## OPERATION OF STATE GOVERNMENT

## SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: DHEC - Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

1.3. (SDE: State Aid to Classrooms) To the extent possible within available funds, it is the intent of the General Assembly to provide for one hundred percent of full implementation of the Education Finance Act via an allocation from the State Aid to Classrooms appropriation. The funds appropriated for State Aid to Classrooms shall be allocated as follows: ~~65.59~~ 63.60 percent must be allocated based on the Education Finance Act formula and the differentiated student weightings in this Act; ~~28.72~~ 28.62 percent must be allocated based on the manner of distribution of EFA employer contributions in the prior fiscal year; and ~~5.68~~ 7.79 percent must be allocated to fully implement the State Minimum Teacher Salary Schedule with a minimum starting teacher salary of ~~\$35,000~~ \$36,000. The department is authorized to adjust the percentage allocation related to EFA employer contributions to accommodate for the disbursement of the state retirement funds and any other related employee allocation sent to districts. For the current fiscal year, the total pupil count is projected to be ~~720,316~~ 764,037. These funds represent an average per pupil of ~~\$3,889~~ \$3,887 in State Aid to Classrooms. The average per pupil funding is projected to be ~~\$6,556~~ \$6,902 state, ~~\$1,315~~ \$1,202 federal, and ~~\$6,406~~ \$7,423 local. This is an average total funding level of ~~\$14,227~~ \$15,527 excluding revenues of local bond issues. It is the intent of the General Assembly that the consolidation of the Education Finance Act and Education Finance Act - Employer Contributions appropriations, and the subsequent allocation of the State Aid to Classrooms appropriation back to these categories, should not significantly alter the application of funding formulas or maintenance of effort requirements referencing the Education Finance Act and Education Finance Act - Employer Contributions.

The funds allocated from State Aid to Classrooms for implementing the revised State Minimum Teacher Salary Schedule shall be distributed to school districts using the EIA Teacher Salary Supplement methodology. The resulting estimated teacher salary schedule is as follows:

31 As further used in this act, references to the Education Finance Act or EFA funds shall be interpreted to mean the ~~65.59~~ 63.60  
32 percent of funds appropriated for State Aid to Classrooms and allocated for the Education Finance Act and, where appropriate, the  
33 ~~28.72~~ 28.62 percent of State Aid to Classrooms allocated for Education Finance Act Employer Contributions.

34 For the purpose of maintaining consistency when calculating maintenance of effort, references to the base student cost shall be  
35 interpreted as the base student cost resulting from the ~~65.59~~ 63.60 percent of funds appropriated for State Aid to Classrooms and

1 allocated for the Education Finance Act and, where appropriate, the ~~28.72~~ 28.62 percent of State Aid to Classrooms allocated for  
2 Education Finance Act Employer Contributions, and other any other items normally included in the base student cost calculation.

3 For the purpose of maintaining consistency when calculating the Base Student Cost, the base student cost calculation shall include  
4 funds from State Aid to Classrooms consisting of the 63.60% of funds appropriated for State Aid to Classrooms allocated based on  
5 the Education Finance Act formula and the 7.79% that are allocated to fully implement the State Minimum Teacher Salary Schedule.

6 For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a  
7 public charter school shall receive and distribute state EFA funds to the charter school as determined by one hundred percent of the  
8 current year's base student cost, as funded by the General Assembly multiplied by the weighted pupils enrolled in the charter school,  
9 which must be subject to adjustment for student attendance.

10 The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections,  
11 including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also,  
12 as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office,  
13 shall also post on their website the one hundred thirty-five day average daily membership for each school district and per pupil state,  
14 federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported  
15 annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a  
16 prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the  
17 projected numbers and the exact numbers.

18 For the current fiscal year, the pupil classification weightings are as follows:

19 (1) K-12 pupils or base students including homebound students 1.00

20 Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section  
21 44-7-130 of the 1976 Code shall receive a weighting of 2.10.

