## OPERATION OF STATE GOVERNMENT

## SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: DHEC - Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

1.3. (SDE: EFA Formula/Base Student Cost Inflation Factor) To the extent possible within available funds, it is the intent of the General Assembly to provide for one hundred percent of full implementation of the Education Finance Act to include an inflation factor projected by the Revenue and Fiscal Affairs Office to match inflation wages of public school employees in the Southeast. The base student cost for the current fiscal year has been determined to be ~~\$2,425~~ \$2,485. For the current fiscal year, the total pupil count is projected to be ~~721,404~~ 727,513. The average per pupil funding is projected to be ~~\$6,120~~ \$6,198 state, of which ~~\$2,339~~ \$2,372 comes from the EFA, ~~\$1,294~~ \$1,281 federal, and ~~\$5,726~~ \$5,982 local. This is an average total funding level of ~~\$13,140~~ \$13,461 excluding revenues of local bond issues. For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a public charter school shall receive and distribute state EFA funds to the charter school as determined by one hundred percent of the current year's base student cost, as funded by the General Assembly multiplied by the weighted students pupils enrolled in the charter school, which must be subject to adjustment for student attendance.

The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections, including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also, as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office, shall also post on their website the one hundred thirty-five day average daily membership for each school district and per pupil state, federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the projected numbers and the exact numbers.

For the current fiscal year, the pupil classification weightings are as follows:

(1) K-12 pupils or base students including homebound students 1.00

Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section 44-7-130 of the 1976 Code shall receive a weighting of 2.10.

1	(2) Weights for students with disabilities as prescribed in Section 59-20-40(1)(c) Special Programs	
2	(3) Precareer and Career Technology	1.29
3	(4) Additional weights for personalized instruction:	
4	(A) Gifted and Talented	0.15
5	(B) Academic Assistance	0.15
6	(C) Limited English Proficiency	0.20
7	(D) Pupils in Poverty	0.20
8	(E) Dual Credit Enrollment	0.15

9 No local match is required for the additional weightings for personalized instruction in the current school year. Charter school per  
 10 pupil calculations for locally sponsored charters will continue to be calculated according to Section 59-40-140 of the 1976 Code.  
 11 Students may receive multiple weights for personalized instruction; however, within each weight, students should only be counted  
 12 once. These weights are defined below:

13 Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

14 Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled  
 15 in Advanced Placement (AP) and International Baccalaureate (IB) courses in high school. Districts shall set-aside twelve percent of  
 16 the funds for serving artistically gifted and talented students in grades three through twelve.

17 Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or  
 18 both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The  
 19 additional weight generates funds needed to provide additional instructional services to these students.

20 Students with limited English proficiency are students who require intensive English language instruction programs and whose  
 21 families require specialized parental involvement intervention.

22 Funds received by a school district pursuant to the dual credit weighting must be used to defray all possible costs of dual credit  
 23 courses for students. Students identified for dual credit enrollment must be identified in PowerSchool as taking a course that will  
 24 lead to both high school credit and post-secondary credit. Districts must utilize these funds to offset the cost of tuition, fees,  
 25 instructors, and instructional materials for qualifying courses with the local technical college or other institution of higher education.  
 26 Each school district shall report to the department the number of students participating in dual credit courses and specify the cost  
 27 borne by each entity. School districts must assist students in accessing Lottery Tuition Assistance when applicable.

28 ~~For the current school year, the Department of Education will continue to use counts from the prior school year to determine~~  
 29 ~~poverty funding for the add-on weighting. The Department of Education will continue to work with school districts to determine~~  
 30 ~~students eligible for the poverty add-on using the data elements used to determine USDA community eligibility to be used in future~~  
 31 ~~years.~~

32 Further, the Department of Education may use school district student counts for personalized instruction as collected in the same  
 33 manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate  
 34 the school district add on weightings for the personalized instruction classifications and the determination of the school districts  
 35 monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five day student average daily membership  
 36 for all classifications. During the current fiscal year the department will update PowerSchool calculations, reports, screen

1 development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation  
2 adjustments by June 30, 2017. The department must provide districts with technical assistance with regard to student count changes  
3 in PowerSchool.

4 **1.4.** (SDE: EFA - Formula) The amount appropriated in Part IA, Section 1 for “Education Finance Act” shall be the maximum  
5 paid under the provisions of Act 163 of 1977 (the South Carolina Education Finance Act of 1977) to the aggregate of all recipients.  
6 The South Carolina Education Department shall develop formulas to determine the state and required local funding as stipulated in  
7 the South Carolina Education Finance Act of 1977. Such formulas shall require the approval of the State Board of Education and  
8 the State Fiscal Accountability Authority. After computing the EFA allocations for all districts, the department shall determine  
9 whether any districts’ minimum required local revenue exceeds the districts’ total EFA Foundation Program. When such instance is  
10 found, the department shall adjust the index of taxpaying ability to reflect a local effort equal to the cost of the districts’ EFA  
11 Foundation Program. The districts’ weighted pupil units are to be included in determination of the funds needed for implementation  
12 of the Education Finance Act statewide.

13 In the event that the formulas as devised by the Department of Education and approved by the State Board of Education and the  
14 State Fiscal Accountability Authority should provide for distribution to the various school districts totaling more than the amount  
15 appropriated for such purposes, subject to the provisions of this proviso, the Department of Education shall reduce each school district  
16 entitlement by an equal amount per weighted pupil so as to bring the total disbursements into conformity with the total funds  
17 appropriated for this purpose. If a reduction is required in the state’s contribution, the required local funding shall be reduced by the  
18 proportionate share of local funds per weighted pupil unit. The Department of Education shall continually monitor the distribution  
19 of funds under the provisions of the Education Finance Act and shall make periodic adjustments to disbursements to ensure the  
20 aggregate of such disbursements do not exceed the appropriated funds.

21 Local districts shall not be mandated or required to inflate the base number in their respective salary schedules by any percentage  
22 greater than the percentage by which the appropriated base student cost exceeds the appropriated base student cost of the prior fiscal  
23 year.

24 **1.5.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein  
25 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district  
26 employee’s salary that is federally funded.

27 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each  
28 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel  
29 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service  
30 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

31 The Department of Juvenile Justice and the Department of Corrections’ school districts must be allocated funds under the fringe  
32 benefits program in accordance with criteria established for all school districts.

33 **1.6.** (SDE: Employer Contributions/Obligations) In order to finalize each school district’s allocations of Employer Contributions  
34 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district’s allocation  
35 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In  
36 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover

1 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision's state funds  
2 until such obligations are met.

3 **1.7.** (SDE: Governor's School for Science & Math) Any unexpended balance on June thirtieth of the prior fiscal year of funds  
4 appropriated to or generated by the Governor's School for Science and Mathematics may be carried forward and expended in the  
5 current fiscal year pursuant to the direction of the board of trustees of the school.

6 **1.8.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education  
7 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides  
8 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness  
9 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located  
10 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost  
11 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided  
12 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by  
13 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing  
14 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for  
15 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the  
16 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. This also applies to John de la Howe  
17 School who also has the authority to seek reimbursement in any situation that the school district has participation in the placement  
18 of the student. John de la Howe School shall be reimbursed the local district's local support per weighted pupil above the statewide  
19 average base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance  
20 Act. Participation will be evidenced by a written agreement from the IEP team or 504 team, written referral, or the school district  
21 initiating the placement process. School districts providing the education shall notify the nonresident district in writing within  
22 forty-five calendar days that a student from the nonresident district is receiving education services pursuant to the provisions of the  
23 proviso. The notice shall also contain the student's name, date of birth, and disabling condition if available. If appropriate financial  
24 arrangements cannot be effected between institutions of the state, including independent school districts under the authority of the  
25 Department of Disabilities and Special Needs, and school districts, institutions receiving educational appropriations shall pay the  
26 local base student cost multiplied by the appropriate pupil weighting. Children residing in institutions of state agencies shall be  
27 educated with nondisabled children in the public school districts if appropriate to their educational needs. Such institutions shall  
28 determine, on an individual basis, which children residing in the institution might be eligible to receive appropriate educational  
29 services in a public school setting. Once these children are identified, the institution shall convene an IEP meeting with officials of  
30 the public school district in which the institution is located. If it is determined by the committee that the least restrictive environment  
31 in which to implement the child's IEP is a public school setting, then the school district in which the institution is located must  
32 provide the educational services. However, that school district may enter into contractual agreements with any other school district  
33 having schools located within a forty-five mile radius of the institution. The cost for educating such children shall be allocated in  
34 the following manner: the school district where the child last resided before being placed in an institution shall pay to the school  
35 district providing the educational services an amount equivalent to the statewide average of the local base student cost multiplied by  
36 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act; the school district providing the

1 educational services shall be able to count the child for all funding sources, both state and federal. The institution and school district,  
2 through contractual agreements, will address the special education and related services to be provided to students. Should the school  
3 district wherein the institution is located determine that the child cannot be appropriately served in a public school setting, then the  
4 institution may request a due process hearing pursuant to the procedures provided for in the Individuals with Disabilities Education  
5 Act.

6 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local  
7 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to  
8 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to  
9 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing  
10 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the  
11 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

12 The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all  
13 required school records, including confidential records, are transferred from the sending to the receiving school within three working  
14 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social  
15 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a  
16 psychological report on the child is available at the school district office) and any other records necessary for the appropriate  
17 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate  
18 permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure  
19 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received  
20 on a child. Upon discharge or release from the treatment facility, the agency placing the child in the receiving school must work  
21 with the school district where the student will reside after treatment to assure continuity of the student's education.

22 **1.9.** (SDE: Instruction in Juvenile Detention Centers) It shall be the responsibility of the school district where a local juvenile  
23 detention center is located to provide adequate teaching staff and to ensure compliance with the educational requirements of this  
24 State. Students housed in local juvenile detention centers are to be included in the average daily membership count of students for  
25 that district and reimbursement by the Department of Education made accordingly.

26 **1.10.** (SDE: Revenue Authorization) The State Department of Education is hereby authorized to collect, expend, and carry  
27 forward revenues in the following areas to offset the cost of providing such services: the sale of publications, manuals and forms,

2 purchases and test rescoring fees. The Department of Education is authorized to expend revenue collected for lost and damaged  
3 instructional materials and the sale of unusable instructional materials for the purpose of contracting for the purchase and maintenance  
4 of a statewide textbook inventory management system, provided that schools' newly-adopted instructional materials needs are met  
5 first.

6 **1.11.** (SDE: School District Bank Accounts) Each school district in this State, upon the approval of the district's governing  
7 body, may maintain its own bank account for the purpose of making disbursement of school district funds as necessary to conduct  
8 school district business and each county treasurer is hereby authorized to transfer such amount as needed, upon receipt of a written  
9 order certified by the district governing body or their designee. Such order shall contain a statement that such amount is for immediate  
10 disbursement for the payment of correct and legal obligation of the school district.

11 **1.12.** (SDE: School Lunch Program Aid) ~~The amount appropriated herein for School Lunch Program Aid shall be divided among~~

23 in Part IA, Section 1, X, Aid to School Districts, for the Children's Case Resolution System or private placements for services  
24 provided to children with disabilities may be used for those expenditures in prior fiscal years. The department is also authorized to  
25 use appropriated funds to pay for textbooks shipped in the fourth quarter of the prior fiscal year.

19 (ii) the name of the payee; and

20 (iii) a statement providing a detailed description of the expenditure.

21 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must  
22 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete  
23 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at  
24 least once a month.

25 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards  
26 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each  
27 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the  
28 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

29 The Comptroller General must establish and maintain a website to contain the information required by this section from a school  
30 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate  
31 between the school districts and search for the information they are seeking.

32 ~~School districts that do not maintain an internet website must transmit all information required by this provision to the Comptroller  
33 General in a manner and at a time determined by the Comptroller General to be included on the internet website.~~

34 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title  
35 30, *of* the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of  
36 Education to exercise its authority to grant waivers under Regulation 43-261.

1       **1.27.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,  
2 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical  
3 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to  
4 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because  
5 of the required Hazmat endorsement to their CDL.

6       **1.28.** (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publically recognized by  
7 the School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions  
8 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

9       **1.29.** (SDE: Governor's School for the Arts and Humanities Carry Forward) Any unexpended balance on June thirtieth of the  
10 prior fiscal year of funds appropriated to or generated by the Governor's School for the Arts and Humanities may be carried forward  
11 and expended in the current fiscal year pursuant to the discretion of the Board of Trustees of the School.

12       **1.30.** (SDE: Governor's Schools' Fees) The South Carolina Governor's School for the Arts and Humanities and the South  
13 Carolina Governor's School for Science and Mathematics are authorized to charge, collect, expend, and carry forward student fees  
14 as approved by their respective Board of Directors. The purpose and amount of any such fees will be to maintain program quality in  
15 both academics and residential support. No student will be denied admittance or participation due to financial inability to pay. The  
16 respective Board of Directors shall promulgate administrative policy governing the collection of all student fees. Both schools shall  
17 conspicuously publish a fee schedule on their respective websites.

18       **1.31.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may  
19 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be  
20 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General  
21 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The  
22 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.  
23 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded  
24 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

25       The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent  
26 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall  
27 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel  
28 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and  
29 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on  
30 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the  
31 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination  
32 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as  
33 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have  
34 their experience credit negatively impacted because of a furlough implementation.

35       During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except  
36 for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to,

1 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making  
2 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only  
3 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on  
4 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may  
5 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within  
6 which the furlough occurs.

7 Each local school district must prominently post on the district's internet website and make available for public viewing and  
8 downloading the most recent version of the school district's policy manual and administrative rule manual.

9 This proviso shall not abrogate the terms of any contract between any school district and its employees.

10 **1.32.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district  
11 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to  
12 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance  
13 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds  
14 distributed to the districts within the county.

15 **1.33.** (SDE: SCGSAH Certified Teacher Designation) Because of the unique nature of the South Carolina Governor's School  
16 for the Arts and Humanities, the Charleston School of the Arts, and the Greenville County Fine Arts Center, the schools are authorized  
17 to employ at its discretion noncertified classroom teachers teaching in the literary, visual and performing arts subject areas who are  
18 otherwise considered to be appropriately qualified in a ratio of up to one hundred percent of the entire teacher staff.

19 **1.34.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or  
20 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on  
21 race or national origin.

22 **1.35.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and  
23 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and  
24 Human Services.

25 **1.36.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's  
26 individual cumulative grade point average for grades nine through twelve on the student's report card.

