under federal regulations or audit
12 exceptions. All disallowances or notices of disallowances by any federal agency of any costs claimed by these agencies shall be
13 submitted to the State Auditor, the Senate Finance Committee and the House Ways and Means Committee, within five days of receipt
14 of such actions.

15 **117.11.** (GP: Fixed Student Fees) During the current fiscal year, student fees at the state institutions of higher learning shall be
16 fixed by the respective Boards of Trustees as follows:

17 (1) Fees applicable to student housing, dining halls, student health service, parking facility, laundries and all other personal
18 subsistence expenses shall be sufficient to fully cover the total direct operating and capital expenses of providing such facilities and
19 services over their expected useful life except those operating or capital expenses related to the removal of asbestos.

20 (2) Student activity fees may be fixed at such rates as the respective Boards shall deem reasonable and necessary.

21 **117.12.** (GP: Tech Educ. Colleges Student Activity Fees) Notwithstanding any other provisions of this act, funds at technical
22 education colleges derived wholly from the activities of student organizations and from the operations of canteens and bookstores
23 may be retained by the college and expended only in accord with policies established by the respective college's area commission
24 and approved by the State Board for Technical and Comprehensive Education.

25 **117.13.** (GP: Discrimination Policy) It is the policy of the State of South Carolina to recruit, hire, train, and promote employees
26 without discrimination because of race, color, sex, national origin, age, religion or physical disability. This policy is to apply to all
27 levels and phases of personnel within state government, including but not limited to recruiting, hiring, compensation, benefits,
28 promotions, transfers, layoffs, recalls from layoffs, and educational, social, or recreational programs. It is the policy of the State to
29 take affirmative action to remove the disparate effects of past discrimination, if any, because of race, color, sex, national origin, age,
30 religion or physical disability.

31 Each state agency shall submit to the State Human Affairs Commission employment and filled vacancy data by race and sex by
32 October thirty-first, of each year.

33 In accordance with Section 1-13-110 of the 1976 Code, as amended, the Human Affairs Commission shall submit a report on the
34 status of state agencies' Affirmative Action Plans and Programs to the General Assembly by February first each year. This report
35 shall contain the total number of persons employed in each job group, by race and sex, at the end of the preceding reporting period,
36 a breakdown by race and sex of those hired or promoted from within the agency during the reporting period, and an indication of

1 whether affirmative action goals were achieved. For each job group referenced in the Human Affairs report, where the hiring of
2 personnel does not reflect the percentage goals established in the agency's affirmative action plan for the year in question, the state
3 agency shall submit a detailed explanation to the Human Affairs Commission by February fifteenth, explaining why goals were not
4 achieved.

5 The Human Affairs Commission shall review the explanations and notify the Department of Administration of any agency not in
6 satisfactory compliance with meeting its stated goals.

7 The Department of Administration shall notify any agency not in compliance that their request for additional appropriations for
8 the current appropriation cycle, may not be processed until such time as the Department of Administration, after consultation with
9 the Human Affairs Commission, is satisfied that the agency is making a good faith effort to comply with its affirmative action plan,
10 and that the compliance must be accomplished within a reasonable length of time to be determined by the mission and circumstances
11 of the agency. This requirement shall not affect additional appropriation requests for public assistance payments or aid to entities.
12 This section does not apply to those agencies that have been exempted from the reporting requirements of the Human Affairs
13 Commission.

14 **117.14.** (GP: Personal Service Reconciliation, FTEs) In order to provide the necessary control over the number of employees,
15 the Executive Budget Office is hereby directed to maintain close supervision over the number of state employees, and to require
16 specifically the following:

17 (1) That no state agency exceed the total authorized number of full-time equivalent positions and those funded from state
18 sources as provided in each section of this act except by majority vote of the State Fiscal Accountability Authority.

19 (2) That the Executive Budget Office shall maintain and make, as necessary, periodic adjustments thereto, an official record
20 of the total number of authorized full-time equivalent positions by agency for state and total funding sources.

21 (a) That within thirty days of the passage of the Appropriation Act or by August first, whichever comes later, each agency
22 of the State must have established on the Executive Budget Office records all positions authorized in the Act. After that date, the
23 office shall delete any non-established positions immediately from the official record of authorized full-time equivalent positions.
24 No positions shall be established by the office in excess of the total number of authorized full-time equivalent positions. Each agency
25 may, upon notification to the Executive Budget Office, change the funding source of state FTE positions established on the Executive
26 Budget Office records as necessary to expend federal and other sources of personal service funds to conserve or stay within the state
27 appropriated personal service funds. No agency shall change funding sources that will cause the agency to exceed the authorized
28 number of state or total full-time equivalent positions. Each agency may transfer FTE's between programs as needed to accomplish
29 the agency mission.

