Explanation of Fiscal Impact

State Expenditure

House Bill 3353 provides that the State Board for Technical and Comprehensive Education (TEC) shall establish a two year pilot program in five specific counties to facilitate the use of General Educational Development Camps to help people obtain a General Educational Development certificate (GED).

Section 1(B) states that the program must focus on the use of volunteers to provide tutorial assistance for community members who are seeking to obtain their GED. However, TEC indicates there may be a minimal expenditure impact on the General Fund for the administration and oversight of the program.