27 **1.37.** (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school  
28 year are due no later than December first of the current school year when invoiced by the Department of Education. The department  
29 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

30 **1.38.** (SDE: Education Finance Act Reserve Fund) There is created in the State Treasury a fund separate and distinct from the  
31 General Fund of the State and all other funds entitled the Education Finance Act Reserve Fund. All unexpended general funds  
32 appropriated to the Department of Education for the Education Finance Act in the current fiscal year shall be transferred to the  
33 Education Finance Act Reserve Fund. In the event that the amount appropriated for the Education Finance Act is insufficient to fully  
34 fund the base student cost as established by this act, revenues from the Education Finance Act Reserve Fund may be used to  
35 supplement the funds appropriated. By June 30<sup>th</sup> of the current fiscal year, if the department determines that the funds are not needed  
36 to supplement the Education Finance Act, the department may utilize the funds for bus purchase. The General Assembly may make

1 direct appropriations to this fund. All unexpended funds in the Education Finance Act Reserve Fund and any interest accrued by the  
2 fund must remain in the fund and may be carried forward into the current fiscal year.

3 **1.39.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from  
4 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

5 **1.40.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school  
6 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers  
7 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services  
8 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational  
9 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is  
10 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination  
11 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred  
12 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in  
13 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education  
14 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school  
15 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student  
16 and what is clinically indicated being considered.

17 A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility,  
18 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services  
19 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical  
20 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in  
21 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under  
22 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the  
23 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program,  
24 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational  
25 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational  
26 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the  
27 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational  
28 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the  
29 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

30 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting  
31 for Homebound pupils of 2.10, as set forth in Section 59-20-40 of the 1976 Code and any eligible categorical and federal funds.  
32 These funds may be retained by the facility school districts for the purpose of providing the educational programs and services  
33 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the  
34 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a  
35 resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly  
36 by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by

1 the facility school district for that student. However, the reimbursement rate may not exceed \$45 per student per day. Facility school  
2 districts providing the educational services shall notify the resident district in writing within forty-five calendar days that a student  
3 from the resident district is receiving educational services pursuant to the provisions of the proviso. Reimbursements shall be paid  
4 within sixty days of billing, provided the facility district has provided a copy of the invoice to both the District Superintendent and  
5 the finance office of the resident district being invoiced. Should the facility school district be unable to reach agreement with the  
6 resident school district regarding reasonable costs differences, the facility school district shall notify the Department of Education's  
7 Office of General Counsel. The Department of Education shall facilitate a resolution of the dispute between the facility school  
8 district and the resident school district within forty-five days of the notice of dispute. If the issue of reasonable cost differences  
9 should remain unresolved, a facility school district shall have the right to file a complaint in a Circuit Court. Should a resident school  
10 district fail to distribute the entitled funding to the facility school district by the one hundred thirty-five day count, the Department  
11 of Education is authorized to withhold the equivalent amount of EFA funds and transfer those funds to the facility school district.

12 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that  
13 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost  
14 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational  
15 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving  
16 educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided  
17 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident  
18 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs  
19 differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall  
20 facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute.  
21 If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit  
22 Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic  
23 standards in the core content areas. All students with disabilities who are eligible for special education and related services under  
24 the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as  
25 amended, shall receive special education and related services in the least restrictive environment by appropriately certified personnel.  
26 Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned through their  
27 educational efforts. The resident school district and the RTF should develop a memorandum of understanding to outline the  
28 responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district while the  
29 student is housed in the RTF.

30 If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible  
31 for the educational services. The facility school district may choose to provide the educational program to the child and, upon  
32 choosing to do so, shall contract with the appropriate entity for payment of educational serviced provided to the child. Out-of-state  
33 students provided educational services by a facility school district shall not be eligible for funding through the Education Finance  
34 Act.

35 If a child is placed in a RTF by the child's parent or guardian and is not referred, authorized, or placed by the State, the facility  
36 school district may choose to provide the educational program to the child, and upon doing so, must negotiate with the resident

1 school district for services through medical homebound procedures. A facility school district is responsible for compliance with all  
2 child find requirements under Section 504 of the Rehabilitation Act of 1973 and Individuals with Disabilities Act of 2004 (IDEA).

3 All students enrolled in the facility school districts shall have access to the facility school districts' general education curriculum,  
4 which will be tied to the South Carolina academic standards in the core content areas. All students with disabilities who are eligible  
5 for special education and related services under the Individuals with IDEA, as amended, and the State Board of Education (SBE)  
6 regulations, as amended, shall receive special education and related services in the least restrictive environment by appropriately  
7 certified personnel. Students in an RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned  
8 through their educational efforts.

9 With respect to students enrolled in the facility school districts, for accountability purposes, the assessment and accountability  
10 measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The  
11 performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate  
12 line on the facility school district's report card and must not be included in the overall performance ratings of the facility school  
13 district. The Department of Education shall examine the feasibility of issuing report cards for RTFs. For the current fiscal year, a  
14 facility school district shall not have the district's state accreditation rating negatively impacted by deficiencies related to the delivery  
15 of an educational program at a RTF.

16 RTFs shall notify the facility school district as soon as practical, and before admission to the RTF if practical, of a student's  
17 admission to the RTF. RTFs, the facility school districts and the Department of Education shall use their best efforts to secure and/or  
18 exchange information, including documents and records necessary to provide appropriate educational services and/or related services  
19 as necessary to assist the facility school district in determining the resident school district. The Department of Education, in  
20 collaboration with state placing agencies, RTFs, facility school districts, and resident school districts, shall implement a system to  
21 follow the release of students from a RTF and re-enrollment in public, private, or special schools to ensure these students, when  
22 appropriate, are not recorded as dropouts.

16 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations  
17 for the current fiscal year to account for the findings.

18 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of  
19 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by January

35 for the free or reduced price lunch program and Medicaid. All mentors and tutors that are a part of these after school programs or  
36 summer reading camps must have passed a SLED criminal background check. Participant to volunteer or teacher ratio must conform

1 to that of the school district in which the program is located; and (3) the remainder on a per pupil allocation to each school district  
2 based on the number of students who substantially failed to demonstrate third-grade reading proficiency as indicated on the prior  
3 year's state assessment as defined by Section 59-155-120 (10) of the 1976 Code. Summer reading camps must be at least six weeks  
4 in duration with a minimum of four days of instruction per week and four hours of instruction per day, or the equivalent minimum  
5 hours of instruction in the summer. School transportation shall be provided. The camps must be taught by compensated teachers  
6 who have at least an add-on literacy endorsement or who have documented and demonstrated substantial success in helping students

13 by the end of the school year must be offered the opportunity to attend a summer reading camp at no cost to the parent or guardian.  
14 The purpose of the reading camp is to provide students who are significantly below third-grade reading proficiency with the  
15 opportunity to receive quality, intensive instructional services and support. A district may also include in the summer reading camps  
16 students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading  
17 camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the  
18 first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency in comprehending  
19 texts appropriate for his grade level must make the final decision regarding the student's participation in the summer reading camp.

21 funds or permit any school within the district to use any funds to join, affiliate with, pay dues or fees to, or in any way financially

28 members of the association, body, or entity. A private or charter school may not be expelled from or have its membership  
29 unreasonably withheld by the association, body, or entity or restricted in its ability to participate in interscholastic athletics including,  
30 but not limited to, state playoffs or championships based solely on its status as a private school or charter school. The association,

34 may not be denied access to preseason and regular season interscholastic athletics including, but not limited to, jamborees and  
35 invitational tournaments, based solely on its status as a home school athletic team; other rules or policies of the association, body, or  
36 entity would apply;

1 (3) (a) an appeals process in which appeals of the association, body, or entity are made to a disinterested third-body appellate  
2 panel which consists of seven members who serve four year terms, with one person appointed by the delegation of each congressional  
3 district;

4 (b) a member of the panel serves until his successor is appointed and qualifies. A vacancy on the panel is filled in the  
5 manner of the original appointment;

6 (c) members of the appellate panel do not concurrently serve as officers of the association, body, or entity and may not  
7 have served as a member of the executive committee within the last three years. Principals and superintendents are able to appeal a  
8 ruling of the association, body, or entity to the panel. The appellate panel also must provide the final ruling in any appeal brought  
9 against a decision of the association, body, or entity;

13 executive committee of the association, body, or entity be geographically representative of this State.

14 (B) In the event an association, body, or entity fails to include one of the items listed in this proviso, public school districts and  
15 schools must end their affiliation with the association, body, or entity prior to the beginning of the upcoming school year and are

17 **1.61.** (SDE: Governor's Schools Informational Access to Students) For the current fiscal year, school districts must permit both  
18 the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics to collaborate with  
19 individual schools and their staff to share information with students and families about the educational opportunities offered at the  
20 respective Governor's Schools, through avenues including school visits, informational presentations, and posters. By June thirtieth,  
21 of the current fiscal year, the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics  
22 must report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee the  
23 results of these Informational Access efforts. Further, the two Governor's Schools will work with districts, the Department of  
24 Education and School Report Card administrators, to ensure that SAT scores of current Governor's Schools' students are included  
25 in the School Report Card of those students' resident schools and districts.

26 **1.62.** (SDE: Reading/Literacy Coaches) (A) Funds appropriated for Reading/Literacy Coaches must be allocated to school  
27 districts by the Department of Education as follows: (1) for each *primary and* elementary school ~~in which twenty percent or more~~  
28 ~~of the students scored below "meets expectations" on the reading sub score of the English language arts test in the most recent year~~  
29 ~~for which such data are available~~, the school district shall be eligible to receive the lesser of up to \$62,730 or the actual cost of salary  
30 and benefits for a full-time reading/literacy coach; ~~and~~

31 ~~(2) for each elementary school in which fewer than twenty percent of the students scored as referenced in (A)(1), the school~~  
32 ~~district shall be eligible to receive the lesser of up to \$31,365 or fifty percent of the actual cost of salary and benefits for a full-time~~  
33 ~~reading/literacy coach. A school district must provide local support for state funds provided under this paragraph. School districts~~  
34 ~~may use existing local funds currently used for reading assistance as the local support.~~

35 (B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,  
36 except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A

1 district may, however, assign a reading/literacy coach to a primary school rather than to the elementary school to improve the early  
2 literacy skills of young children only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary,  
3 or middle school or a combination of these schools depending on the area of highest need in the district. The school district must  
4 align the placement of coaches to the district reading plan that is approved by the department.

5 (C) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle  
6 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155 of Title 59.

7 (D) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as  
8 an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they  
9 must withhold that districts remaining balance of funds allocated pursuant to this proviso.

10 (E) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.  
11 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:

12 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or

13 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or

14 (3) holds a master's degree or higher in reading or a closely-related field.

15 Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that  
16 the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection (A), including  
17 the local support requirements, shall also apply to any allocations made pursuant to this paragraph.

18 (F) The Department of Education must develop procedures for monitoring the use of funds appropriated for reading/literacy  
19 coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of Education  
20 may receive up to \$100,000 of the funds appropriated for reading/literacy coaches in order to implement this program, provided that  
21 this allocation does not exceed the department's actual costs.

22 (G) Prior to the close of the current fiscal year, any unspent or unallocated funds for reading/literacy coaches shall be used to fund  
23 Summer Reading Camps.

24 (H) The Department of Education shall require:

25 (1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported  
26 reading/literacy coach; as well as the school in which the coach is assigned; and

27 (2) any school district receiving funding under subsection ( G) to account for the specific amounts and uses of such funds.

28 (I) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the  
29 hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will be  
30 used for Summer Reading Camps.

31 (J) Funds appropriated for reading/literacy coaches shall be retained and carried forward to be used for the same purpose but  
32 may not be flexed.

33 ~~(K) For Fiscal Year 2017-18, if increased funding for reading/literacy coaches is not sufficient to provide additional~~  
34 ~~reading/literacy coaches at each elementary school then the funding must be targeted to the areas of greatest need based on the~~  
35 ~~number of students substantially failing to demonstrate reading proficiency as indicated on the prior year's state assessment.~~

1       **1.63.** (SDE: Sports Participation) Any school receiving state funds shall be required to allow a military dependent student who  
2 has transferred from their resident school district to another school district to participate in a sport that was not offered in the resident  
3 school district. Should a school fail to comply with this provision, the Department of Education shall withhold one percent of their  
4 total state allocation.

5       **1.64.** (SDE: Graduation Rates) For the current fiscal year, if a high school has a graduation rate below sixty percent, using  
6 appropriated funds a local school district board of trustees must provide a report detailing a plan to increase the graduation rate in  
7 accordance with the provisions of the Education Accountability Act to the State Board of Education.

8       **1.65.** (SDE: South Carolina Community Block Grants for Education Pilot Program) There is created the South Carolina  
9 Community Block Grants for Education Pilot Program. The purpose of this matching grants program is to encourage and sustain  
10 partnerships between a community and its local public school district or school for the implementation of innovative, state-of-the-art  
11 education initiatives and models to improve student learning. The initiatives and models funded by the grant must be well designed,  
12 based on strong evidence of effectiveness, and have a history of improved student performance.

13       The General Assembly finds that the success offered by these initiatives and programs is assured best when vigorous community  
14 support is integral to their development and implementation. It is the intent of this proviso to encourage public school and district  
15 communities and their entrepreneurial public educators to undertake state-of-the-art initiatives to improve student learning and to  
16 share the results of these efforts with the state's public education community.

17       As used in this proviso:

18       (1) "Community" is defined as a group of parents, educators, and individuals from business, faith groups, elected officials,  
19 nonprofit organizations and others who support the public school district or school in its efforts to provide an outstanding education  
20 for each child. As applied to the schools impacted within a district or an individual school, "community" includes the school faculty  
21 and the School Improvement Council as established in Section 59-20-60 of the 1976 Code;

22       (2) "Poverty" is defined as the percent of students eligible in the prior year for the free and reduced price lunch program and  
23 or Medicaid; and

24       (3) "Achievement" is as established by the Education Oversight Committee for the report card ratings developed pursuant to  
25 Section 59-18-900 of the 1976 Code.

26       The Executive Director of the Education Oversight Committee is directed to appoint an independent grants committee to develop  
27 the process for awarding the grants including the application procedure, selection process, and matching grant formula. The grants  
28 committee will be comprised of seven members, three members selected from the education community and four members from the  
29 business community. The chairman of the committee will be selected by the committee members at the first meeting of the grants  
30 committee. The grants committee will review and select the recipients of the Community Block Grants for Education.

