State Expenditure

The Solid Waste Management Trust Fund is funded by the collection of fees for the sale of motor oil, tires, lead acid batteries, and white goods. Two and one-half percent of the funds remitted each quarter to the Solid Waste Management Trust Fund will be transferred to the Solid Waste Emergency Fund. The unencumbered balance of the Solid Waste Emergency Fund shall equal \$1,500,000. When expenditures occur, DHEC will transfer funds in the same manner until the balance is restored.

This bill also requires all unpermitted facilities that recycle construction and demolition debris to register with and obtain a permit from DHEC.

Department of Health and Environmental Control. This bill creates the Solid Waste Emergency Fund, which will be administered by DHEC. The department will be responsible for investigating waste management sites for the purpose of addressing emergency situations.