22 (2) Weights for students with disabilities as prescribed in Section 59-20-40(1)(c) Special Programs

23 (3) Precareer and Career Technology 1.29

24 (4) Additional weights for personalized instruction:

25 (A) Gifted and Talented 0.15

26 (B) Academic Assistance 0.15

27 (C) Limited English Proficiency 0.20

28 (D) Pupils in Poverty 0.20

29 (E) Dual Credit Enrollment 0.15

30 No local match is required for the additional weightings for personalized instruction in the current school year. Charter school per  
31 pupil calculations for locally sponsored charters will continue to be calculated according to Section 59-40-140 of the 1976 Code.  
32 Students may receive multiple weights for personalized instruction; however, within each weight, students should only be counted  
33 once. These weights are defined below:

34 Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

1 Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled  
2 in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school. Districts shall  
3 set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

4 Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or  
5 both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The  
6 additional weight generates funds needed to provide additional instructional services to these students.

7 Students with limited English proficiency are students who require intensive English language instruction programs and whose  
8 families require specialized parental involvement intervention.

9 Funds received by a school district pursuant to the dual credit weighting must be used to defray all possible costs of dual credit  
10 courses for students. Students identified for dual credit enrollment must be identified in PowerSchool as taking a course that will  
11 lead to both high school credit and post-secondary credit. Districts must utilize these funds to offset the cost of tuition, fees,  
12 instructors, and instructional materials for qualifying courses with the local technical college or other institution of higher education.  
13 Each school district shall report to the department the number of students participating in dual credit courses and specify the cost  
14 borne by each entity. School districts must assist students in accessing Lottery Tuition Assistance when applicable.

15 Further, the Department of Education may use school district student counts for personalized instruction as collected in the same  
16 manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate  
17 the school district add on weightings for the personalized instruction classifications and the determination of the school districts  
18 monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five day student average daily membership  
19 for all classifications. During the current fiscal year, the department will update PowerSchool calculations, reports, screen  
20 development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation  
21 adjustments by June 30. The department must provide districts with technical assistance with regard to student count changes in  
22 PowerSchool.

23 **1.4.** (SDE: EFA - Formula) The amount appropriated in Part IA, Section 1 for “Education Finance Act” shall be the maximum  
24 paid under the provisions of Act 163 of 1977 (the South Carolina Education Finance Act of 1977) to the aggregate of all recipients.  
25 The South Carolina Education Department shall develop formulas to determine the state and required local funding as stipulated in  
26 the South Carolina Education Finance Act of 1977. Such formulas shall require the approval of the State Board of Education and  
27 the State Fiscal Accountability Authority. After computing the EFA allocations for all districts, the department shall determine  
28 whether any districts’ minimum required local revenue exceeds the districts’ total EFA Foundation Program. When such instance is  
29 found, the department shall adjust the index of taxpaying ability to reflect a local effort equal to the cost of the districts’ EFA  
30 Foundation Program. The districts’ weighted pupil units are to be included in determination of the funds needed for implementation  
31 of the Education Finance Act statewide.

32 In the event that the formulas as devised by the Department of Education and approved by the State Board of Education and the  
33 State Fiscal Accountability Authority should provide for distribution to the various school districts totaling more than the amount  
34 appropriated for such purposes, subject to the provisions of this proviso, the Department of Education shall reduce each school district  
35 entitlement by an equal amount per weighted pupil so as to bring the total disbursements into conformity with the total funds  
36 appropriated for this purpose. If a reduction is required in the state’s contribution, the required local funding shall be reduced by the

1 proportionate share of local funds per weighted pupil unit. The Department of Education shall continually monitor the distribution  
2 of funds under the provisions of the Education Finance Act and shall make periodic adjustments to disbursements to ensure the  
3 aggregate of such disbursements do not exceed the appropriated funds.

4 Local districts shall not be mandated or required to inflate the base number in their respective salary schedules by any percentage  
5 greater than the percentage by which the appropriated base student cost exceeds the appropriated base student cost of the prior fiscal  
6 year.

7 **1.5.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein  
8 for "Public School Employee Benefits" shall not be utilized to provide employer contributions for any portion of a school district  
9 employee's salary that is federally funded.

10 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each  
11 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel  
12 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service  
13 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

14 The Department of Juvenile Justice and the Department of Corrections' school districts must be allocated funds under the fringe  
15 benefits program in accordance with criteria established for all school districts.