30 (b) That by September thirtieth, the office shall prepare a personal service analysis, by agency, which shows the number
31 of established positions for the fiscal year and the amount of funds required, by source of funds, to support the FTE's for the fiscal
32 year at a funding level of one hundred percent. The office shall then reconcile each agency's personal service detail with the agency's
33 personal service appropriation as contained in the Act adjusted for any pay increases and any other factors necessary to reflect the
34 agency's personal service funding level. The office shall provide a copy of each agency's personal service reconciliation to the
35 Senate Finance and House Ways and Means Committees.

1 (c) That any position which is shown by the reconciliation to be unfunded or significantly underfunded may be deleted at
2 the direction of the State Fiscal Accountability Authority.

3 (3) That full-time equivalent (FTE) positions shall be determined under the following guidelines:

4 (a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.

5 (b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for
6 that position.

7 (c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty
8 with a duration of nine months.

9 The FTE method of accounting shall be utilized for all authorized positions.

10 (4) That the number of positions authorized in this act shall be reduced in the following circumstances:

11 (a) Upon request by an agency.

12 (b) When anticipated federal funds are not made available.

13 (c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions
14 in any state agency.

15 (5) That the Executive Budget Office shall annually reconcile personal service funds with full-time employee count. Unfunded
16 positions will be eliminated no later than January fifteenth of the current fiscal year unless specifically exempted elsewhere in this
17 act or by the Executive Budget Office. The Executive Budget Office must report the full-time employee count and unfunded position
18 status to the Senate Finance Committee and the Ways and Means Committee by February first of the current fiscal year.

19 (6) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but
20 temporary positions may be so funded.

21 (7) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation
22 Plan under item I of Section 8-11-260 of the 1976 Code.

23 The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of
24 personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one
25 hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new
26 positions).

27 **117.15.** (GP: Allowance for Residences & Compensation Restrictions) That salaries paid to officers and employees of the State,
28 including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office or of
29 employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for
30 at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The charge
31 for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each agency
32 maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal
33 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical
34 care at the MUSC Medical Center, nor to the Superintendent and staff of John de la Howe School, nor to the cottage parents and staff
35 of Wil Lou Gray Opportunity School, nor to full-time or part-time staff who work after regular working hours in the SLED
36 Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science and Mathematics and the

1 Governor's School for Arts and Humanities who are required to stay on campus by the institution because of job requirements or
2 program participation. Any state institution of higher learning may provide complimentary membership privileges to employees
3 who work at their wellness centers. The presidents of those state institutions of higher learning authorized to provide on-campus
4 residential facilities for students may be permitted to occupy residences on the grounds of such institutions without charge.

5 Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the amount
6 to be approved by the State Fiscal Accountability Authority.

7 That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm Director,
8 Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State Commission of
9 Forestry fire tower operators, forestry aides, and caretaker at central headquarters; the Department of Natural Resources' Game
10 Management Personnel, Fish Hatchery Personnel, and Fort Johnson Superintendent; the Department of Parks, Recreation and
11 Tourism field personnel in the State Parks Division; Director of Wil Lou Gray Opportunity School; President of the School for the
12 Deaf and the Blind; houseparents for the Commission for the Blind; South Carolina Department of Health and Environmental Control
13 personnel at the State Park Health Facility and Camp Burnt Gin; Residence Life Coordinators at Lander University; Residence Life
14 Directors, temporary and transition employees, student interns, and emergency personnel at Winthrop University; Farm
15 Superintendent at Winthrop University; Residence Hall Directors at the College of Charleston; the Department of Disabilities and
16 Special Needs' physicians and other professionals at Whitten Center, Clemson University Off-Campus Agricultural Staff and
17 Housing Area Coordinators; and TriCounty Technical College's Bridge to Clemson Resident and Area Directors; and housing
18 maintenance night supervisors, residence life directors, temporary and transition employees, and emergency medical personnel
19 occupying residences owned by the University of South Carolina. Except in the case of elected officials, the fair market rental value
20 of any residence furnished to a state employee shall be reported by the state agency furnishing the residence to the Agency Head
21 Salary Commission, and the Department of Administration by October first of each fiscal year.