31       The criteria for awarding the grants must include, but are not limited to:

32       (1) the establishment and continuation of a robust community advisory committee to leverage funding, expertise, and other  
33 resources to assist the district or school throughout the implementation of the initiatives funded through the Block Grant Program;

34       (2) a demonstrated ability to meet the match throughout the granting period;

35       (3) a demonstrated ability to implement the initiative or model as set forth in the application; and

1 (4) an explanation of the manner in which the initiative supports the district's or school's strategic plan required by Section  
2 59-18-1310 of the 1976 Code.

3 In addition, the district or school, with input from the community advisory committee, must include:

4 (1) a comprehensive plan to examine delivery implementation and measure impact of the model;

5 (2) a report on implementation problems and successes and impact of the innovation or model; and

6 (3) evidence of support for the project from the school district administration when an individual school applies for a grant.

7 The match required from a grant recipient is based on the poverty of the district or school. No matching amount will exceed more  
8 than seventy percent of the grant request or be less than ten percent of the request. The required match may be met by funds or by  
9 in-kind donations, such as technology, to be further defined by the grants committee. Public school districts and schools that have  
10 high poverty and low achievement will receive priority for grants when their applications are judged to meet the criteria established  
11 for the grant program.

12 However, no grant may exceed \$250,000 annually unless the grants committee finds that exceptional circumstances warrant  
13 exceeding this amount.

14 The Education Oversight Committee will review the grantee reports and examine the implementation of the initiatives and models  
15 to understand the delivery of services and any contextual factors. The Oversight Committee will then highlight the accomplishments  
16 and common challenges of the initiatives and models funded by the Community Block Grant for Education Pilot Program to share  
17 the lessons learned with the state's public education community.

18 For the current fiscal year, funds allocated to the Community Block Grant for Education Pilot Program must be used to provide or  
19 expand high-quality early childhood programs for a targeted population of at-risk four-year-olds. High-quality is defined as meeting  
20 the minimum program requirements of the Child Early Reading Development and Education Program and providing measurable  
21 high-quality child-teacher interactions, curricula and instruction. Priority will be given to applications that involve public-private  
22 partnerships between school districts, schools, Head Start, and private child care providers who collaborate to: (1) provide  
23 high-quality programs to four-year-olds to maximize the return on investment; (2) assist in making the transition to kindergarten; (3)  
24 improve the early literacy, social and emotional, and numeracy readiness of children; and (4) engage families in improving their  
25 children's readiness.

36 current fiscal year. The State Office of First Steps may purchase one device, which would be the property of the Office of First

2 coordinate the usage of the devices among the centers. First Steps shall provide a report documenting its technology and materials

9 the steps on the state teacher salary schedule; an examination of the beginning teacher salary; and an examination of each district's  
10 salary schedule structure. The department shall also include information from each of the districts who are, or were, the original trial  
11 and plaintiff school districts in the Abbeville law suit regarding salary needs in those districts. Recommendations shall be provided

23 ~~receive both the digital version and~~ have options for print/digital student materials to include class sets of textbooks ~~may be awarded~~

25 (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on the state-adopted  
26 ~~textbook~~ instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook  
27 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the

29 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional

5 by state law; and from other activities or functions sponsored by the committee including public awareness campaign activities. Any  
6 unexpended revenue from these sources may be carried forward into the current fiscal year and expended for the same purposes.

7 **1A.12.** (SDE-EIA: Technical Assistance) In order to best meet the needs of underperforming schools, funds appropriated for  
8 technical assistance must be used to provide intensive support to schools and districts with an absolute rating of below average or  
9 at-risk on the most recent annual school report card or with the lowest percentages of students meeting state standards on state  
10 assessments on the most recent state assessments or with the lowest high school graduation rates. The department will create a  
11 system of tiers of technical assistance for low-performing schools and districts that will receive technical assistance. The tiers will  
12 be determined by factors that include, but are not limited to, length of time performance of the school or district has been at-risk/below  
13 average, annual achievement ratings, annual growth ratings, school or district accreditation, and/or financial risk status. The tiers of  
14 technical assistance may include a per student allocation, placement of a principal mentor, transformation coach, instructional leader,  
15 replacement of the principal, reconstitution of a school, and declaration of a state of emergency. Low-performing schools and districts  
16 shall be placed within the tiered technical assistance framework not later than December fifteenth.

17 Low-performing schools shall receive a diagnostic review through the department. In addition, newly identified low-performing  
18 schools and districts must be reviewed by an External Review Team in the year of designation, and every third year thereafter. These  
19 reports shall be made available on the Department of Education's website; any information pertaining to personnel matters or  
20 containing personally identifiable information shall be exempted. Based upon the recommendations in the review(s), low-performing  
21 schools and districts must develop and submit to the Department of Education an updated school renewal or district strategic plan  
22 outlining goals for improvements. The amended plans must address specific strategies designed to increase student achievement and  
23 must include measures to evaluate the success of implementation of the plan.

24 With the funds appropriated to the Department of Education, and any experts placed in the school or district for technical assistance  
25 services, the department will assist low-performing schools and districts in designing and implementing the strategies and  
26 measurement identified in the amended plans and in brokering for technical assistance personnel as stipulated in the plan. In addition,  
27 the department must monitor student academic achievement and progress on implementation and report their findings to the  
28 Chairman of the Senate Finance Committee, the Chairman of the House Ways and Means Committee, the Chairman of the Senate  
29 Education Committee, the Chairman of the House Education and Public Works Committee, the local legislative delegation, and the  
30 Governor in the fall following the school or district designation as low-performing. If the school or school district does not provide  
31 the evaluation information necessary to determine effective use, the principal of the school or the district superintendent may be  
32 subject to receiving a public reprimand by the State Board of Education if it is determined that those individuals are responsible for  
33 the failure to provide the required information.

34 Funds must be used by the department for implementation and delivery of technical assistance services. Using previous report  
35 card data and monitoring reports on the status of implementation of the school renewal plan, the department shall identify priority  
36 schools. Funds appropriated for technical assistance shall be used by the department to work with those schools identified as

1 low-performing and to support priority schools under the tiered system. These funds shall not be transferred to any other funding  
2 category by the school district without prior approval of the State Superintendent of Education and funds are not subject to agency  
3 flexibility provisions.

4 Reconstitution means the redesign or reorganization of the school, which may include the declaration that all positions in the  
5 school are considered vacant. Certified staff currently employed in priority schools must undergo an evaluation in the spring  
6 following the school's identification as a priority school and must meet determined goals to be rehired and continue their employment  
7 at that school. Educators who were employed at a school that is being reconstituted prior to July 2009, and to whom the employment  
8 and dismissal laws apply will not lose their rights in the reconstitution. If they are not rehired or are not assigned to another school  
9 in the school district they have the opportunity for a hearing. However, employment and dismissal laws shall not apply to educators  
10 who are employed in the district and assigned to the priority schools July 1, 2009, in the event of a reconstitution of the school in  
11 which the educator is employed. Those rights are only suspended in the event of a reconstitution of the entire school staff.  
12 Additionally, the rights and requirements of the employment and dismissal laws do not apply to educators who on July 1, 2009, were  
13 on an induction or annual contract, that subsequently were offered continuing contract status after the effective date of this proviso,  
14 and are employed at a school that is subject to reconstitution under this proviso.

15 The reconstitution of a school could take place if the school has been identified as a priority school that has failed to improve  
16 satisfactorily. The decision to reconstitute a school shall be made by the State Superintendent of Education in consultation with the  
17 principal the school board of trustees, and the district superintendent. The decision to reconstitute a school shall be made by April  
18 first, at which time notice shall be given to all employees of the school. The department, in consultation with the district  
19 superintendent, shall develop a staffing plan and a budget for each reconstituted school.

20 The State Superintendent of Education may declare a state of emergency in a district if the accreditation status is probation or  
21 denied, if a majority of the schools fail to show improvement, if the district is classified as being in "high risk" status financially, or  
22 for financial mismanagement resulting in a deficit. The State Superintendent of Education may declare a state of emergency in a  
23 school if the accreditation status is probation or denied, or if the school fails to show improvement. Upon declaration of a state of  
24 emergency, the Superintendent may take over management of the school or district. Management of the school or district may  
25 include direct management, consolidation with another district, charter management, public/private management, or contracting with  
26 an educational management organization or another school district.

27 **1A.13.** (SDE-EIA: Proviso Allocations) In the event an official EIA revenue shortfall is declared by the Board of Economic  
28 Advisors, the Department of Education may reduce any allocation in Section 1A specifically designated by proviso in accordance  
29 with the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office. No allocation for teacher  
30 salaries shall be reduced as a result of this proviso.

31 **1A.14.** (SDE-EIA: School Districts and Special Schools Flexibility) All school districts and special schools of this State may  
32 transfer and expend funds among appropriated state general fund revenues, Education Improvement Act funds, *and* Education Lottery  
33 Act funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance,  
34 to ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated  
35 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance  
36 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for

1 Career and Technology Education, nor *funds* required for debt service or bonded indebtedness. All school districts and special  
2 schools of this State may suspend professional staffing ratios and expenditure regulations and guidelines at the sub-function and  
3 service area level, except for four-year old programs and programs serving students with disabilities who have Individualized  
4 Education Programs.

5 In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per  
6 pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food  
7 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business  
8 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall  
9 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional  
10 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June  
11 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

12 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

13 School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low  
14 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and  
15 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and  
16 expanding virtual instruction.

17 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

18 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil  
19 allocation due to them for each categorical program.

20 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school  
21 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.  
22 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State  
23 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of  
24 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education  
25 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,  
26 and the certification must be conspicuously posted on the internet website maintained by the school district.

27 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical  
28 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the  
29 most economical type of bus fuel.

30 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school  
31 districts based on weighted pupil units.

32 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,  
33 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made  
34 available for public viewing and downloading. The register must include for each expenditure:

- 35 (i) the transaction amount;  
36 (ii) the name of the payee; and

1 (iii) a statement providing a detailed description of the expenditure.

2 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must  
3 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete  
4 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at  
5 least once a month.

6 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards  
7 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each  
8 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the  
9 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

10 The Comptroller General must establish and maintain a website to contain the information required by this section from a school  
11 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate  
12 between the school districts and search for the information they are seeking.

13 ~~School districts that do not maintain an internet website must transmit all information required by this provision to the Comptroller  
14 General in a manner and at a time determined by the Comptroller General to be included on the internet website.~~

15 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title  
16 30, *of* the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of  
17 Education to exercise its authority to grant waivers under Regulation 43-261.

18 **1A.15.** (SDE-EIA: Teacher Salary Supplement) The department is directed to carry forward prior year unobligated teacher salary  
19 supplement and related employer contribution funds into the current fiscal year to be used for the same purpose. Any unexpended  
20 funds in teacher salary supplement may be used to fund shortfalls in the associated employer contribution funding in the current  
21 fiscal year.

22 **1A.16.** (SDE-EIA: Dropout Prevention and High Schools That Work Programs) The Department of Education must report  
23 annually by December first, to the Governor, the Chairman of the Senate Finance Committee, the Chairman of the House Ways and  
24 Means Committee, the Chairman of the Senate Education Committee, and the Chairman of the House Education and Public Works  
25 Committee on the effectiveness of dropout prevention programs funded by the Education and Economic Development Act and on  
26 the High Schools that Work Programs' progress and effectiveness in providing a better prepared workforce and student success in  
27 post-secondary education. The department, school districts, and special schools may carry forward unexpended funds from the prior  
28 fiscal year into the current fiscal that were allocated for High Schools That Work.

29 **1A.17.** (SDE-EIA: Assessment) The department is authorized to carry forward into the current fiscal year, prior year state  
30 assessment funds for the same purpose. Reimbursements shall resume in the current fiscal year for PSAT, pre-ACT or 10th grade  
31 Aspire.

32 **1A.18.** (SDE-EIA: Report Card Information) The percentage each school district expended on classroom instruction as defined  
33 by the Department of Education's InSite classification for "Instruction" must be printed on the Annual School and District Report  
34 Card.

35 **1A.19.** (SDE-EIA: Core Curriculum Materials) The funds appropriated in Part IA, Section 1, VIII.A.3 for instructional materials  
36 for core curriculum shall be expended consistent with the requirements of Section 59-31-600 of the 1976 Code requiring the

1 development of higher order thinking skills and critical thinking which should be integrated throughout the core curriculum  
2 instructional materials. Furthermore, the evaluation criteria used to select instructional materials with funds appropriated in Part IA,  
3 Section 1, VIII.A.3 shall include a weight of up to ten percent of the overall criteria to the development of higher order thinking skills  
4 and critical thinking.

5 **1A.20.** (SDE-EIA: Certified Staff Technology Proficiency) To ensure the effective and efficient use of the funding provided by  
6 the General Assembly in Part IA, Section 1 VIII.D. for school technology in the classroom and internet access, the State Department  
7 of Education shall approve district technology plans that specifically address and incorporate certified staff technology competency  
8 standards and local school districts must require certified staff to demonstrate proficiency in these standards as part of each certified  
9 staff's Professional Development plan. District adopted technology proficiency standards and plans should be, at minimum, aligned  
10 to the International Society for Technology in Education (ISTE) teacher standards. Evidence that districts are meeting the  
11 requirement is a prerequisite to expenditure of a district's technology funds.

12 **1A.21.** (SDE-EIA: Accountability Program Implementation) To support implementation of the accountability program, the  
13 Education Oversight Committee may carry forward unexpended Education Accountability Act funds authorized specifically for the  
14 administration of the Education Oversight Committee. For the current fiscal year the Education Oversight Committee may carry forward  
15 prior year EIA South Carolina Community Block Grants for Education Pilot Program funds not awarded by the grant committee. These  
16 funds must be used for an independent common evaluation of each awarded grant to ensure high quality programs that maximize a  
17 return on the state's investment.

18 **1A.22.** (SDE-EIA: 4K Targeting) EIA funds allocated for the provision of four-year-old kindergarten shall be utilized for the  
19 provision of services to age-eligible children qualifying for free or reduced-price lunch or Medicaid. Children with developmental  
20 delays documented through state approved screening assessments or children with medically documented disabilities who do not  
21 already qualify for special need services should also be considered for enrollment. In the event that more students seek to enroll than  
22 available space permits, districts shall prioritize students (at the time of acceptance) on the basis of family income expressed as a  
23 percentage of the federal poverty guidelines, with the lowest family incomes given the highest enrollment priority.