16 **1.6.** (SDE: Employer Contributions/Obligations) In order to finalize each school district's allocations of Employer Contributions  
17 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district's allocation  
18 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In  
19 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover  
20 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision's state funds  
21 until such obligations are met.

22 **1.7.** (SDE: Governor's School for Science & Math) Any unexpended balance on June thirtieth of the prior fiscal year of funds  
23 appropriated to or generated by the Governor's School for Science and Mathematics may be carried forward and expended in the  
24 current fiscal year pursuant to the direction of the board of trustees of the school.

25 **1.8.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education  
26 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides  
27 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness  
28 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located  
29 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost  
30 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided  
31 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by  
32 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing  
33 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for  
34 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the  
35 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. ~~This also applies to the Governor's School  
36 for Agriculture at John de la Howe who also has the authority to seek reimbursement in any situation that the school district has~~

1 participation in the placement of the student. ~~The Governor's School for Agriculture at John de la Howe shall be reimbursed the~~  
2 ~~local district's local support per weighted pupil above the statewide average base student cost multiplied by the appropriate pupil~~  
3 ~~weighting as set forth in Section 59-20-40 of the Education Finance Act.~~ Participation will be evidenced by a written agreement  
4 from the IEP team or 504 team, written referral, or the school district initiating the placement process. School districts providing the  
5 education shall notify the nonresident district in writing within forty-five calendar days that a student from the nonresident district is  
6 receiving education services pursuant to the provisions of the proviso. The notice shall also contain the student's name, date of birth,  
7 and disabling condition if available. If appropriate financial arrangements cannot be effected between institutions of the state,  
8 including independent school districts under the authority of the Department of Disabilities and Special Needs, and school districts,  
9 institutions receiving educational appropriations shall pay the local base student cost multiplied by the appropriate pupil weighting.  
10 Children residing in institutions of state agencies shall be educated with nondisabled children in the public school districts if  
11 appropriate to their educational needs. Such institutions shall determine, on an individual basis, which children residing in the  
12 institution might be eligible to receive appropriate educational services in a public school setting. Once these children are identified,  
13 the institution shall convene an IEP meeting with officials of the public school district in which the institution is located. If it is  
14 determined by the committee that the least restrictive environment in which to implement the child's IEP is a public school setting,  
15 then the school district in which the institution is located must provide the educational services. However, that school district may  
16 enter into contractual agreements with any other school district having schools located within a forty-five mile radius of the  
17 institution. The cost for educating such children shall be allocated in the following manner: the school district where the child last  
18 resided before being placed in an institution shall pay to the school district providing the educational services an amount equivalent  
19 to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40  
20 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all funding  
21 sources, both state and federal. The institution and school district, through contractual agreements, will address the special education  
22 and related services to be provided to students. Should the school district wherein the institution is located determine that the child  
23 cannot be appropriately served in a public school setting, then the institution may request a due process hearing pursuant to the  
24 procedures provided for in the Individuals with Disabilities Education Act.

25 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local  
26 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to  
27 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to  
28 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing  
29 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the  
30 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

31 The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all  
32 required school records, including confidential records, are transferred from the sending to the receiving school within three working  
33 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social  
34 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a  
35 psychological report on the child is available at the school district office) and any other records necessary for the appropriate  
36 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate

1 permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure  
2 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received  
3 on a child. Upon discharge or release from the treatment facility, the agency placing the child in the receiving school must work  
4 with the school district where the student will reside after treatment to assure continuity of the student's education.

11 self-insure state-owned buses. In no event shall the department charge local school districts for damages to the buses which are  
12 commonly covered by insurance.

14 Commission on Higher Education shall share data about the teaching profession in South Carolina. The data sharing should ensure  
15 (1) a systematic report on teacher supply and demand information and (2) data to determine classes being taught by public school  
16 teachers out of field of their preparation. The data collection should include but not be limited to: classes/subjects taught, number  
17 of students taught, percentage of teacher education graduates from South Carolina colleges/universities who go into teaching,

30 manufacturers. However, if it is safe, more economical, and in the public interest, the department may use the school bus  
31 specifications of another state in the procurement of school buses. If the department uses the specifications of another state, the  
32 department must submit a report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means  
33 Committee detailing the methodology by which the alternative specifications were determined to be safe, more economical, and in  
34 the public interest, when compared to the specifications set forth by the School Bus Specifications Committee.