22 All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan, approved
23 by the Department of Administration, applicable to all personnel of the State Government whose compensation is not specifically
24 fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal service is
25 drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and unclassified
26 employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary adjustment
27 shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire. Academic
28 personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered by the
29 plan may be excluded therefrom but their compensations as approved by the Department of Administration shall, nevertheless, be
30 subject to review by the State Fiscal Accountability Authority. Salary appropriations for employees fixed in this act shall be in full
31 for all services rendered, and no supplements from other sources shall be permitted or approved by the State Fiscal Accountability
32 Authority. With the exception of travel and subsistence, legislative study committees shall not compensate any person who is
33 otherwise employed as a full-time state employee. Salaries of the heads of all agencies of the State Government shall be specifically
34 fixed in this act and no salary shall be paid any agency head whose salary is not so fixed. As long as there is no impact on appropriated
35 funds, state agencies and institutions shall be allowed to spend public funds and/or other funds for designated employee award
36 programs which shall have written criteria approved by the agency governing board or commission. For purposes of this section,

1 monetary awards, if any, shall not be considered a part of an employee's base salary, a salary supplement, or a perquisite of
2 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the
3 Department of Administration.

4 In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply if
5 the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet
6 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average
7 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging
8 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent
9 paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the
10 close of the calendar year in which the taxable year begins, or, in the case of a rental period not greater than one year, at any time
11 during the calendar year in which the period begins.

12 **117.16.** (GP: Universities & Colleges - Allowance for Presidents) Presidents of the University of South Carolina, Clemson
13 University, the Medical University of South Carolina, The Citadel, Winthrop University, South Carolina State University, Francis
14 Marion University, University of Charleston, Coastal Carolina University and Lander University must not be paid a fixed allowance
15 for personal expenses incurred in connection with the performance of their official duties. Reimbursements may be made to the
16 presidents from funds available to their respective institutions for any personal expenses incurred provided that all requests for
17 reimbursement are supported by properly documented vouchers processed through the normal accounting procedures of the
18 institutions.

19 **117.17.** (GP: Replacement of Personal Property) The Department of Juvenile Justice, Department of Corrections, Department
20 of Probation, Parole and Pardon Services, Department of Mental Health, Department of Disabilities and Special Needs, Continuum
21 of Care, Department of Social Services and School for the Deaf and the Blind may replace the personal property of an employee
22 which has been damaged or destroyed by a client while in custody of the agency. The replacement of personal property may be
23 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head
24 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry
25 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per
26 incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

27 **117.18.** (GP: Business Expense Reimbursement) Agency heads and deputy commissioners or deputy directors designated by
28 agency heads may receive reimbursements for business expenses incurred while performing their official duties, provided that
29 receipts are presented when seeking reimbursement and justification is submitted to document the time, place, and purpose of the
30 expense as well as the names of the individuals involved. The Department of Administration shall promulgate regulations governing
31 these expenses.

32 **117.19.** (GP: Per Diem) The per diem allowance of all boards, commissions and committees shall be at the rate of \$35 per day.
33 No full-time officer or employee of the State shall draw any per diem allowance for service on such boards, commissions or
34 committees.

35 **117.20.** (GP: Travel - Subsistence Expenses & Mileage) Travel and subsistence expenses, whether paid from state appropriated,
36 federal, local or other funds, shall be allowed in accordance with the following provisions:

1 (A) Unless otherwise provided in paragraphs B through H of this section, all employees of the State of South Carolina or any
2 agency thereof including employees and members of the governing bodies of each technical college while traveling on the business
3 of the State shall, upon presentation of a paid receipt, be allowed reimbursement for actual expenses incurred for lodging, not to
4 exceed the current maximum lodging rates, excluding taxes, established by the U.S. General Services Administration. The lodging
5 reimbursement for employees of a school district must also conform to these rates when that employee's travel reimbursement is
6 paid by state funds that are transferred to the school district. Agencies may contract with lodging facilities to pay on behalf of an
7 employee. Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority
8 by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the
9 obtaining of meals except that such costs shall not exceed \$25 per day within the State of South Carolina. For travel outside of South
10 Carolina the maximum daily reimbursement for meals shall not exceed \$32. Agencies may contract with food or dining facilities to
11 pay for meals on behalf of employees in accordance with rules and regulations established by the Office of Comptroller General. It
12 shall be the responsibility of the agency head to monitor the charges for lodging which might be claimed by his employees in order
13 to determine that such charges are following maximum lodging rates as established by the U.S. General Services Administration.
14 Any exceptions must have the written approval of the agency head, taking into consideration location, purpose of travel or other
15 extenuating circumstances. The provisions of this item shall not apply to Section 42-3-40 of the 1976 Code, and when pertaining to
16 institutions of higher learning, for travel paid with funds other than General Funds.

17 (B) That employees of the State, when traveling outside the United States, Canada, and Puerto Rico upon promotional business
18 for the State of South Carolina shall be entitled to actual expenses for both food and lodging.