24 **1A.23.** (SDE-EIA: Reading) ~~Of the funds appropriated for reading/literacy, the Department of Education, schools, and districts~~  
25 ~~shall ensure that resources are utilized to improve student achievement in reading/literacy. To focus on the importance of early~~  
26 ~~reading and writing skills and to ensure that all students acquire reading/literacy skills by the end of grade three, fifty percent of the~~  
27 ~~appropriation shall be directed toward acquisition of reading proficiency to include, but not be limited to, strategies in phonemic~~  
28 ~~awareness, phonics, fluency, vocabulary, and comprehension. Forty percent of the appropriation shall be directed toward classroom~~  
29 ~~instruction and intervention to focus on struggling readers and writers in grades four through eight. Ten percent of the appropriation~~  
30 ~~should be directed toward acceleration to provide additional opportunities for deepening and refinement of literacy skills.~~

31 ~~Fifty percent of the funds shall be allocated to school districts based on the number of weighted pupil units in each school district~~

34 ~~research-based strategies and professional development and to work directly with schools and districts to assist with implementation~~  
35 ~~of research-based strategies. When providing professional development the department and school districts must use the most cost~~  
36 ~~effective method and when able utilize ETV to provide such services throughout the state. The department shall ~~provide for an~~~~

1 ~~evaluation to review first year implementation activities and to~~ establish measurements for monitoring impact on student  
2 achievement.

3 **1A.24.** (SDE-EIA: Students at Risk of School Failure) For the current fiscal year, EIA funds appropriated for students at academic  
4 risk of school failure, must be allocated to school districts based upon two factors: (1) poverty as determined for the poverty add on  
5 weight in Proviso 1.3; and (2) the number of weighted pupil units identified in the prior fiscal year as in need of academic assistance.  
6 At least eighty-five percent of the funds must be spent on instruction and instructional support for students at academic risk.  
7 Instructional support may include family literacy and parenting programs to students at-risk for school failure and their families.  
8 Students at academic risk are defined as students who are not meeting grade level standards in English language arts/reading and  
9 mathematics as evidenced by summative state assessments in grades three through eight or students who are not on track to meeting  
10 or exceeding English language arts/reading or mathematics standards by the end of third grade. Public charter schools, the Palmetto  
11 Unified School District, and the Department of Juvenile Justice must also receive a proportionate per pupil allocation based on the  
12 number of students at academic risk of school failure served.

13 **1A.25.** (SDE-EIA: Professional Development) Of the funds appropriated for professional development, up to \$500,000 may be  
14 expended for gifted and talented teacher endorsement and certification activities. ~~The balance of EIA funds appropriated for~~  
15 ~~professional development must be allocated to districts based on the number of weighted pupil units in each school district in~~  
16 ~~proportion to the statewide weighted pupil units using the one hundred thirty five day count of the prior school year. The funds must~~  
17 ~~be expended on professional development for certificated instructional and instructional leadership personnel in grades kindergarten~~  
18 ~~through twelve across all content areas, including teaching in and through the arts and using technology in classroom instruction.~~  
19 ~~No more than twenty five percent of the funds appropriated for professional development may be retained by the Department of~~  
20 ~~Education for the administration and provision of other professional development services which must be targeted to districts who~~  
21 ~~are or were the original trial and plaintiff school districts in the Abbeville law suit to increase the capacity of educators and leaders~~  
22 ~~in those districts.~~ The Department of Education must provide professional development on assessing student mastery of the content  
23 standards through classroom, formative and end-of-year assessments. The Department of Education also must post on the agency's  
24 website the South Carolina Professional Development Standards and provide training through telecommunication methods to school  
25 leadership on the professional development standards. The department is authorized to carry forward and expend professional  
26 development funds for the same purpose.

27 **1A.26.** (SDE-EIA: Assessments-Gifted & Talented, Advanced Placement, & International Baccalaureate Exams) Funds  
28 appropriated and/or authorized for assessment shall be used for assessments to determine eligibility of students for gifted and talented  
29 programs and for the cost of Advanced Placement and International Baccalaureate exams.

30 **1A.27.** (SDE-EIA: Adult Education) A minimum of thirty percent of the funds appropriated for adult education must be allocated  
31 to school districts to serve adult education students between the ages of seventeen and twenty-one who are enrolled in programs  
32 leading to a state high school diploma, state high school equivalency diploma (GED), or career readiness certificate (~~WorkKeys~~).  
33 The remaining funds will be allocated to districts based on a formula which includes factors such as target populations without a  
34 high school credential, program enrollment the previous school year, number of students making an educational gain the previous  
35 school year, and performance factors such as number of high school credentials and career readiness certificates awarded the previous  
36 school year. Overall levels of state funding must meet the federal requirement of state maintenance of effort. Each school district

1 must collect information from both the student and the school including why the student has enrolled in Adult Education and whether  
2 or not the student is pursuing a GED or Diploma. The school district must then provide a quarterly report to the Department of  
3 Education and must include the unique student identifier. The department, in turn, will provide summary information to the House  
4 Ways and Means Committee, the House Education and Public Works Committee, the Senate Finance Committee and the Senate  
5 Education Committee on the information. Up to a maximum of \$300,000, of funds may be used to establish an initiative by which  
6 qualifying adult education students may qualify for a free high school equivalency test. The Department of Education shall establish  
7 guidelines for the free high school equivalency testing initiative.

8 **1A.28.** (SDE-EIA: Clemson Agriculture Education Teachers) The funds appropriated in Part IA, Section VIII.E. for Clemson  
9 Agriculture Education Teachers must be transferred to Clemson University PSA to fund summer employment of agriculture teachers  
10 and to cover state-mandated salary increases on that portion of the agriculture teachers' salaries attributable to summer employment.  
11 If sufficient funds remain, Clemson University PSA may utilize such funds for a Regional Coordinator.

12 **1A.29.** (SDE-EIA: Full-Day 4K) Eligible students residing in a school district that met the poverty level for participation in the  
13 prior school year are eligible to participate in the South Carolina Early Reading Development and Education Program in the current  
14 school year. Public and private providers shall be funded for instructional costs at a rate of ~~\$4,422~~ \$4,510 per student enrolled.  
15 Eligible students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined  
16 by the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for a  
17 reimbursement of ~~\$563~~ \$574 per eligible child transported. All providers who are reimbursed are required to retain records as  
18 required by their fiscal agent. New providers participating for the first time in the current fiscal year and enrolling between one and  
19 six eligible children shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers enrolling  
20 seven or more such children eligible for funding not to exceed \$10,000. Providers receiving equipment funding are expected to  
21 participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure  
22 to participate for three years will require the provider to return a portion of the equipment allocation at a level determined by the  
23 Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data  
24 as requested by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding  
25 for public school students whose complete records have been entered into PowerSchool and end-of-year adjustments shall be based  
26 on the one hundred and thirty-five day student average daily membership.

27 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are  
28 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,  
29 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust  
30 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual  
31 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that  
32 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations  
33 for the current fiscal year to account for the findings.

34 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of  
35 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by January  
36 fifteenth of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both

1 public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the  
2 program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of  
3 Education shall issue a unique student identifier for each child receiving services from a private provider. The Department of  
4 Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day  
5 four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and  
6 maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall  
7 use this data and all other collected and maintained data necessary to conduct a research based review of the program's  
8 implementation and assessment of student success in the early elementary grades.

9 **1A.30.** (SDE-EIA: Aid to Districts) Funds appropriated in Part IA, Section 1, VIII.A.1. Aid to Districts shall be dispersed *monthly*  
10 to school districts ~~based on the number of weighted pupil units.~~ *For the current fiscal year, the remaining funds shall be allocated*  
11 *to districts based on the number of weighted pupil units.*

12 **1A.31.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the  
13 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for  
14 individuals who teach children of poverty through weekend college, nontraditional or alternative learning opportunities.

15 **1A.32.** (SDE-EIA: IDEA Maintenance of Effort) Prior to the dispersal of funds appropriated in Section VIII.A.1. Aid to Districts  
16 according to Proviso 1A.30 for the current fiscal year, in the event that there is a reduction in state funds or there are changes in the  
17 Education Finance Act/Base Student Cost formula that would reduce support for children with disabilities, the Department of  
18 Education is authorized to utilize funds appropriated in Section VIII.A.1. Aid to Districts to ensure maintenance of state financial  
19 support for the IDEA. The department shall distribute these funds using the current fiscal year one hundred thirty-five day Average  
20 Daily Membership or as directed by the United States Department of Education. Funds provided for these purposes may not be  
21 transferred to any other purpose and therefore are not subject to flexibility. For continued compliance with the federal maintenance  
22 of state financial support requirements of the IDEA, funding for children with disabilities must, to the extent practicable, be held  
23 harmless to budget cuts or reductions to the extent those funds are required to meet federal maintenance of state financial support  
24 requirements under the IDEA. In the event cuts to funds that are needed to maintain fiscal effort are necessary, when administering  
25 such cuts, the department must not reduce funding to support children with disabilities who qualify for services under the IDEA in a  
26 manner that is disproportionate to the level of overall reduction to state programs in general. By December first, the department  
27 must submit an estimate of the IDEA maintenance of state financial support requirement to the General Assembly and the Governor.  
28 For the current fiscal year, the department may carry forward IDEA Maintenance of Effort funds from the prior fiscal year and  
29 expend them in the same manner.

30 **1A.33.** (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000  
31 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally  
32 certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical  
33 contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first  
34 and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career  
35 clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course  
36 exams graded by a national industry organization and must include in their grant request how the money will be spent in direct

1 support of students to further industry-specific career technology education; a description and history of their program nationally and  
2 within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August  
3 first of the following year, the organization must submit to the department a report detailing how the grant increased  
4 industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry  
5 organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student  
6 competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading  
7 to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs;  
8 student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors

31 The statewide minimum teacher salary schedule used in Fiscal Year ~~2016-17~~ 2017-18 will continue to be used in Fiscal Year  
32 2017-18 2018-19 and the starting salary shall be increased to \$32,000 with the remaining salary schedule increased by one percent.

33 Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all  
34 eligible certified teachers employed by the district by no less than one year of experience credit using the district salary schedule  
35 utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for all eligible

1 certified teachers. For Fiscal Year 2018-19, the requirement that school districts maintain local salary supplements per teacher no  
2 less than their prior fiscal year level is suspended if additional State funds fill the gap.

3 Funds appropriated in Part IA, Section 1, VIII.C.2. for Teacher Salaries must be used to increase salaries of those teachers eligible  
4 pursuant to Section 59-20-50(4)(b), to include classroom teachers, librarians, guidance counselors, psychologists, social workers,

35 technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to  
36 students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on

1 creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based  
2 methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty  
3 schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like

6 (B) During the current fiscal year CERRA shall publish eligibility requirements and applications for individual educators, school  
7 districts, and institutions of higher education not inconsistent with existing licensure requirements for each, but also including:

8 (1) Eligible districts identified by CERRA as experiencing greater than eleven percent average annual teacher turnover, as

15 (4) Any incentives requiring individuals to relocate into an eligible district to provide instructional services shall not be  
16 made available to individuals providing instructional services in other eligible districts.

17 (C) Pursuant to item (A), CERRA shall develop a set of incentives including, but not limited to, salary supplements, education  
18 subsidies, loan forgiveness, professional development, and mentorship to be provided to classroom educators that offer instructional  
19 services in eligible districts and shall provide incentive options for eligible individuals at all stages of their careers, including

13 **1A.56.** (SDE-EIA: Project Read) Of the funds appropriated in Section 1A. VIII.A.3. for Reading, \$500,000 must be used for  
14 teacher in-service training and professional development related to Project Read. The department may set accountability guidelines  
15 to ensure that funds are spent in accordance with the proviso.

16 **1A.57.** (SDE-EIA: Reading/Literacy Coaches) (A) Funds appropriated for Reading/Literacy Coaches must be allocated to school  
17 districts by the Department of Education as follows: ~~(1) for each *primary and* elementary school in which twenty percent or more~~  
18 ~~of the students scored below “meets expectations” on the reading sub score of the English language arts test in the most recent year~~  
19 ~~for which such data are available, the school district shall be eligible to receive the lesser of up to \$62,730 or the actual cost of salary~~  
20 ~~and benefits for a full-time reading/literacy coach; and~~

21 ~~(2) for each elementary school in which fewer than twenty percent of the students scored as referenced in (A)(1), the school~~  
22 ~~district shall be eligible to receive the lesser of up to \$31,365 or fifty percent of the actual cost of salary and benefits for a full-time~~  
23 ~~reading/literacy coach. A school district must provide local support for state funds provided under this paragraph. School districts~~  
24 ~~may use existing local funds currently used for reading assistance as the local support.~~

25 (B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,  
26 except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A  
27 district may, however, assign a reading/literacy coach to a primary school rather than to the elementary school to improve the early  
28 literacy skills of young children only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary,  
29 or middle school or a combination of these schools depending on the area of highest need in the district. The school district must  
30 align the placement of coaches to the district reading plan that is approved by the department.

31 (C) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle  
32 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155 of Title 59.

33 (D) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as  
34 an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they  
35 must withhold that districts remaining balance of funds allocated pursuant to this proviso.

1 (E) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.  
2 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:

- 3 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or
- 4 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or
- 5 (3) holds a master's degree or higher in reading or a closely-related field.

6 Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that  
7 the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection (A), including  
8 the local support requirements, shall also apply to any allocations made pursuant to this paragraph.

9 (F) The Department of Education must develop procedures for monitoring the use of funds appropriated for reading/literacy  
10 coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of Education  
11 may receive up to \$100,000 of the funds appropriated for reading/literacy coaches in order to implement this program, provided that  
12 this allocation does not exceed the department's actual costs.

13 (G) Prior to the close of the current fiscal year, any unspent or unallocated funds for reading/literacy coaches shall be used to fund  
14 Summer Reading Camps.

15 (H) The Department of Education shall require:

- 16 (1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported  
17 reading/literacy coach; as well as the school in which the coach is assigned; and
- 18 (2) any school district receiving funding under subsection ( G) to account for the specific amounts and uses of such funds.

19 (I) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the  
20 hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will be  
21 used for Summer Reading Camps.

22 (J) Funds appropriated for reading/literacy coaches shall be retained and carried forward to be used for the same purpose but  
23 may not be flexed.