34 In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per  
35 pupil expenditures must be utilized within the InSite categories of instruction, instructional support, and only transportation, food  
36 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business

1 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall  
2 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional  
3 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June  
4 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

5 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

6 School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low  
7 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and  
8 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and  
9 expanding virtual instruction.

10 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

11 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil  
12 allocation due to them for each categorical program.

13 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school  
14 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.  
15 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State  
16 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of  
17 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education  
18 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,  
19 and the certification must be conspicuously posted on the internet website maintained by the school district.

20 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical  
21 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the  
22 most economical type of bus fuel.

23 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school  
24 districts based on weighted pupil units.

25 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,  
26 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made  
27 available for public viewing and downloading. The register must include for each expenditure:

- 28 (i) the transaction amount;
- 29 (ii) the name of the payee; and
- 30 (iii) a statement providing a detailed description of the expenditure.

31 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must  
32 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete  
33 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at  
34 least once a month.

35 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards  
36 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each

1 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the  
2 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

3 The Comptroller General must establish and maintain a website to contain the information required by this section from a school  
4 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate  
5 between the school districts and search for the information they are seeking.

6 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title  
7 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of  
8 Education to exercise its authority to grant waivers under Regulation 43-261.

9 **1.26.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,  
10 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical  
11 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to  
12 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because  
13 of the required Hazmat endorsement to their CDL.

14 **1.27.** (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publically recognized by  
15 the School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions  
16 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

17 **1.28.** (SDE: Governor's School for the Arts and Humanities Carry Forward) Any unexpended balance on June thirtieth of the  
18 prior fiscal year of funds appropriated to or generated by the Governor's School for the Arts and Humanities may be carried forward  
19 and expended in the current fiscal year pursuant to the discretion of the Board of Trustees of the School.

20 **1.29.** (SDE: Governor's Schools' Fees) The South Carolina Governor's School for the Arts and Humanities and the South  
21 Carolina Governor's School for Science and Mathematics are authorized to charge, collect, expend, and carry forward student fees  
22 as approved by their respective Board of Directors. The purpose and amount of any such fees will be to maintain program quality in  
23 both academics and residential support. No student will be denied admittance or participation due to financial inability to pay. The  
24 respective Board of Directors shall promulgate administrative policy governing the collection of all student fees. Both schools shall  
25 conspicuously publish a fee schedule on their respective websites.

26 **1.30.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may  
27 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be  
28 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General  
29 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The  
30 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.  
31 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded  
32 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

33 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent  
34 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall  
35 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel  
36 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and

1 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on  
2 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the  
3 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination  
4 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as  
5 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have  
6 their experience credit negatively impacted because of a furlough implementation.

7 During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except  
8 for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to,  
9 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making  
10 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only  
11 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on  
12 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may  
13 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within  
14 which the furlough occurs.

15 Each local school district must prominently post on the district's internet website and make available for public viewing and  
16 downloading the most recent version of the school district's policy manual and administrative rule manual.

17 This proviso shall not abrogate the terms of any contract between any school district and its employees.

18 **1.31.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district  
19 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to  
20 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance  
21 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds  
22 distributed to the districts within the county.

23 **1.32.** (SDE: SCGSAH Certified Teacher Designation) Because of the unique nature of the South Carolina Governor's School  
24 for the Arts and Humanities, the Charleston School of the Arts, and the Greenville County Fine Arts Center, the schools are authorized  
25 to employ at its discretion noncertified classroom teachers teaching in the literary, visual and performing arts subject areas who are  
26 otherwise considered to be appropriately qualified in a ratio of up to one hundred percent of the entire teacher staff.

27 **1.33.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or  
28 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on  
29 race or national origin.

30 **1.34.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and  
31 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and  
32 Human Services.

33 **1.35.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's  
34 individual cumulative grade point average for grades nine through twelve on the student's report card.