19 (C) The Governor, Lieutenant Governor, Secretary of State, Comptroller General, Attorney General, State Treasurer, Adjutant
20 General, Superintendent of Education and the Commissioner of Agriculture shall be reimbursed actual expenses for subsistence.

21 (D) Non-legislative members of committees appointed pursuant to Acts and Resolutions of the General Assembly whose
22 membership consists solely of members of the General Assembly or members of the General Assembly and other personnel who are
23 not employees of the State of South Carolina shall be allowed subsistence expenses of \$35 per day while traveling on official business,
24 unless otherwise designated by law. Members of such committees may opt to receive actual expenses incurred for lodging and actual
25 expenses incurred in the obtaining of meals in lieu of the allowable subsistence expense.

26 (E) Members of the state boards, commissions, or committees whose duties are not full-time and who are paid on a per diem
27 basis, shall be allowed reimbursement for actual expenses incurred at the rates provided in paragraph A and I of this section while
28 away from their places of residence on official business of the State. One person accompanying a handicapped member of a state
29 board, commission, or committee on official business of the State shall be allowed the same reimbursement for actual expenses
30 incurred at the rates provided in paragraph A through I of this section.

31 (F) No subsistence reimbursement shall be allowed to a Justice of the Supreme Court or Judge of the Court of Appeals while
32 traveling in the county of his official residence. When traveling on official business of said court within fifty miles outside the county
33 of his official residence, a Supreme Court Justice and a Judge of the Court of Appeals shall be allowed subsistence expenses in the
34 amount of \$35 per day plus such mileage allowance for travel as is provided for other employees of the State. When traveling on
35 official business of said court fifty or more miles outside the county of his official residence, each Justice and Judge of the Court of
36 Appeals shall be allowed subsistence expenses in the amount as provided in this act for members of the General Assembly plus such

1 mileage allowance for travel as is provided for other employees of the State. The Chief Justice, or such other person as the Chief
2 Justice designates, while attending the Conference of Chief Justices and one member of the Supreme Court while attending the
3 National Convention of Appellate Court Judges, and three Circuit Judges while attending the National Convention of State Trial
4 Judges shall be allowed actual subsistence and travel expenses.

5 Upon approval of the Chief Justice, Supreme Court Justices, Judges of the Court of Appeals, Circuit Judges, and Family Court
6 Judges shall be reimbursed for actual expenses incurred for all other official business requiring out-of-state expenses at the rate
7 provided in paragraph A of this section.

8 (G) No subsistence reimbursements are allowed to a Circuit Judge, a Family Court Judge, or an Administrative Law Judge while
9 holding court within the county in which he resides. While holding court or on other official business outside the county, within
10 fifty miles of his residence, a Circuit Court Judge, Family Court Judge, or an Administrative Law Judge is entitled to a subsistence
11 allowance in the amount of \$35 per day plus such mileage allowance for travel as is provided for other employees of the State. While
12 holding court or on other official business at a location fifty miles or more from his residence, a Circuit Court, Family Court or
13 Administrative Law Judge is entitled to a subsistence allowance in the amount as provided in this act for members of the General
14 Assembly plus such mileage allowance for travel as is provided for other employees of the State.

15 (H) Any retired Justice, Circuit Court Judge or Family Court Judge or Master-in-Equity appointed by the Supreme Court to serve
16 as a Special Circuit Judge, Family Court Judge, Appeals Court Judge, or Acting Associate Justice shall serve without pay but shall
17 receive the same allowance for subsistence, expenses, and mileage as provided in Part I for Circuit Court Judges.

18 (I) No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by
19 which he is employed except as provided in paragraph E, of this section. When an employee is assigned to work a particular territory
20 or district, and such territory or district and his official headquarters are in different localities or sections of the State, expenses may
21 be allowed for the necessary travel to his official headquarters. The members of the Workers' Compensation Commission may be
22 reimbursed at the regular mileage rate of one round trip each week from their respective homes to Columbia. No subsistence
23 reimbursement shall be allowed to a member of the Workers' Compensation Commission while traveling in the county of his official
24 residence. When traveling on official business of the commission outside the county of his official residence, a member of the
25 Workers' Compensation Commission shall be allowed subsistence expenses in the amount of \$35 per day. When traveling on official
26 business of the commission fifty or more miles outside the county of his official residence, each member shall be allowed a
27 subsistence allowance in the amount as provided in this act for members of the General Assembly. When out-of-state, members of
28 the Workers' Compensation Commission and the members of the Appellate Panel of the Department of Employment and Workforce
29 may claim the established amount of per diem, as stated in the General Appropriation Act, or actual expenses as deemed reasonable
30 by the Comptroller General. The members of the Appellate Panel of the Department of Employment and Workforce may be
31 reimbursed at the regular mileage rate when the member is on official business fifty miles or more outside of Columbia. The members
32 of the Appellate Panel of the Department of Employment and Workforce shall be allowed subsistence allowance in the amount as
33 provided in this act for members of the General Assembly when the member is on official business fifty miles or more outside of
34 Columbia.