24 ~~(K) For Fiscal Year 2017-18, if increased funding for reading/literacy coaches is not sufficient to provide additional~~  
25 ~~reading/literacy coaches at each elementary school then the funding must be targeted to the areas of greatest need based on the~~  
26 ~~number of students substantially failing to demonstrate reading proficiency as indicated on the prior year's state assessment.~~

27 **1A.58.** (SDE-EIA: Digital Instructional Materials) The Department of Education shall *continue to* create an instructional materials  
28 list composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption  
29 process. The department shall continue to work with the publishers of instructional materials to ensure that districts ~~who wish to~~  
30 ~~receive both the digital version and~~ *have options for print/digital student materials to include* class sets of textbooks ~~may be awarded~~  
31 ~~that option~~ *print student editions, if needed.* Funds appropriated for the purchase of ~~textbooks and other~~ instructional materials  
32 *(print/digital)* may be used for reimbursing school districts to offset the costs of refurbishing science kits on the state-adopted  
33 ~~textbook~~ *instructional materials* inventory, purchasing new kits *or those adopted as supplemental* from the central textbook  
34 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the  
35 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs,  
36 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional

1 Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the  
2 department, school districts, and special schools. These funds are not subject to flexibility. ~~Digital Instructional Materials shall~~  
3 ~~include the digital equivalent of materials and devices.~~

9 defined through rules or regulations promulgated by the agency, of the child and current foster parents before selecting a different  
10 adoptive placement or other alternative setting. The attachment assessment must be conducted by a qualified attachment expert.  
11 Qualified attachment experts may include individuals who can demonstrate training and or education in attachment theory,  
12 developmental psychology, and other qualifications defined through rules or regulations promulgated by the agency.

13 (B) If a child's permanency plan includes reunification with a parent or caregiver, the department shall develop a transition  
14 plan for the child, with input from the Guardian ad Litem and a child-focused or other appropriate mental health professional. The  
15 department's proposed transition plan must include sufficient visitation with the permanent guardian to promote a successful and  
16 emotionally healthy transition for the child, facilitate a positive relationship between caregiver and child, and lessen trauma that  
17 may result from the move. If the department pursues placement with a natural parent, relative, or other adult with whom the child  
18 has never lived, as determined to be in the child's best interest, the department's proposed transition plan must be progressive and  
19 include increased overnight visitation with ongoing assessment of the plan and the child's adjustment by the Guardian ad Litem and  
20 child focused or other appropriate mental health professional. Modifications to the plan must be driven by the child's adjustment to  
21 the transition.

22 (C) The department must file a Termination of Parental Rights petition if a child has been in foster care for 15 of the last 22  
23 months unless there are extenuating circumstances as defined in Section 63-7-1710 as follows:

24 (1) When the child is over the age of 16 and the department has identified another planned permanent living arrangement.

25 (2) The department asserts to the court that the child may be safely returned to the parent because the parent has remedied  
26 the conditions that caused the removal, with or without supervision by the department for up to 12 months.

27 (3) The department's proposed treatment plan can be extended up to 18 months but only if: (a) the department presents  
28 compelling and persuasive evidence of how the parent has demonstrated due diligence in completing the plan; (b) the department  
29 can articulate for the court specific reasons to believe the parent will timely remedy the conditions which led to the removal; (c) the  
30 department affirms that the return of child to the parent would not cause unreasonable risk of harm; (d) the department has  
31 compelling reasons to assert that a Termination of Parental Rights is not in the best interests of the child; (e) the department has  
32 compelling reasons to assert the best interests of the child will be served by the extension.

33 (4) If the department assesses the viability of adoption and determines that adoption is not a viable option and has  
34 compelling reasons to assert that Termination of Parental Rights is not in the best interests of the child, then the department may  
35 pursue a permanent plan of custody or legal guardianship to relative or other person.

1 (D) In accordance with Sections 63-7-1640(G) and 1700(E), the department must file the petition for a Termination of Parental

11 Reimbursement in excess of the hourly rate and limit set forth herein is authorized only if the court certifies, in a written order  
12 with specific findings of fact, prior to the fees being incurred, that reimbursement in excess of the rates or limit is necessary to provide  
13 reimbursement adequate to ensure effective assistance of counsel and reimbursement in excess of the limit is appropriate because  
14 the services to be provided are reasonable and necessary. If prior approval by written order of the court is not obtained, no additional  
15 fees shall be paid under any circumstances.

16 Upon a finding in ex parte proceedings that investigative, expert, or other services are reasonable and necessary for the  
17 representation of the defendant, the court shall authorize the defendant’s attorney to obtain such services on behalf of the defendant  
18 and shall authorize the payment, from funds available to the Commission on Indigent Defense, of fees and expenses not to exceed

20 court certifies, in a written order with specific findings of fact, prior to the expense being incurred, that payment in excess of the  
21 limit is appropriate because the services to be provided are reasonable and necessary to provide adequate defense. Payments shall

33 **61.6.** (INDEF: Public Defender Fee) Every person placed on probation on or after July 1, 2003, who was represented by a public  
34 defender or appointed counsel, shall be assessed a fee of five hundred dollars. The revenue generated from this fee must be collected  
35 by the clerk of court and sent on a monthly basis to the Commission on Indigent Defense. However, if a defendant fails to pay this

1 fee, this failure alone is not sufficient basis for incarceration for a probation violation. This assessment shall be collected and paid  
2 over before any other fees.

3 **61.7.** (INDEF: Defense of Indigents Civil Action Application Fee) (A) A person requesting appointment of counsel in any  
4 termination of parental rights (TPR), abuse and neglect, or any other civil court action in this state shall execute an affidavit that the  
5 person is financially unable to employ counsel and that affidavit shall set forth all of the person's assets. This affidavit must be  
6 completed before counsel may be appointed. If it appears that the person has some assets but they are insufficient to employ private  
7 counsel, the court, in its discretion, may order the person to pay these assets or a portion thereof to the Commission on Indigent  
8 Defense.

9 (B) A forty dollar application fee for appointed counsel services must be collected from every person who executes an affidavit  
10 that they are financially unable to employ counsel. The person may apply to the court, the clerk of court, or other appropriate official  
11 for a waiver or reduction in the application fee. If it is determined that the person is unable to pay the application fee, the fee may  
12 be waived or reduced, provided that if the fee is waived or reduced, the clerk or appropriate official shall report the amount waived  
13 or reduced to the trial judge and the trial judge shall order the remainder of the fee paid by a time payment method or such method  
14 as the trial judge deems appropriate. The clerk of court or other appropriate official shall collect the application fee imposed by this  
15 section and remit the proceeds to the Commission on Indigent Defense on a monthly basis. The monies must be deposited in an  
16 interest-bearing account separate from the general fund and used only to provide for indigent defense services. The monies shall be  
17 administered by the Commission on Indigent Defense. The clerk of court or other appropriate official shall maintain a record of all  
18 persons applying for representation and the disposition of the application and shall provide this information to the Commission on  
19 Indigent Defense on a monthly basis as well as reporting the amount of funds collected or waived.

20 (C) In matters in which a juvenile is brought before a court, the parents or legal guardian of such juvenile shall execute the above  
21 affidavit based upon their financial status and shall be responsible for paying any fee. In matters concerning juveniles, the parents  
22 or legal guardians of said juvenile, shall be advised in writing of this requirement at the earliest stage of the proceedings against said  
23 juvenile.

24 (D) Nothing contained above shall restrict or hinder a court from appointing counsel in any emergency proceedings or where  
25 existing statutes do not provide sufficient time for an individual to complete the application process.

26 (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is  
27 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a  
28 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

29 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing  
30 of a claim shall not constitute a lien against real or personal property of the person unless, in the discretion of the court, part or all of  
31 such claim is reduced to judgment by appropriate order of the court, after serving the person with at least thirty days' notice that  
32 judgment will be entered. When a claim is reduced to judgment, it shall have the same effect as judgments, except as modified by  
33 this provision.

34 **61.8.** (INDEF: Exemption for Pass Through Funding) The funds distributed by the Commission on Indigent Defense to the

12     The commission shall establish all policies, procedures and contract provisions as it deems appropriate for the implementation of  
13 the system, including but not limited to the selection and compensation of contract awardees.

14     **61.12.** (INDEF: Optional Courts and Indigent Representation) If a municipality has or elects to have an optional municipal court  
15 system, it must provide adequate funds for representation of indigents. No public defender shall be appointed in any such court  
16 unless the municipality and the office of the circuit public defender have reached an agreement for indigent representation and no  
17 funds allocated to the commission shall be used to provide compensation for appointed counsel in municipal courts.

1 (b) That by September thirtieth, the office shall prepare a FTE analysis, by agency, which shows the number of authorized,  
2 filled, and vacant positions by source of funds for the current and two previously completed fiscal years. The office shall provide a  
3 copy of each agency's FTE analysis to the Senate Finance and House Ways and Means Committees.

4 (3) That full-time equivalent (FTE) positions shall be determined under the following guidelines:

5 (a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.

6 (b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for  
7 that position.

8 (c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty  
9 with a duration of nine months.

10 The FTE method of accounting shall be utilized for all authorized positions.

11 (4) That the number of positions authorized in this act shall be reduced in the following circumstances:

12 (a) Upon request by an agency.

13 (b) When anticipated federal funds are not made available.

14 (c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions  
15 in any state agency.

16 ~~(5) That the number of positions authorized in this act shall be increased for the sole purpose of classifying Temporary,~~  
17 ~~Time Limited and Temporary Grant positions created prior to July 1, 2017, that merit such classification as FTEs because the agency~~  
18 ~~has determined that the duties will continue indefinitely. The new FTEs created through this process and filled by existing non-FTE~~  
19 ~~staff shall be exempt from the posting process. Additionally, affected Temporary Grant and Time Limited employees shall transfer~~  
20 ~~any unused annual and sick leave to their FTE positions.~~

21 ~~The Division of State Human Resources, in consultation with the Executive Budget Office, shall formulate guidelines for the~~  
22 ~~administration of this item. The request by the agency must include a justification for changing the position, justification of an~~  
23 ~~insufficient vacancy pool, identification of sufficient funds with current appropriations, identification of source of funds to be utilized,~~  
24 ~~and assurance that the FTEs are not being used to create new jobs. The guidelines shall also include a process for submitting requests~~  
25 ~~including a deadline for submission of requests.~~

26 ~~The Department of Administration shall review the request and approve, deny, or modify it as appropriate. The department shall~~  
27 ~~further ensure that the FTE Constitutional limits are observed. This item in no way requires agencies to submit requests, and does~~  
28 ~~not guarantee any employment status to staff. A report on FTE issuance through this item shall be submitted to the Chairman of the~~  
29 ~~Senate Finance Committee and the Chairman of the House Ways and Means Committee no later than January sixth of the current~~  
30 ~~fiscal year.~~

31 ~~(6 5) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but~~  
32 ~~temporary positions may be so funded.~~

33 ~~(7 6) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation~~  
34 ~~Plan under item I of Section 8-11-260 of the 1976 Code.~~

35 The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of  
36 personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one

1 hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new  
2 positions).

3 **117.15.** (GP: Allowance for Residences & Compensation Restrictions) That salaries paid to officers and employees of the State,  
4 including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office or of  
5 employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for  
6 at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The charge  
7 for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each agency  
8 maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal  
9 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical  
10 care at the MUSC Medical Center, nor to the Superintendent and staff of John de la Howe School, nor to the cottage parents and staff  
11 of Wil Lou Gray Opportunity School, nor to full-time or part-time staff who work after regular working hours in the SLED  
12 Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science and Mathematics and the  
13 Governor's School for Arts and Humanities who are required to stay on campus by the institution because of job requirements or  
14 program participation. Any state institution of higher learning may provide complimentary membership privileges to employees  
15 who work at their wellness centers. The presidents of those state institutions of higher learning authorized to provide on-campus  
16 residential facilities for students may be permitted to occupy residences on the grounds of such institutions without charge.

17 Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the amount  
18 to be approved by the State Fiscal Accountability Authority.

19 That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm Director,  
20 Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State Commission of  
21 Forestry fire tower operators, forestry aides, and caretaker at central headquarters; the Department of Natural Resources' Game  
22 Management Personnel, Fish Hatchery Personnel, and Fort Johnson Superintendent; the Department of Parks, Recreation and  
23 Tourism field personnel in the State Parks Division; Director of Wil Lou Gray Opportunity School; President of the School for the  
24 Deaf and the Blind; houseparents for the Commission for the Blind; South Carolina Department of Health and Environmental Control

26 Directors, temporary and transition employees, student interns, and emergency personnel at Winthrop University; Farm

30 maintenance night supervisors, residence life directors, temporary and transition employees, and emergency medical personnel  
31 occupying residences owned by the University of South Carolina. Except in the case of elected officials, the fair market rental value  
32 of any residence furnished to a state employee shall be reported by the state agency furnishing the residence to the Agency Head  
33 Salary Commission, and the Department of Administration by October first of each fiscal year.

34 All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan, approved  
35 by the Department of Administration, applicable to all personnel of the State Government whose compensation is not specifically  
36 fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal service is

1 drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and unclassified  
2 employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary adjustment  
3 shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire. Academic  
4 personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered by the  
5 plan may be excluded therefrom but their compensations as approved by the Department of Administration shall, nevertheless, be  
6 subject to review by the State Fiscal Accountability Authority. Salary appropriations for employees fixed in this act shall be in full  
7 for all services rendered, and no supplements from other sources shall be permitted or approved by the State Fiscal Accountability  
8 Authority. With the exception of travel and subsistence, legislative study committees shall not compensate any person who is

10 fixed in this act and no salary shall be paid any agency head whose salary is not so fixed. As long as there is no impact on appropriated  
11 funds, state agencies and institutions shall be allowed to spend public funds and/or other funds for designated employee award  
12 programs which shall have written criteria approved by the agency governing board or commission. For purposes of this section,  
13 monetary awards, if any, shall not be considered a part of an employee's base salary, a salary supplement, or a perquisite of  
14 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the  
15 Department of Administration.

16 In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply if  
17 the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet  
18 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average  
19 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging  
20 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent  
21 paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the  
22 close of the calendar year in which the taxable year begins, or, in the case of a rental period not greater than one year, at any time  
23 during the calendar year in which the period begins.

27 for personal expenses incurred in connection with the performance of their official duties. Reimbursements may be made to the  
28 presidents from funds available to their respective institutions for any personal expenses incurred provided that all requests for  
29 reimbursement are supported by properly documented vouchers processed through the normal accounting procedures of the  
30 institutions.

31 **117.17.** (GP: Replacement of Personal Property) The Department of Juvenile Justice, Department of Corrections, Department  
32 of Probation, Parole and Pardon Services, Department of Mental Health, Department of Disabilities and Special Needs, Continuum  
33 of Care, Department of Social Services and School for the Deaf and the Blind may replace the personal property of an employee  
34 which has been damaged or destroyed by a client while in custody of the agency. The replacement of personal property may be  
35 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head  
36 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry

1 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per  
2 incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

3 **117.18.** (GP: Business Expense Reimbursement) Agency heads and deputy commissioners or deputy directors designated by  
4 agency heads may receive reimbursements for business expenses incurred while performing their official duties, provided that  
5 receipts are presented when seeking reimbursement and justification is submitted to document the time, place, and purpose of the  
6 expense as well as the names of the individuals involved. The Department of Administration shall promulgate regulations governing  
7 these expenses.

