**Explanation of Fiscal Impact**

**State Expenditure**

This bill provides factors for the Family Court to consider when determining the existence of changed circumstances related to modification, confirmation, or termination of alimony. The bill also creates a rebuttable presumption that alimony terminates upon the supporting spouse attaining full retirement age. Finally, the bill requires the court to consider the payment of alimony for a period that exceeds the duration of marriage constitutes sufficient grounds for the court to modify, terminate, or establish a fixed duration of time for any further payment obligation.

The Judicial Department reports that this bill would have no expenditure impact on the General Fund, Federal Funds, or Other Funds.