35 (J) When an employee of the State shall use his or her personal automobile in traveling on necessary official business, a charge
36 to equal the standard business mileage rate as established by the Internal Revenue Service will be allowed for the use of such

1 automobile and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this
2 calculation shall be the current rate established by the Internal Revenue Service. Whenever state provided motor pool vehicles are
3 reasonably available and their use is practical and an employee of the State shall request for his own benefit to use his or her personal
4 vehicle in traveling on necessary official business, a charge of four cents per mile less than the standard business mileage rate as
5 established by the Internal Revenue Service will be allocated for the use of such vehicle and the employee shall bear the expense of
6 supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the
7 Internal Revenue Service. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep
8 thereof but no mileage will be allowed. Agencies and employees are directed to use state fueling facilities to the maximum extent
9 possible, when such use is cost beneficial to the State. When using commercial fueling facilities, operators of State-owned vehicles
10 are directed to use self-service pumps. In traveling on the business of the State, employees are required to use the most economical
11 mode of transportation, due consideration being given to urgency, schedules and like factors.

12 Mileage between an employee's home and his/her place of employment is not subject to reimbursement. However, when an
13 employee leaves on a business trip directly from his/her home, and does not go by the employee's headquarters, the employee shall
14 be eligible for reimbursement for actual mileage beginning at his/her residence.

15 (K) That a state agency may advance travel and subsistence expense monies to employees of that agency for the financing of
16 ordinary and necessary travel required in the conducting of the business of the agency. The Office of Comptroller General is directed
17 to develop and publish rules and regulations pertaining to the advancing of travel expenses and no state agency shall make such
18 advances except under the rules and regulations as published. All advances for travel and subsistence monies shall be repaid to the
19 agency within thirty days after the end of the trip or by July fifteenth, whichever comes first.

20 (L) That the state institutions of higher learning are authorized to reimburse reasonable relocation expenses for new employees
21 when such reimbursements are considered by the agency head to be essential to successful recruitment of professionally competent
22 staff members.

23 (M) The Office of Comptroller General is authorized to promulgate and publish rules and regulations governing travel and
24 subsistence payments.

25 (N) No state funds may be used to purchase first class airline tickets.

26 **117.21.** (GP: Organizations Receiving State Appropriations Report) Each organization receiving a contribution in this act shall
27 render to the state agency making the contribution by November first of the fiscal year in which funds are received, an accounting
28 of how the state funds will be spent, a copy of the adopted budget for the current year, and also a copy of the organization's most
29 recent operating financial statement. The funds appropriated in this act for contributions shall not be expended until the required
30 financial statements are filed with the appropriate state agency. No funds in this act shall be disbursed to organizations or purposes
31 which practice discrimination against persons by virtue of race, creed, color or national origin. The State Auditor shall review and
32 audit, if necessary, the financial structure and activities of each organization receiving contributions in this act and make a report to
33 the General Assembly of such review and/or audit, when requested to do so by the State Fiscal Accountability Authority.

34 **117.22.** (GP: State-Owned Aircraft - Flight Logs) Each agency having in its custody one or more aircraft shall maintain a
35 continuing log on all flights, which in order to promote accountability and transparency shall be open for public inspection and shall
36 also be posted online. Any and all aircraft owned or operated by agencies of the State Government shall be used only for official

1 business. The Division of Aeronautics and other agencies owning and operating aircraft may furnish transportation to the Governor,
2 Constitutional Officers, members of the General Assembly, members of state boards, commissions, and agencies and their invitees
3 for official business only; no member of the General Assembly, no member of a state board, commission, or committee, and no state
4 official shall use any state-owned or operated aircraft unless the member or official files within twenty-four hours after the completion
5 of the flight with the agency that provided the flight a sworn statement certifying and describing the official nature of his trip; and
6 no member of the General Assembly, no member of a state board, commission or committee, and no state official shall be furnished
7 air transportation by a state agency unless such agency prepares and maintains in its files a sworn statement from the highest ranking
8 official of the agency or its designee certifying that the member's or state official's trip was in conjunction with the official business
9 of the agency. Official business shall not include routine transportation to and from meetings of the General Assembly or committee
10 meetings for which mileage is authorized. Official business also does not include attending a press conference, bill signing, or
11 political function.