8 **117.19.** (GP: Per Diem) The per diem allowance of all boards, commissions and committees shall be at the rate of \$35 per day.  
9 No full-time officer or employee of the State shall draw any per diem allowance for service on such boards, commissions or  
10 committees.

11 **117.20.** (GP: Travel - Subsistence Expenses & Mileage) Travel and subsistence expenses, whether paid from state appropriated,  
12 federal, local or other funds, shall be allowed in accordance with the following provisions:

13 (A) Unless otherwise provided in paragraphs B through H of this section, all employees of the State of South Carolina or any  
14 agency thereof including employees and members of the governing bodies of each technical college while traveling on the business  
15 of the State shall, upon presentation of a paid receipt, be allowed reimbursement for actual expenses incurred for lodging, not to  
16 exceed the current maximum lodging rates, excluding taxes, established by the U.S. General Services Administration. The lodging  
17 reimbursement for employees of a school district must also conform to these rates when that employee's travel reimbursement is  
18 paid by state funds that are transferred to the school district. Agencies may contract with lodging facilities to pay on behalf of an  
19 employee. Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority  
20 by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the  
21 obtaining of meals except that such costs shall not exceed \$25 per day within the State of South Carolina. For travel outside of South  
22 Carolina the maximum daily reimbursement for meals shall not exceed \$32. Agencies may contract with food or dining facilities to  
23 pay for meals on behalf of employees in accordance with rules and regulations established by the Office of Comptroller General. It  
24 shall be the responsibility of the agency head to monitor the charges for lodging which might be claimed by his employees in order  
25 to determine that such charges are following maximum lodging rates as established by the U.S. General Services Administration.  
26 Any exceptions must have the written approval of the agency head, taking into consideration location, purpose of travel or other  
27 extenuating circumstances. The provisions of this item shall not apply to Section 42-3-40 of the 1976 Code, and when pertaining to  
28 institutions of higher learning, for travel paid with funds other than General Funds.

34 membership consists solely of members of the General Assembly or members of the General Assembly and other personnel who are  
35 not employees of the State of South Carolina shall be allowed subsistence expenses of \$35 per day while traveling on official business,

1 unless otherwise designated by law. Members of such committees may opt to receive actual expenses incurred for lodging and actual  
2 expenses incurred in the obtaining of meals in lieu of the allowable subsistence expense.

3 (E) Members of the state boards, commissions, or committees whose duties are not full-time and who are paid on a per diem  
4 basis, shall be allowed reimbursement for actual expenses incurred at the rates provided in paragraph A and I of this section while  
5 away from their places of residence on official business of the State. One person accompanying a handicapped member of a state  
6 board, commission, or committee on official business of the State shall be allowed the same reimbursement for actual expenses  
7 incurred at the rates provided in paragraph A through I of this section.

8 (F) No subsistence reimbursement shall be allowed to a Justice of the Supreme Court or Judge of the Court of Appeals while  
9 traveling in the county of his official residence. When traveling on official business of said court within fifty miles outside the county  
10 of his official residence, a Supreme Court Justice and a Judge of the Court of Appeals shall be allowed subsistence expenses in the  
11 amount of \$35 per day plus such mileage allowance for travel as is provided for other employees of the State. When traveling on  
12 official business of said court fifty or more miles outside the county of his official residence, each Justice and Judge of the Court of  
13 Appeals shall be allowed subsistence expenses in the amount as provided in this act for members of the General Assembly plus such  
14 mileage allowance for travel as is provided for other employees of the State. The Chief Justice, or such other person as the Chief  
15 Justice designates, while attending the Conference of Chief Justices and one member of the Supreme Court while attending the  
16 National Convention of Appellate Court Judges, and three Circuit Judges while attending the National Convention of State Trial  
17 Judges shall be allowed actual subsistence and travel expenses.

18 Upon approval of the Chief Justice, Supreme Court Justices, Judges of the Court of Appeals, Circuit Judges, and Family Court  
19 Judges shall be reimbursed for actual expenses incurred for all other official business requiring out-of-state expenses at the rate  
20 provided in paragraph A of this section.

21 (G) No subsistence reimbursements are allowed to a Circuit Judge, a Family Court Judge, or an Administrative Law Judge while  
22 holding court within the county in which he resides. While holding court or on other official business outside the county, within  
23 fifty miles of his residence, a Circuit Court Judge, Family Court Judge, or an Administrative Law Judge is entitled to a subsistence  
24 allowance in the amount of \$35 per day plus such mileage allowance for travel as is provided for other employees of the State. While  
25 holding court or on other official business at a location fifty miles or more from his residence, a Circuit Court, Family Court or  
26 Administrative Law Judge is entitled to a subsistence allowance in the amount as provided in this act for members of the General  
27 Assembly plus such mileage allowance for travel as is provided for other employees of the State.

28 (H) Any retired Justice, Circuit Court Judge or Family Court Judge or Master-in-Equity appointed by the Supreme Court to serve  
29 as a Special Circuit Judge, Family Court Judge, Appeals Court Judge, or Acting Associate Justice shall serve without pay but shall  
30 receive the same allowance for subsistence, expenses, and mileage as provided in Part I for Circuit Court Judges.

31 (I) No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by  
32 which he is employed except as provided in paragraph E, of this section. When an employee is assigned to work a particular territory  
33 or district, and such territory or district and his official headquarters are in different localities or sections of the State, expenses may  
34 be allowed for the necessary travel to his official headquarters. The members of the Workers' Compensation Commission may be  
35 reimbursed at the regular mileage rate of one round trip each week from their respective homes to Columbia. No subsistence  
36 reimbursement shall be allowed to a member of the Workers' Compensation Commission while traveling in the county of his official

1 residence. When traveling on official business of the commission outside the county of his official residence, a member of the  
2 Workers' Compensation Commission shall be allowed subsistence expenses in the amount of \$35 per day. When traveling on official  
3 business of the commission fifty or more miles outside the county of his official residence, each member shall be allowed a  
4 subsistence allowance in the amount as provided in this act for members of the General Assembly. When out-of-state, members of  
5 the Workers' Compensation Commission and the members of the Appellate Panel of the Department of Employment and Workforce  
6 may claim the established amount of per diem, as stated in the General Appropriation Act, or actual expenses as deemed reasonable  
7 by the Comptroller General. The members of the Appellate Panel of the Department of Employment and Workforce may be  
8 reimbursed at the regular mileage rate when the member is on official business fifty miles or more outside of Columbia. The members  
9 of the Appellate Panel of the Department of Employment and Workforce shall be allowed subsistence allowance in the amount as  
10 provided in this act for members of the General Assembly when the member is on official business fifty miles or more outside of  
11 Columbia.

12 (J) When an employee of the State shall use his or her personal automobile in traveling on necessary official business, a charge  
13 to equal the standard business mileage rate as established by the Internal Revenue Service will be allowed for the use of such  
14 automobile and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this  
15 calculation shall be the current rate established by the Internal Revenue Service. Whenever state provided motor pool vehicles are  
16 reasonably available and their use is practical and an employee of the State shall request for his own benefit to use his or her personal  
17 vehicle in traveling on necessary official business, a charge of four cents per mile less than the standard business mileage rate as  
18 established by the Internal Revenue Service will be allocated for the use of such vehicle and the employee shall bear the expense of  
19 supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the  
20 Internal Revenue Service. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep  
21 thereof but no mileage will be allowed. Agencies and employees are directed to use state fueling facilities to the maximum extent  
22 possible, when such use is cost beneficial to the State. When using commercial fueling facilities, operators of State-owned vehicles  
23 are directed to use self-service pumps. In traveling on the business of the State, employees are required to use the most economical  
24 mode of transportation, due consideration being given to urgency, schedules and like factors.

25 Mileage between an employee's home and his/her place of employment is not subject to reimbursement. However, when an  
26 employee leaves on a business trip directly from his/her home, and does not go by the employee's headquarters, the employee shall  
27 be eligible for reimbursement for actual mileage beginning at his/her residence.

28 (K) That a state agency may advance travel and subsistence expense monies to employees of that agency for the financing of  
29 ordinary and necessary travel required in the conducting of the business of the agency. The Office of Comptroller General is directed  
30 to develop and publish rules and regulations pertaining to the advancing of travel expenses and no state agency shall make such  
31 advances except under the rules and regulations as published. All advances for travel and subsistence monies shall be repaid to the  
32 agency within thirty days after the end of the trip or by July fifteenth, whichever comes first.

33 (L) That the state institutions of higher learning are authorized to reimburse reasonable relocation expenses for new employees  
34 when such reimbursements are considered by the agency head to be essential to successful recruitment of professionally competent  
35 staff members.

1 (M) The Office of Comptroller General is authorized to promulgate and publish rules and regulations governing travel and  
2 subsistence payments.

3 (N) No state funds may be used to purchase first class airline tickets.

4 **117.21.** (GP: Organizations Receiving State Appropriations Report) Each organization receiving a contribution in this act shall  
5 render to the state agency making the contribution by November first of the fiscal year in which funds are received, an accounting  
6 of how the state funds will be spent, goals to be accomplished, a copy of the adopted budget for the current year, and also a copy of  
7 the organization's most recent operating financial statement. The funds appropriated in this act for contributions shall not be  
8 expended until the required financial statements are filed with the appropriate state agency. No funds in this act shall be disbursed  
9 to organizations or purposes which practice discrimination against persons by virtue of race, creed, color or national origin. The  
10 State Auditor shall review and audit, if necessary, the financial structure and activities of each organization receiving contributions  
11 in this act and make a report to the General Assembly of such review and/or audit, when requested to do so by the State Fiscal  
12 Accountability Authority. From the funds an organization receives from a state agency, for accountability purposes, by June thirtieth  
13 organizations receiving contributions in this act shall submit a report to the state agency making the contribution that includes an  
14 accounting of how the funds were spent and the success of the stated goals. State agencies receiving such data from organizations  
15 shall forward the information to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means  
16 Committee.

17 **117.22.** (GP: State-Owned Aircraft - Flight Logs) Each agency having in its custody one or more aircraft shall maintain a  
18 continuing log on all flights, which in order to promote accountability and transparency shall be open for public inspection and shall  
19 also be posted online. Any and all aircraft owned or operated by agencies of the State Government shall be used only for official  
20 business. The Division of Aeronautics and other agencies owning and operating aircraft may furnish transportation to the Governor,  
21 Constitutional Officers, members of the General Assembly, members of state boards, commissions, and agencies and their invitees  
22 for official business only; no member of the General Assembly, no member of a state board, commission, or committee, and no state  
23 official shall use any state-owned or operated aircraft unless the member or official files within twenty-four hours after the completion  
24 of the flight with the agency that provided the flight a sworn statement certifying and describing the official nature of his trip; and  
25 no member of the General Assembly, no member of a state board, commission or committee, and no state official shall be furnished  
26 air transportation by a state agency unless such agency prepares and maintains in its files a sworn statement from the highest ranking  
27 official of the agency or its designee certifying that the member's or state official's trip was in conjunction with the official business  
28 of the agency. Official business shall not include routine transportation to and from meetings of the General Assembly or committee  
29 meetings for which mileage is authorized. Official business also does not include attending a press conference, bill signing, or  
30 political function.

31 All logs shall be signed by the parties using the flight and the signatures shall be maintained as part of the permanent record of  
32 any agency. All passengers shall be listed on the flight log by their legal name; passengers flying with an appropriate official of  
33 SLED or the Department of Commerce whose confidentiality must, in the opinion of SLED or the department, be protected shall be  
34 listed in writing on the flight log as "Confidential Passenger SLED or the Department of Commerce (strike one)" and the appropriate  
35 official of SLED or the department shall certify to the agency operating the aircraft the necessity for such confidentiality. The  
36 Division of Aeronautics shall post its flight logs on its website within one working day of completion of trips.

1 Violation of the above provisions of this section is prima facie evidence of a violation of Section 8-13-700(A) of the 1976 Code  
2 and shall subject a violating member of the General Assembly to the ethics procedure of his appropriate house and shall subject a  
3 violating member of a state board, commission or committee, or a state official to the applicable ethics procedure relating to them as  
4 provided by law. The above provisions do not apply to state-owned or operated aircraft when used by the Medical University of  
5 South Carolina, nor to aircraft of the athletic department or the educational foundations of any state-supported institution of higher  
6 education, nor to law enforcement officers when flying on state-owned aircraft in pursuit of fugitives, missing persons, or felons or  
7 for investigation of gang, drug, or other violent crimes.

8 Aircraft owned by agencies of state government shall not be leased to individuals for their personal use.

9 **117.23.** (GP: Carry Forward) Each agency is authorized to carry forward unspent general fund appropriations from the prior  
10 fiscal year into the current fiscal year, up to a maximum of ten percent of its original general fund appropriations less any  
11 appropriation reductions for the current fiscal year. Agencies shall not withhold services in order to carry forward general funds.

12 This provision shall be suspended if necessary to avoid a fiscal year-end general fund deficit. For purposes of this proviso, the  
13 amount of the general fund deficit shall be determined after first applying the Capital Reserve Fund provisions in Section  
14 11-11-320(D) of the 1976 Code, and before any transfers from the General Reserve. The amount of general funds needed to avoid  
15 a year-end deficit shall be reduced proportionately from each agency's carry forward amount.

16 Agencies which have separate general fund carry forward authority must exclude the amount carried forward by such separate  
17 authority from their base for purposes of calculating the ten percent carry forward authorized herein. Any funds that are carried  
18 forward as a result of this provision are not considered part of the base of appropriations for any succeeding years.

19 **117.24.** (GP: TEFRA-Tax Equity and Fiscal Responsibility Act) It is the intent of the General Assembly that the State Medicaid  
20 Plan be amended to provide benefits for disabled children as allowed by the Tax Equity and Fiscal Responsibility Act (TEFRA)

22 Health and Environmental Control, the Department of Mental Health, the Department of Disabilities and Special Needs, and the  
23 Department of Health and Human Services shall collectively review and identify existing state appropriations within their respective  
24 budgets that can be used as state match to serve these children. Such funds shall be used effective January 1, 1995 to implement  
25 TEFRA option benefits. Agencies providing services under the provisions of this paragraph must not spend less in the current fiscal  
26 year than expended in the previous fiscal year.