1       **1.36.** (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school  
2 year are due no later than December first of the current school year when invoiced by the Department of Education. The department  
3 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

4       **1.37.** (SDE: Education Finance Act Reserve Fund) There is created in the State Treasury a fund separate and distinct from the  
5 General Fund of the State and all other funds entitled the Education Finance Act Reserve Fund. All unexpended general funds  
6 appropriated to the Department of Education for the Education Finance Act in the current fiscal year shall be transferred to the  
7 Education Finance Act Reserve Fund. In the event that the amount appropriated for the Education Finance Act is insufficient to fully  
8 fund the base student cost as established by this act, revenues from the Education Finance Act Reserve Fund may be used to  
9 supplement the funds appropriated. By June 30<sup>th</sup> of the current fiscal year, if the department determines that the funds are not needed  
10 to supplement the Education Finance Act, the department may utilize the funds for bus purchase. The General Assembly may make  
11 direct appropriations to this fund. All unexpended funds in the Education Finance Act Reserve Fund and any interest accrued by the  
12 fund must remain in the fund and may be carried forward into the current fiscal year.

13       **1.38.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from  
14 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

15       **1.39.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school  
16 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers  
17 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services  
18 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational  
19 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is  
20 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination  
21 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred  
22 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in  
23 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education  
24 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school  
25 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student  
26 and what is clinically indicated being considered.

27       A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility,  
28 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services  
29 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical  
30 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in  
31 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under  
32 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the  
33 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program,  
34 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational  
35 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational  
36 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the

1 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational  
2 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the  
3 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

4 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting  
5 for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this Act and any eligible categorical and federal  
6 funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services  
7 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the  
8 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a  
9 resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly  
10 by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by  
11 the facility school district for that student. However, the reimbursement rate may not exceed \$90 per student per day. Through a  
12 joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an  
13 instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities  
14 Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall  
15 notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational

18 CERDEP are not required to be approved, registered, or licensed by the Department of Social Services in order to participate in

29 years will require the provider to return a portion of the equipment allocation at a level determined by the Department of Education  
30 and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested by the  
31 Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public school  
32 students whose complete records have been entered into PowerSchool based on the one hundred and thirty-five day student average

4 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,  
5 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust  
6 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual  
7 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that  
8 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations  
9 for the current fiscal year to account for the findings.

10 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of

14 program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of  
15 Education shall issue a unique student identifier for each child receiving services from a private provider. The Department of  
16 Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day  
17 four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and

21 timeline for how the state can increase the number of students served in high-quality programs.

22 For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as  
23 allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the Department of  
24 Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP. For eligible children residing in  
25 school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district  
26 transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates  
27 in CERDEP.

28 For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher  
29 reimbursement rates to high-quality child care centers. The reimbursement rate for students enrolled by child care providers rated  
30 B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the  
31 per-student base following guidelines developed by the Office of First Steps; and (2) up to \$100,000 to provide one-time  
32 supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private  
33 providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible students  
34 in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building renovations,  
35 documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs,  
36 and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall develop and

1 approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely  
2 to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected to  
3 participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure  
4 to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by  
5 the Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded  
6 enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March  
7 15; and (3) up to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and  
8 designs necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent  
9 participation in CERDEP following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be  
10 expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three  
11 years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level  
12 determined by the Office of First Steps.

13 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,  
14 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a  
15 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer  
16 enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a  
17 pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day  
18 and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated  
19 amount contained in this Act and end of year adjustments shall be based on the one hundred and thirty-five-day student average  
20 daily membership or later student average daily membership for districts choosing to extend the program past one hundred and  
21 eighty days. Funds may also be used to provide parent engagement, professional development and quality evaluations of programs.  
22 No later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance  
23 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following  
24 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the  
25 amount of money used for professional development as well as the types of professional development offered and the number of  
26 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the  
27 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

28 On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total  
29 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional  
30 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of  
31 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the  
32 Department of Education and the Office of First Steps.

33 The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State  
34 Collaboration Office to inform parents of all publicly funded full-day 4K programs including Head Start.