12 All logs shall be signed by the parties using the flight and the signatures shall be maintained as part of the permanent record of
13 any agency. All passengers shall be listed on the flight log by their legal name; passengers flying with an appropriate official of
14 SLED or the Department of Commerce whose confidentiality must, in the opinion of SLED or the department, be protected shall be
15 listed in writing on the flight log as "Confidential Passenger SLED or the Department of Commerce (strike one)" and the appropriate
16 official of SLED or the department shall certify to the agency operating the aircraft the necessity for such confidentiality. The
17 Division of Aeronautics shall post its flight logs on its website within one working day of completion of trips.

18 Violation of the above provisions of this section is prima facie evidence of a violation of Section 8-13-700(A) of the 1976 Code
19 and shall subject a violating member of the General Assembly to the ethics procedure of his appropriate house and shall subject a
20 violating member of a state board, commission or committee, or a state official to the applicable ethics procedure relating to them as
21 provided by law. The above provisions do not apply to state-owned or operated aircraft when used by the Medical University of
22 South Carolina, nor to aircraft of the athletic department or the educational foundations of any state-supported institution of higher
23 education, nor to law enforcement officers when flying on state-owned aircraft in pursuit of fugitives, missing persons, or felons or
24 for investigation of gang, drug, or other violent crimes.

25 Aircraft owned by agencies of state government shall not be leased to individuals for their personal use.

26 **117.23.** (GP: Carry Forward) Each agency is authorized to carry forward unspent general fund appropriations from the prior
27 fiscal year into the current fiscal year, up to a maximum of ten percent of its original general fund appropriations less any

8 healthcare workers in critical needs healthcare jobs based on objective guidelines established by the Department of Administration.
9 The employee bonus amount shall be approved by the State Human Resources Director and shall not exceed \$10,000 per year.
10 Payment of these bonuses is not a part of the employee's base salary and is not earnable compensation for purposes of employee and
11 employer contributions to respective retirement systems.

12 These agencies may also provide paid educational leave for any employees in an FTE position to attend class while enrolled in
13 healthcare degree programs that are related to the agency's mission. All such leave is at the agency head's discretion.

14 These agencies may enter into an agreement with Psychiatrists, Psychologists, and Nurses employed in those positions to repay
15 them for their outstanding student loans associated with completion of a healthcare degree. The employee must be employed in a
16 critical needs area, which would be identified at the agency head's discretion. Critical needs areas could include rural areas, areas

21 Employees of these agencies working on a practicum or required clinical experience towards completion of a healthcare degree
22 may be allowed to complete these requirements at their state agency or another state agency at the discretion of the agency head.

25 probationary employees to participate in tuition programs; and provide tuition prepayment instead of tuition reimbursement for
26 employees willing to pursue a degree in a healthcare program. An agency may pay up to fifty percent of an employee's tuition
27 through tuition prepayment. The remaining tuition could be reimbursed to the employee after successful completion of the class.

2 days per fiscal year. During this voluntary furlough, the state employees shall be entitled to participate in the same state benefits as
3 otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee
4 contributions, the state agencies, institutions and departments will be responsible for making both employer and employee
5 contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the
6 employee remains solely responsible for making those contributions. In the event an agency's reduction is due solely to the General
7 Assembly transferring or deleting a program, this provision does not apply.

8 **117.69.** (GP: Governor's Security Detail) The State Law Enforcement Division, the Department of Public Safety, and the
9 Department of Natural Resources shall provide a security detail to the Governor in a manner agreed to by the State Law Enforcement

24 in the same state benefits as otherwise available to them except for receiving their salaries. As to those benefits which require
25 employer and employee contributions, the state agency will be responsible for making both employer and employee contributions if
26 coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the agency head
27 remains solely responsible for making those contributions.

28 Placement of an agency head on furlough under this provision does not constitute a grievance or appeal under the State Employee
29 Grievance Procedure Act. In the event the reduction for the state agency or institution of higher learning is due solely to the General
30 Assembly transferring or deleting a program, this provision does not apply. Agencies may allocate the agency head's reduction in

22 **117.77.** (GP: Cost Savings When Filling Vacancies Created by Retirements) During the current fiscal year, whenever classified
23 FTEs become vacant because of employee retirements, it is the intent of the General Assembly that state agencies should realize
24 personnel costs savings of at least twenty-five percent in the aggregate when managing these vacant positions. Prior to filling a
25 classified FTE which has become vacant because of a retirement, an agency must review and determine the appropriate salary for
26 the position as well as determine whether the agency can manage without filling the position or by delay in filling the position. Prior
27 to filling the vacant FTE, agencies must follow all laws and regulations concerning posting and competitive solicitation and