27 **117.25.** (GP: Prison Industries) All agencies funded in this act, when procuring goods and services, shall first consider  
28 contracting for services or purchasing goods and services through the Department of Corrections' Prison Industries Program. The  
29 Department of Corrections shall furnish, upon request, to all agencies a catalogue of goods and services provided by Prison Industries.  
30 The department is hereby directed to develop and market a catalogue of Prison Industries products for nationwide circulation.

31 **117.26.** (GP: Travel Report) Annually on November first, the Comptroller General shall issue a report on travel expenditures  
32 for the prior fiscal year which shall be distributed to the Senate Finance Committee, the House Ways and Means Committee, and the  
33 Statehouse Press Room. The Comptroller General may use up to \$500 of general fund appropriations for the purpose of providing  
34 copies to the media or the public upon request. The report must contain a listing for every agency receiving an appropriation in the  
35 annual General Appropriations Act. The listing must show at a minimum the top ten percent of employees for whom travel expenses  
36 and registration fees were paid within each agency, not to exceed twenty-five employees per agency. Agencies should include

1 position titles for each of the top twenty-five travelers for each agency. Expenditures must include state, federal and other sources  
2 of funds. Expenditures for in-state and out-of-state registration fees (fees to attend conferences, teleconferences, workshops, or  
3 seminars for training on a per person basis) must be shown as a separate subtotal within the grand total for the individual employees  
4 and the agency as a whole. The list for each agency must be in rank order with the largest expenditure first and the name of the  
5 employee must be shown with each amount. Agencies should include a brief summary of the type of travel the agency incurs. The  
6 Comptroller General may provide additional information as deemed appropriate. The Comptroller General shall provide no  
7 exceptions to this report in that the information contained is not considered confidential or restricted for economic development  
8 purposes. However, further disclosure of detailed information shall be restricted as provided for by law.

36 ~~Department of Juvenile Justice, Department of Mental Health, Department of Vocational Rehabilitation, and Wil Lou Gray~~

1 ~~Opportunity School~~ State agencies are allowed to spend state, federal, and other sources of revenue to provide lump sum bonuses  
2 to aid in recruiting and retaining ~~healthcare~~ workers in critical needs ~~healthcare~~ jobs ~~based on objective guidelines established by the~~  
3 ~~Department of Administration~~ which provide services that directly impact the health, safety, and welfare of the public. The employee  
4 bonus amount shall be approved by the State Human Resources Director based on State Human Resources guidelines, and shall not  
5 exceed \$10,000 per year. Payment of these bonuses is not a part of the employee's base salary and is not earnable compensation for  
6 purposes of employee and employer contributions to respective retirement systems. These bonuses shall, however, be considered  
7 earnings for determining if an employee who has returned to work after retirement is subject to the earning limitation imposed in  
8 either Section 9-1-1790(A)(1) or Section 9-11-(4)(a)(i).

9 These agencies may also provide paid educational leave for any ~~employees~~ employee in ~~an a~~ FTE position deemed critical by the  
10 Department of Administration to attend class while enrolled in ~~healthcare~~ degree programs that are related to the agency's mission.  
11 All such leave is at the agency head's discretion.

12 These agencies may enter into an agreement with ~~Psychiatrists, Psychologists, and Nurses~~ individuals employed in ~~those~~ critical  
13 needs positions to repay them for their outstanding student loans associated with completion of a ~~healthcare~~ relevant degree. ~~The~~  
14 ~~employee must be employed in a critical needs area, which would be identified at the agency head's discretion. Critical needs areas~~  
15 ~~could include rural areas, areas with high turnover, or where the agency has experienced recruiting difficulties.~~ Agencies may pay  
16 these employees up to twenty percent or \$7,500, whichever is less, of their outstanding student loan each year over a five-year period.  
17 Payments will be made directly to the employee at the end of each year of employment. The agency will be responsible for verifying  
18 the ~~principle~~ principal balance of the employee's student loan prior to issuing payments.

19 ~~Employees of these agencies working on a practicum or required clinical experience towards completion of a healthcare degree~~  
20 ~~may be allowed to complete these requirements at their state agency or another state agency at the discretion of the agency head.~~  
21 ~~This field placement at another state agency may be considered work time for participating employees.~~

22 ~~These agencies~~ Agencies are also authorized to allow tuition reimbursement from a maximum of ten credit hours per semester;  
23 allow probationary employees to participate in tuition programs; and provide tuition prepayment instead of tuition reimbursement  
24 for employees willing to pursue a degree in a healthcare program. An agency may pay up to fifty percent of an employee's tuition  
25 through tuition prepayment. The remaining tuition could be reimbursed to the employee after successful completion of the class.

26 The Department of Administration shall approve of the designation of critical needs positions applicable to this provision using  
27 guidelines that include, but are not limited to: 1) the difficulty recruiting for the positions as reflected by data such as the vacancy  
28 rate maintained, the average time to fill, the lack of sufficient qualified applicants, and other objective factors; 2) the difficulty  
29 retaining employees in the positions as shown by turnover data; 3) justification by the state agency that the position is critical to the  
30 core mission of the agency and directly impacts the health, safety and welfare of the public; and 4) assurances from the state agency  
31 that there are sufficient existing funds available to pay for items under this provision.

32 Healthcare employees in approved critical needs positions working on a practicum or required clinical experience towards  
33 completion of a healthcare degree may be allowed to complete these requirements at their state agency or another state agency at  
34 the discretion of the agency head. This field placement at another state agency may be considered work time for participating  
35 employees.

1 State agencies must report to the Department of Administration by August 31st of each year any expenditure under this provision.  
2 The Department of Administration shall compile a report of the responses and submit them to the Chairman of the Senate Finance  
3 Committee and the Chairman of the House Ways and Means Committee by October 1<sup>st</sup> of each year.

4 **117.66.** (GP: Governor's Budget Certification) The annual Executive Budget proposed by the Governor must be certified by the  
5 Director of the Revenue and Fiscal Affairs Office or his designee in the same manner as the House Ways and Means and Senate  
6 Finance Committee versions of the budget bill are certified.

7 **117.67.** (GP: Sexually Violent Predator Program) After the Department of Mental Health obtains all necessary project approvals,  
8 the Department of Corrections may utilize inmate labor to perform any portion of the construction of an addition to the Edisto Unit  
9 at the Broad River Correctional Institution, which houses the Department of Mental Health's Sexually Violent Predator Treatment  
10 Program, such addition to be used for additional treatment space and staff offices. For purposes of this project, the Department of  
11 Corrections may exceed the \$350,000 limit on projects for which it may use inmate labor.

12 **117.68.** (GP: Voluntary Furlough) Agency heads may institute a voluntary employee furlough program of not more than ninety  
13 days per fiscal year. During this voluntary furlough, the state employees shall be entitled to participate in the same state benefits as  
14 otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee  
15 contributions, the state agencies, institutions and departments will be responsible for making both employer and employee  
16 contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the  
17 employee remains solely responsible for making those contributions. In the event an agency's reduction is due solely to the General  
18 Assembly transferring or deleting a program, this provision does not apply.

19 **117.69.** (GP: Governor's Security Detail) The State Law Enforcement Division, the Department of Public Safety, and the  
20 Department of Natural Resources shall provide a security detail to the Governor in a manner agreed to by the State Law Enforcement  
21 Division, the Department of Public Safety, the Department of Natural Resources, and the Office of Governor. Reimbursement to the  
22 State Law Enforcement Division, the Department of Public Safety, and the Department of Natural Resources to offset the cost of the  
23 security detail for the Governor shall be made in an amount agreed to by the State Law Enforcement Division, the Department of  
24 Public Safety, the Department of Natural Resources, and the Office of Governor from funds appropriated to the Office of Governor  
25 for this purpose. Law enforcement officers assigned to security detail for the Governor shall only perform services related to security  
26 and shall not provide any unrelated service during the assignment.

27 **117.70.** (GP: Reduction in Force Antidiscrimination) In the event of a reduction in force implemented by a state agency or  
28 institution, the state agency or institution must comply with Title VII of the Civil Rights Act of 1964 or any other applicable federal  
29 or state antidiscrimination laws.

30 **117.71.** (GP: Reduction in Force/Agency Head Furlough) In the event a reduction in force is implemented by a state agency or  
31 institution of higher learning, the agency head shall be required to take five days furlough in the current fiscal year. If more than one  
32 reduction in force plan is implemented in a fiscal year, the mandatory agency head furlough is only required for the initial plan. The  
33 agency head will retain all responsibilities and authority during the furlough. All monies saved from this furlough may be retained  
34 by that agency and expended at the discretion of the agency head. During this furlough, the agency head shall be entitled to participate  
35 in the same state benefits as otherwise available to them except for receiving their salaries. As to those benefits which require  
36 employer and employee contributions, the state agency will be responsible for making both employer and employee contributions if

1 coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the agency head  
2 remains solely responsible for making those contributions.

3 Placement of an agency head on furlough under this provision does not constitute a grievance or appeal under the State Employee  
4 Grievance Procedure Act. In the event the reduction for the state agency or institution of higher learning is due solely to the General  
5 Assembly transferring or deleting a program, this provision does not apply. Agencies may allocate the agency head's reduction in  
6 pay over the balance of the fiscal year for payroll purposes regardless of the pay period within which the furlough occurs. The  
7 Department of Administration shall promulgate guidelines and policies, as necessary, to implement the provisions of this proviso.  
8 State agencies shall report information regarding furloughs to the Department of Administration.

9 For purposes of this provision, agency head includes the president of a technical college as defined by Section 59-103-5 of the  
10 1976 Code.

11 The agency head of the State Board for Technical and Comprehensive Education shall not be required to take this mandatory  
12 furlough based solely on the implementation of a reduction in force plan by a technical college.

13 An agency head shall not be required to take this mandatory furlough based solely on reductions in force implemented as a result  
14 of federal budget cuts or reorganization to accomplish organizational efficiencies.

15 **117.72.** (GP: Printed Report Requirements) (A) For Fiscal Year ~~2017-18~~ 2018-19, state supported institutions of higher learning  
16 shall not be required to submit printed reports mandated by Sections 2-47-40, 2-47-50, and 59-103-110 of the 1976 Code, and shall  
17 instead only submit the documents electronically.

18 Submission of the plans or reports required by Sections 59-101-350, 59-103-30, 59-103-45(4), and 59-103-160(D) shall be waived  
19 for the current fiscal year, except institutions of higher learning must continue to report student pass rates on professional  
20 examinations, and data elements otherwise required for the Commission on Higher Education Management Information System.  
21 The commission, in consultation with institutions, shall take further action to reduce data reporting burdens as possible.

22 (B) For Fiscal Year ~~2017-18~~ 2018-19, the Department of Agriculture shall not be required to submit printed reports mandated by  
23 Section 46-49-10 of the 1976 Code. The department shall provide these reports electronically and shall use any monetary savings  
24 for K5-12 agricultural education programs.

25 (C) For Fiscal Year ~~2017-18~~ 2018-19, the Department of Health and Human Services shall not be required to provide printed  
26 copies of the Medicaid Annual Report required pursuant to Section 44-6-80 of the 1976 Code and shall instead only submit the  
27 documents electronically.

28 (D) For Fiscal Year ~~2017-18~~ 2018-19, the Department of Transportation shall not be required to submit printed reports or  
29 publications mandated by Sections 1-11-58, 2-47-55, and 58-17-1450 of the 1976 Code.

30 The Department of Transportation may combine their Annual Report and Mass Transit Report into their Annual Accountability  
31 Report.

32 **117.73.** (GP: IMD Operations) The Department of Health and Human Services shall produce an annual report on  
33 Medicaid-funded out-of-home placements and associated expenditures which shall be provided to the Chairman of the Senate  
34 Finance Committee, Chairman of the House Ways and Means Committee, and the Governor no later than November first each year.

35 **117.74.** (GP: Fines and Fees Report) In order to promote accountability and transparency, each state agency must provide and  
36 release to the public via the agency's website, a report of all aggregate amounts of fines and fees that were charged and collected by

1 that state agency in the prior fiscal year. The report shall include, but not be limited to: (1) the code section, regulation, or proviso  
2 that authorized the fines and fees to be charged, collected, or received; (2) the amount of the fine or fee; (3) the amount received by  
3 source; (4) the purpose for which the funds were expended by the agency; (5) the amount of funds transferred to the general fund, if  
4 applicable, and the authority by which the transfer took place; and (6) the amount of funds transferred to another entity, if applicable,  
5 and the authority by which the transfer took place, as well as the name of the entity to which the funds were transferred. The report  
6 must be posted online by September first. Additionally, the report must be delivered to the Chairman of the Senate Finance  
7 Committee and the Chairman of the House Ways and Means Committee by September first. Funds appropriated to and/or authorized  
8 for use by each state agency shall be used to accomplish this directive.

9 **117.75.** (GP: Mandatory Furlough) In a fiscal year in which the general funds appropriated for a state agency are less than the  
10 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office  
11 implements a midyear across-the-board budget reduction, and agency heads institute a mandatory employee furlough program, in  
12 determining which employees must participate in the program, agency heads should give consideration to furloughs for contract  
13 employees, post-TERI employees, and TERI employees before other employees. During this mandatory furlough, the state  
14 employees shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries.  
15 As to those benefits which require employer and employee contributions, the state agencies, institutions, and departments will be  
16 responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those  
17 benefits which require only employee contributions, the employee remains solely responsible for making those contributions. In the  
18 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

19 **117.76.** (GP: Reduction In Force) In a fiscal year in which the general funds appropriated for a state agency are less than the  
20 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office  
21 implements a midyear across-the-board budget reduction, and agency heads must make reductions in force, agency heads should  
22 give consideration to reductions of contract employees, post-TERI employees, and TERI employees before other employees. In the  
23 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

24 **117.77.** (GP: Cost Savings When Filling Vacancies Created by Retirements) During the current fiscal year, whenever classified  
25 FTEs become vacant because of employee retirements, it is the intent of the General Assembly that state agencies should realize  
26 personnel costs savings of at least twenty-five percent in the aggregate when managing these vacant positions. Prior to filling a  
27 classified FTE which has become vacant because of a retirement, an agency must review and determine the appropriate salary for  
28 the position as well as determine whether the agency can manage without filling the position or by delay in filling the position. Prior  
29 to filling the vacant FTE, agencies must follow all laws and regulations concerning posting and competitive solicitation and  
30 consideration of applicants. No agency shall enter into any agreement with any employee that violates the terms of this proviso.