1 For Fiscal Year 2021-22, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early Reading

13 assessment as defined by Section 59-155-120 (10) of the 1976 Code. Summer reading camps must be at least six weeks in duration  
14 with a minimum of four days of instruction per week and four hours of instruction per day, or the equivalent minimum hours of  
15 instruction in the summer. School transportation shall be provided. The camps must be taught by compensated teachers who have  
16 at least an add-on literacy endorsement or who have documented and demonstrated substantial success in helping students  
17 comprehend grade-level texts. The Department of Education shall assist districts that cannot find qualified teachers to work in the  
18 summer camps. Districts may also choose to contract for the services of qualified instructors or collaborate with one or more districts

23 by the end of the school year must be offered the opportunity to attend a summer reading camp at no cost to the parent or guardian.  
24 The purpose of the reading camp is to provide students who are significantly below third-grade reading proficiency with the  
25 opportunity to receive quality, intensive instructional services and support. A district may also include in the summer reading camps  
26 students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading  
27 camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the  
28 first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency in comprehending  
29 texts appropriate for his grade level must make the final decision regarding the student's participation in the summer reading camp.

8 may not be denied access to preseason and regular season interscholastic athletics including, but not limited to, jamborees and  
9 invitational tournaments, based solely on its status as a home school athletic team; other rules or policies of the association, body, or  
10 entity would apply;

11 (3) (a) an appeals process in which appeals of the association, body, or entity are made to a disinterested third-body  
12 appellate panel which consists of seven members who serve four year terms, with one person appointed by the delegation of each  
13 congressional district;

14 (b) a member of the panel serves until his successor is appointed and qualifies. A vacancy on the panel is filled in the  
15 manner of the original appointment;

16 (c) members of the appellate panel do not concurrently serve as officers of the association, body, or entity and may not  
17 have served as a member of the executive committee within the last three years. Principals and superintendents are able to appeal a  
18 ruling of the association, body, or entity to the panel. The appellate panel also must provide the final ruling in any appeal brought  
19 against a decision of the association, body, or entity;

20 (4) a procedure in place for emergency appeals to be held and decided upon in an expedited manner if the normal appellate

29 **1.59.** (SDE: Governor's Schools Informational Access to Students) For the current fiscal year, school districts must permit both  
30 the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics to collaborate with  
31 individual schools and their staff to share information with students and families about the educational opportunities offered at the  
32 respective Governor's Schools, through avenues including school visits, informational presentations, and posters. By June thirtieth,  
33 of the current fiscal year, the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics  
34 must report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee the  
35 results of these Informational Access efforts. Further, the two Governor's Schools will work with districts, the Department of

1 Education and School Report Card administrators, to ensure that SAT scores of current Governor's Schools' students are included  
2 in the School Report Card of those students' resident schools and districts.

3 **1.60.** (SDE: Reading/Literacy Coaches) (A) For the current fiscal year, of the funds appropriated for Reading/Literacy  
4 Coaches, the Department of Education shall retain up to \$14,000,000 to be expended for the Palmetto Literacy Project. The  
5 Department shall identify schools in the Palmetto Literacy Project that have one-third or more of its third grade students scoring at  
6 the lowest achievement level on the statewide summative English language arts assessment. For each school identified and  
7 participating in the Palmetto Literacy Project in the prior school year, the Department of Education shall provide, at a minimum,  
8 the following support: provision of reading specialists, professional learning, and curriculum resources based on the science of  
9 reading. The reading specialist/coaches provided to the Palmetto Literacy Project schools shall be hired and evaluated annually by  
10 the Department of Education.

11 (B) The balance of funds appropriated to the Department for Reading/Literacy Coaches shall be allocated to school districts for  
12 schools not included in the Palmetto Literacy Project to support reading instruction and interventions which may include, but not be  
13 limited to, hiring reading/literacy coaches, interventionists, or professional development based on the science of reading.  
14 Expenditure of funding must be included in the district reading plan approved by the Department of Education.

15 ~~(C)~~ Funds appropriated for Reading/Literacy Coaches These funds must be allocated to school districts by the Department of  
16 Education as follows: for each primary and elementary school, the school district shall be eligible to receive up to \$62,730 or the  
17 actual cost of salary and benefits for a full-time reading/literacy coach.