9 management and administration of the lease and receives lease payments directly. The Educational Television Commission shall
10 retain and expend funds received pursuant to the lease for agency operations. The commission shall be authorized to carry forward
11 unexpended funds from the prior fiscal year into the current fiscal year. In the event of a default by the current lease holder, the

21 If at the end of each quarterly deficit monitoring review by the Executive Budget Office, it is determined by either the Executive
22 Budget Office or a state agency, department, or institution that the likelihood of a deficit for the current fiscal year exists, the state
23 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget
24 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the
25 Executive Budget Office shall either request the General Assembly to recognize the deficit if it determines the deficit avoidance plan
26 will not be sufficient to avoid a deficit or notify the General Assembly of how the deficit will be avoided based on the deficit
27 avoidance plan if the Executive Budget Office determines the plan will be sufficient to avoid a deficit.

28 Upon notification from the Executive Budget Office that an agency will run a deficit and requesting that it be recognized, the
29 General Assembly, by joint resolution, may make a finding that the cause of, or likelihood of, a deficit is unavoidable due to factors
30 which are outside the control of the state agency, department, or institution, and recognize the deficit. Any legislation to recognize
31 a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency,
32 department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

33 If the General Assembly recognizes the deficit, then the actual deficit at the close of the fiscal year must be reduced as necessary

23 shall prescribe a common format for the report which agencies must use. In order to promote accountability and transparency, a link
24 to the report shall be posted on the Comptroller General's website as well as the agency's homepage.

25 When the State Auditor conducts or contracts for an audit of a state agency, accounts of the agency subject to this proviso must be
26 included as part of the review.

27 If an agency determines that the release of the information required in this provision would be detrimental to the state or the
28 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting
29 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.
30 However, the exemption may only be granted upon a majority vote of the State Fiscal Accountability Authority in a public meeting.

9 operating expenses as directed in Section 63-1-50 of the 1976 Code. Funds transferred to the University of South Carolina for the

11 expenditures shall be made to the Executive Budget Office within thirty days of the close each fiscal quarter, and the Executive
12 Budget Office shall distribute this information to the Chairman of the Senate Finance Committee and the Chairman of the House
13 Ways and Means Committee. The remaining revenue resulting from this reduction shall be transferred to the Department of Juvenile
14 Justice to be used for mentoring or alternatives to incarceration programs. Unexpended funds authorized by this provision may be

20 trial, make a final determination whether the action or decision giving rise to the suit was made by the government employee within
21 the scope of their official duty. If the court finds that the government employee was acting outside the scope of the employee's
22 official duties, the government shall not thereafter expend any funds to pay or defend the claim. If the court finds the government
23 employee was acting within the scope of their official duties, the employee is immune from suit, liability, and damages with respect
24 to the civil conspiracy claim. The government may only expend funds to defend the claim if the determination is that the employee
25 was acting within the scope of their official duties. Nothing in this proviso prevents an insurance provider from defending and
26 paying, respectively, any claims that the provider has contractually agreed to defend and pay.

27 **117.88.** (GP: Recovery Audits) The State Fiscal Accountability Authority shall contract with one or more firms to conduct

6	<u>ABLE Savings Program</u>	<u>\$ 100,000</u>

7 (C) Of the funds appropriated in this provision for Maintenance: Critical Care and Repair (1:1 Match), the institutions shall use
8 the amount appropriated only for critical repair and related maintenance and/or other critical equipment and systems repair and
9 maintenance that are necessary for the safe and efficient operation of an institution's physical plant in its support of the institution's
10 educational purpose.

11 Funds must not be used for new construction and may only be utilized by an institution to the extent the funds are matched by the
12 institution for necessary repair and maintenance projects generally.

13 Matching funds exclude supplemental, capital reserve, lottery, or non-recurring state funds appropriated to an institution either
14 in the current fiscal year or from a prior fiscal year for repair and maintenance or deferred maintenance projects.

15 Prior to the utilization of these funds, institutions must certify to the Commission on Higher Education, in a manner it prescribes,
16 the extent to which they have met this requirement, including the sources of funds utilized to meet this requirement.

17 Not later than one hundred twenty days after the close of the fiscal year, the Commission on Higher Education shall report to the
18 Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee regarding the utilization
19 of this provision.

20 Funds not expended in the prior fiscal year may be carried forward into the current fiscal year and utilized for the same purpose,
21 subject to the matching requirement.

22 (D) There is established the 'South Carolina Farm Aid Fund' which shall be administered by the Department of Agriculture and
23 used to operate a grant program that provides financial assistance to farmers. This fund is separate and distinct from the general
24 fund of the State and all other funds.