31 **117.78.** (GP: Information Technology for Health Care) From the funds appropriated and awarded to the South Carolina  
32 Department of Health and Human Services for the Health Information Technology for Economic and Clinical Health Act of 2009,  
33 the department shall advance the use of health information technology and health information exchange to improve quality and  
34 efficiency of health care and to decrease the costs of health care. In order to facilitate the qualification of Medicare and/or Medicaid  
35 eligible providers and hospitals for incentive payments for meaningful health information technology (HIT) use, a health care  
36 organization participating in the South Carolina Health Information Exchange (SCHIE) or a Regional Health Information

1 Organization (RHIO) or a hospital system health information exchange (HIE) that participates in SCHIEx may release patient records  
2 and medical information, including the results of any laboratory or other tests ordered or requested by an authorized health care  
3 provider within the scope of his or her license or practice act, to another health information organization that requests the information  
4 via a HIE for treatment purposes with or without express written consent or authorization from the patient. A health information  
5 organization that receives or views this information from a patient's electronic health record or incorporates this information into the  
6 health information organization's electronic medical record for the patient in providing treatment is considered an authorized person  
7 for purposes of 42 C.F.R. 493.2 and the Clinical Laboratory Improvement Amendments.

8 **117.79.** (GP: Broadband Spectrum Lease) The General Assembly must approve any exercise of the Middle Band Segment  
9 Channel recapture provisions contained in the Educational Broadband Service Spectrum Lease Agreements if the exercise of the  
10 recapture provisions would result in a decrease in payments received by the State. The Educational Television Commission assumes  
11 management and administration of the lease and receives lease payments directly. The Educational Television Commission shall  
12 retain and expend funds received pursuant to the lease for agency operations. The commission shall be authorized to carry forward  
13 unexpended funds from the prior fiscal year into the current fiscal year. In the event of a default by the current lease holder, the  
14 Educational Television Commission is authorized to use contingent funds up until such time as a new lease can be negotiated by the  
15 State and the Educational Television Commission.

16 **117.80.** (GP: Reduction in Compensation) For the current fiscal year, no state agency or political subdivision of this state may  
17 decrease the compensation of an employee, including dismissal, suspension, or demotion, solely because the employee gave sworn  
18 testimony regarding alleged wrongdoing to a standing committee, subcommittee of a standing committee, or study committee of the  
19 Senate or the House of Representatives. This proviso shall apply regardless of when the alleged wrongdoing occurred.

20 **117.81.** (GP: Deficit Monitoring) It is the responsibility of each state agency, department, and institution to operate within the  
21 limits of its authorized appropriations. All agencies, departments, and institutions are to budget, allocate and manage its authorized  
22 appropriations in a way to avoid an operating deficit for the fiscal year.

23 If at the end of each quarterly deficit monitoring review by the Executive Budget Office, it is determined by either the Executive  
24 Budget Office or a state agency, department, or institution that the likelihood of a deficit for the current fiscal year exists, the state  
25 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget  
26 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the  
27 Executive Budget Office shall either request the General Assembly to recognize the deficit if it determines the deficit avoidance plan  
28 will not be sufficient to avoid a deficit or notify the General Assembly of how the deficit will be avoided based on the deficit  
29 avoidance plan if the Executive Budget Office determines the plan will be sufficient to avoid a deficit.

30 Upon notification from the Executive Budget Office that an agency will run a deficit and requesting that it be recognized, the  
31 General Assembly, by joint resolution, may make a finding that the cause of, or likelihood of, a deficit is unavoidable due to factors  
32 which are outside the control of the state agency, department, or institution, and recognize the deficit. Any legislation to recognize  
33 a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency,  
34 department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

1 If the General Assembly recognizes the deficit, then the actual deficit at the close of the fiscal year must be reduced as necessary  
2 from surplus revenues or surplus funds available at the close of the fiscal year in which the deficit occurs and from funds available  
3 in the General Reserve Fund and the Capital Reserve Fund, as required by the Constitution of this State.

4 Once a deficit has been recognized by the General Assembly, the state agency, department, or institution shall limit travel and  
5 conference attendance to that which is deemed essential by the director of the agency, department, or institution. In addition, the  
6 General Assembly, when recognizing a deficit may direct that any pay increases and purchases of equipment and vehicles must be  
7 approved by the Executive Budget Office.

8 **117.82.** (GP: Commuting Costs) State government employees who use a permanently assigned agency or state-owned vehicle  
9 to commute from their permanently assigned work location to and from the employee's home must reimburse the agency in which  
10 they are employed for commuting use in accordance with IRS regulations based on guidance from the Office of Comptroller General  
11 which must use the Cents per mile Rule, unless they are exempted from such reimbursement by applicable IRS regulations. These  
12 permanently assigned vehicles must be clearly marked as a state or agency vehicle through the use of permanent state-government  
13 license plates and either state or agency seal decals unless the vehicle is used primarily in undercover operations. This requirement  
14 does not apply to a vehicle used by an employee for the purpose of a special travel assignment, for active certified law enforcement  
15 officers authorized to carry firearms, execute warrants, and make arrests, for Constitutional Officers, or for Department of  
16 Transportation employees on call for emergency maintenance.

17 **117.83.** (GP: Bank Account Transparency and Accountability) Each state agency, except state institutions of higher learning,  
18 which has composite reservoir bank accounts or any other accounts containing public funds which are not included in the Comptroller  
19 General's South Carolina Enterprise Information System shall prepare a report for each account disclosing every transaction of the  
20 account in the prior fiscal year. The report shall be submitted to the State Fiscal Accountability Authority by October first of each  
21 fiscal year. The report shall include the name(s) and title(s) of each person authorized to sign checks or make withdrawals from each  
22 account, the name and title of each person responsible for reconciling each account, the beginning and year-end balance of funds in  
23 each account, and data related to both deposits and expenditures of each account. The report shall include, but not be limited to, the  
24 date, amount, and source of each deposit transaction and the date, name of the payee, the transaction amount, and a description of  
25 the goods or services purchased for each expenditure transaction. To facilitate review, the State Fiscal Accountability Authority  
26 shall prescribe a common format for the report which agencies must use. In order to promote accountability and transparency, a link  
27 to the report shall be posted on the Comptroller General's website as well as the agency's homepage.

28 When the State Auditor conducts or contracts for an audit of a state agency, accounts of the agency subject to this proviso must be  
29 included as part of the review.

30 If an agency determines that the release of the information required in this provision would be detrimental to the state or the  
31 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting  
32 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.  
33 However, the exemption may only be granted upon a majority vote of the State Fiscal Accountability Authority in a public meeting.

34 **117.84.** (GP: Websites) All agencies, departments, and institutions of state government shall be responsible for providing on its  
35 Internet website a link to the Internet website of any agency, other than the individual agency, department, or institution, that posts  
36 on its Internet website that agency, department, or institution's monthly state procurement card statements or monthly reports

1 containing all or substantially all the same information contained in the monthly state procurement card statements. The link must  
2 be to the specific webpage or section on the website of the agency where the state procurement card information for the state agency,  
3 department, or institution can be found. The information posted may not contain the state procurement card number. Any  
4 information that is expressly prohibited from public disclosure by federal or state law or regulation must be redacted from any posting  
5 required by this section.

6 **117.85.** (GP: Regulations) For the current fiscal year, if a state agency proposes a regulation that levies or increases a fee, fine,  
7 or that otherwise generates revenues, the title to the Joint Resolution which proposes the regulation must indicate that a fee, fine, or  
8 revenue source is being proposed.

9 **117.86.** (GP: Joint Children's Committee) For the current fiscal year, the Department of Revenue is directed to reduce the rate  
10 of interest paid on eligible refunds by one percentage point. Of the revenue resulting from this reduction, \$300,000 shall be  
11 transferred to the Senate for the Joint Citizens and Legislative Committee on Children to provide the report, research, and other  
12 operating expenses as directed in Section 63-1-50 of the 1976 Code. Funds transferred to the University of South Carolina for the  
13 Joint Citizens and Legislative Committee on Children shall be maintained in a separate and distinct account. A detailed report of all  
14 expenditures shall be made to the Executive Budget Office within thirty days of the close each fiscal quarter, and the Executive  
15 Budget Office shall distribute this information to the Chairman of the Senate Finance Committee and the Chairman of the House  
16 Ways and Means Committee. The remaining revenue resulting from this reduction shall be transferred to the Department of Juvenile  
17 Justice to be used for mentoring or alternatives to incarceration programs. Unexpended funds authorized by this provision may be  
18 retained and carried forward by the Senate or the Department of Juvenile Justice, respectively, and used for the same purposes. The  
19 rate of reduction authorized in this provision shall be in addition to the reduction authorized in Proviso 93.7.

20 **117.87.** (GP: Civil Conspiracy Defense Costs) For the current fiscal year, for any claim that has not reached a judgment, if a  
21 state or local government employee or former state or local government employee ("government employee") is personally sued for  
22 civil conspiracy based in part upon a personnel or employment action or decision regarding an employee, the court must, prior to  
23 trial, make a final determination whether the action or decision giving rise to the suit was made by the government employee within  
24 the scope of their official duty. If the court finds that the government employee was acting outside the scope of the employee's  
25 official duties, the government shall not thereafter expend any funds to pay or defend the claim. If the court finds the government  
26 employee was acting within the scope of their official duties, the employee is immune from suit, liability, and damages with respect  
27 to the civil conspiracy claim. The government may only expend funds to defend the claim if the determination is that the employee  
28 was acting within the scope of their official duties. Nothing in this proviso prevents an insurance provider from defending and  
29 paying, respectively, any claims that the provider has contractually agreed to defend and pay.

30 **117.88.** (GP: Recovery Audits) The State Fiscal Accountability Authority shall contract with one or more firms to conduct  
31 recovery audits of payments made by all state agencies to vendors for goods and services. The audits must be designed to detect,  
32 document, and recover overpayments and erroneous payments to the vendors and to recommend improved financial and operational  
33 practices and procedures. A state agency shall pay, from recovered monies received, the recovery audit firm responsible for obtaining  
34 for the agency a reimbursement or payment from a vendor a negotiated fee not to exceed twenty percent of the funds recovered by  
35 that firm.

1 Unless otherwise restricted by law, funds recovered, less the cost of recovery, shall be remitted to a special fund subject to  
2 appropriation by the General Assembly. Agencies may recover costs that are documented to be directly related to implementation  
3 of this provision.

4 Recovery audits apply only to payments made more than one hundred eighty days prior to the date the audit is initiated and shall  
5 cover at least three complete fiscal years.

6 All information provided under a contract must be treated as confidential by the recovery audit firm. A violation of this provision  
7 shall result in the forfeiture by the firm of all compensation under the contract and to the same sanctions and penalties that would  
8 apply to that disclosure.

9 Each state agency shall participate in this recovery audit program and shall cooperate and provide the recovery audit firm with all  
10 information necessary for the audit in a timely manner. All vendors that provide goods or services to a state agency shall cooperate  
11 with the recovery audit firm in its audit.

12 A state agency shall expend or return to the federal government any federal money that is recovered through a recovery audit  
13 conducted under this provision. Payments to the recovery audit firm from the federal share of recovered funds shall be solely from  
14 the federal portion as allowed by the federal agency.

15 In addition to performing the recovery audits, the recovery audit firm may conduct an analysis of contracts and pricing structures,  
16 as determined and directed by the Executive Director of the State Fiscal Accountability Authority or her or his designee, to identify  
17 and recommend future cost-savings and improved state agency financial operations going forward. A state agency shall pay the  
18 recovery audit firm responsible for obtaining the agency actual cost-savings a fee as authorized by the contract with the recovery  
19 audit firm.

20 The recovery audit firm shall provide reports to the State Fiscal Accountability Authority detailing its findings, the causes for the  
21 overpayments and erroneous payments, future cost-savings opportunities and its recommendations for strengthening state operations  
22 and/or state contracts to prevent improper payments in the future.

23 For purposes of this proviso, the term “vendor” or “vendors” includes, but is not limited to, sellers, suppliers, service providers,  
24 other providers, contractors and third party administrators; the term “overpayments and erroneous payments” includes, but is not  
25 limited to, overpayments, duplicate payments, erroneous payments, and rebates, discounts and credits not received; and the term  
26 “state agency” or “state agencies” includes all state agencies, boards, commissions, institutions and institutions of higher education.

27 The State Fiscal Accountability Authority shall provide copies, including electronic form copies, of final reports received from a  
28 firm under contract to: the Governor; the Chairman of the Senate Finance Committee; the Chairman of the House Ways and Means  
29 Committee; and the state auditor’s office. Not later than January first of each year, the board shall issue a report to the General  
30 Assembly summarizing the contents of all reports received under this provision during the prior fiscal year.

31 **117.89.** (GP: Funds Transfer to ETV) In the current fiscal year funds appropriated in Part IA to the Department of Administration  
32 Section 93 for Legislative and Public Affairs Coverage and Emergency Communications Backbone and to the Law Enforcement  
33 Training Council in Section 64 for State and Local Training of Law Enforcement, City and County municipal training services must  
34 be transferred to the Educational Television Commission (ETV) during July ~~2017~~ *of the current fiscal year* for the continuation of  
35 services as provided in the prior fiscal year.

1       **117.90.** (GP: Means Test) All agencies providing Healthcare Services are directed to identify standards and criteria for means

2 Alcohol and Other Drug Abuse Services and the Department of Health and Human Services in the current fiscal year, the agencies  
3 shall establish a coalition of state agencies, providers and other related entities to combat the opioid epidemic in a collaborative  
4 manner and ensure that appropriate services and treatments are made available statewide. This initiative should include efforts to  
5 coordinate funding for the provision of treatment with an assessment of current programs and funding levels, to enhance available  
6 prevention, treatment and recovery services; expand provider capacity; and enable workforce development for substance use  
7 disorder services. General Funds appropriated to any state agency for Opioid Abuse Prevention and Treatment may be carried  
8 forward and expended for the same purpose.

30 success rate and ability to replicate this pilot, the department may provide funding not to exceed \$2,500,000 to continue and expand  
31 the program to additional providers that are necessary to ensure greater impact in geographical areas of critical need. All  
32 medications proven to be effective in treating opioid addiction shall be considered as viable options on a case by case basis to ensure  
33 the greatest level of success for individuals in the program.

34 (D) The Department of Alcohol and Other Drug Abuse Services and the Department of Health and Human Services shall assist  
35 the Department of Health and Environmental Control with any funding required to implement necessary programmatic

2 must be expanded to include the administration of naloxone and other opioid overdose antidotes.

3 (E) In order to provide comprehensive treatment, from the point of incarceration, to individuals charged with criminal offenses  
4 who suffer from any substance use disorder that is treatable with medication, the Department of Alcohol and Other Drug Abuse  
5 Services must solicit potential cooperation from law enforcement, the state's solicitors, Magistrate Courts and Circuit Courts, to