25 To be eligible for a grant, the person must have:

26 (1) experienced a verifiable loss of agricultural commodities of at least forty percent as a result of the catastrophic flooding
27 of October 2015, for which:

28 (a) the Governor declared a state of emergency in the State; and

29 (b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm
30 is located;

31 (2) a farm number issued by the Farm Service Agency; and

32 (3) signed an affidavit, under penalty of perjury, certifying that each fact of the loss presented by the person is accurate.

33 The Department of Revenue shall assist the Department of Agriculture in the administration of the grant program by providing
34 auditing services, accounting services, and review and oversight of all financial aspects of the grant program. There is created the
35 Farm Aid Advisory Board to make recommendations to the Department of Agriculture regarding the duties of the department in
36 administering the grant program. The Commissioner of Agriculture, or his designee, shall serve ex officio, as chairman of the board.

1 Also, the Director of the Department of Revenue, or his designee, the Vice President for Public Service and Agriculture of Clemson
2 Public Service Activities, or his designee, and the Vice President for Land Grant Services of South Carolina State Public Service
3 Activities, or his designee, shall serve on the board. Finally, the following additional members shall be appointed to the board:

4 (1) the Commissioner of Agriculture shall appoint one member representing South Carolina Farm Bureau;

5 (2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;

6 (3) the Director of the Department of Revenue shall appoint one member of the crop insurance industry; and

7 (4) the Director of the Department of Revenue shall appoint and one agricultural commodities producer.

8 No later than July 31, 2016, the board shall hold its initial meeting to recommend an application process by which a person with
9 a loss resulting from the flooding in October 2015, may apply for a grant. Upon adoption of an application process, the Department
10 of Agriculture shall provide the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance
11 Committee with a written copy of its application process within ten days after its adoption. A person shall apply not later than
12 forty-five days after the adoption of the application process. The Department of Agriculture must ensure every person interested in
13 applying for a grant has access to adequate resources to submit his application in a timely manner, and upon request, the department
14 must assist a person with the preparation of his application.

15 Each grant awarded by the Department of Agriculture may not exceed twenty percent of the person's verifiable loss of agricultural
16 commodities. However, a person, including any grant made to a related person, may not receive grants aggregating more than one
17 hundred thousand dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined
18 with losses covered by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount
19 to be included in the limits set by this section must be the amount of the grant multiplied by the person's ownership interest in the
20 related person. However, a person who shares an ownership interest with another person or entity may not be refused a grant solely
21 because the other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant
22 amount is limited by the person's ownership interest. If the total amount of grants allowed pursuant to this paragraph exceeds the
23 monies in the fund, then each person's grant must be reduced proportionately.

24 To determine loss, the department:

25 (1) must measure the person's cumulative total loss of all affected agricultural commodities for 2015 against the person's
26 expected production of all agricultural commodities affected by the flood in 2015;

27 (2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance
28 Corporation, to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities,
29 the department shall use the most recent year's county price and county yield, as applicable, as determined by the National
30 Agriculture Statistics Service, United States Department of Agriculture; and

31 (3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the
32 ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the Department
33 of Agriculture shall require the submission of dated, signed, and continuous records. These records may include, but are not limited
34 to, commercial receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements,
35 truck scale tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape,
36 invoices for custom harvesting, u-pick records, and insurance documents.

1 Grant awards must be used for agricultural production expenses and losses due to the flood which demonstrate an intent to
 2 continue the agricultural operation; however, awards may not be used to purchase new equipment. The Department of Agriculture
 3 shall develop guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may
 4 require any documentation it determines necessary to verify the appropriate use of grant awards including receipts.

5 If the Department of Agriculture determines that a person who received a grant provided inaccurate information, then the person
 6 shall refund the entire amount of the grant. If the department determines that a person who received a grant used the funds for
 7 ineligible expenses, then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate
 8 amount, the Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.
 9 If the department determines that a person knowingly provided false information to obtain a grant pursuant to this section or
 10 knowingly used funds for ineligible expenses the person shall be subject to prosecution pursuant to Section 16-13-240.

11 Within forty-five days of the completion of the awarding of grants, but no later than June 30, 2017, the Farm Aid Advisory Board
 12 is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

13 For purposes of this provision:

14 (1) 'Agricultural commodities' means wheat, cotton, flax, corn, dry beans, oats, barley, rye, tobacco, rice, peanuts, soybeans,
 15 sugar beets, sugar cane, tomatoes, grain sorghum, sunflowers, raisins, oranges, sweet corn, dry peas, freezing and canning peas,

 24 in this proviso, codified in the 1976 Code, then the provisions contained in the 1976 Code shall govern the operations of the program
 25 and this proviso shall have no force and effect.

 27 collected above the amounts certified by the Board of Economic Advisors. The appropriations are listed in priority order. Item (1)