18 ~~(B)~~(D) By accepting these funds, a school district warrants that they will not be used to supplant existing school district  
19 expenditures, except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with  
20 local funds. A district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or  
21 middle school or a combination of these schools depending on the area of highest need in the district except in the event that the  
22 district can request and receive a waiver from the Department of Education to expend the funds on interventionists who spend more  
23 than fifty percent of their time providing direct support to struggling readers in grades kindergarten through grade five. The school  
24 district must align the placement of coaches to the district reading plan that is approved by the department.

25 ~~(C)~~(E) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle  
26 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155 of Title 59.

27 ~~(D)~~(F) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve  
28 as an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute  
29 they must withhold that districts remaining balance of funds allocated pursuant to this proviso.

30 ~~(E)~~(G) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.  
31 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:

- 32 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or
- 33 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or
- 34 (3) holds a master's degree or higher in reading or a closely-related field.

1 Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that  
2 the school is not successful in identifying and directly employing a qualified candidate. ~~The provisions of subsection (A), including~~  
3 ~~the local support requirements, shall also apply to any allocations made pursuant to this paragraph.~~

4 ~~(F) The Department of Education must develop procedures for monitoring the use of funds appropriated for reading/literacy~~  
5 ~~coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of Education~~  
6 ~~may receive up to \$100,000 of the funds appropriated for reading/literacy coaches in order to implement this program, provided that~~  
7 ~~this allocation does not exceed the department's actual costs.~~

8 ~~(G) Prior to the close of the current fiscal year, any unspent or unallocated funds for reading/literacy coaches shall be used to fund~~  
9 ~~Summer Reading Camps.~~

10 ~~(H) For the current school year, the Department of Education shall screen and approve the hiring of any reading/literacy coach~~  
11 ~~serving in a school in which one third or more of its third grade students scoring at the lowest achievement level on the statewide~~  
12 ~~summative English/language arts assessment. No funds shall be disbursed to the district to fund the reading/literacy coach until the~~  
13 ~~department has screened and approved the coach. Schools in which at least sixty percent of students scored at meets or exceeds~~  
14 ~~expectations on the state summative assessment in English/language arts may submit, as part of their reading plan, a request to the~~  
15 ~~department for flexibility to utilize their allocation to provide literacy support to students, which may include, but is not limited to:~~  
16 ~~a reading coach, a literacy interventionist, or other supplemental services directed to students in need of interventions. This plan~~  
17 ~~must be approved by the department annually as part of the district reading plan.~~

18 ~~(I)~~(H) The Department of Education shall require:

19 (1) any school district receiving funding ~~under subsection (A)~~ to identify the name and qualifications of the supported  
20 reading/literacy coach; as well as the school in which the coach is assigned; and

21 (2) any school district receiving funding ~~under subsection (G)~~ to account for the specific amounts and uses of such funds.

22 ~~(J)~~(I) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on  
23 the hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will  
24 be used for Summer Reading Camps.

25 ~~(K)~~(J) ~~Funds appropriated for reading/literacy coaches shall be retained and~~ Any unspent or unallocated funds may be carried  
26 ~~forward to be used for the same purpose but may not be flexed~~ and expended for Summer Reading Camps.

27 **1.61.** (SDE: Sports Participation) Any school receiving state funds shall be required to allow a military dependent student who  
28 has transferred from their resident school district to another school district to participate in a sport that was not offered in the resident  
29 school district. Should a school fail to comply with this provision, the Department of Education shall withhold one percent of their  
30 total state allocation.

31 **1.62.** (SDE: Graduation Rates) For the current fiscal year, if a high school has a graduation rate below sixty percent, using  
32 appropriated funds a local school district board of trustees must provide a report detailing a plan to increase the graduation rate in  
33 accordance with the provisions of the Education Accountability Act to the State Board of Education.

34 **1.63.** (SDE: South Carolina Community Block Grants for Education Pilot Program) ~~There is created the South Carolina~~  
35 ~~Community Block Grants for Education Pilot Program. The purpose of this matching grants program is to encourage and sustain~~  
36 ~~partnerships between a community and its local public school district or school for the implementation of innovative, state-of-the-art~~

1 education initiatives and models to improve student learning. The initiatives and models funded by the grant must be well designed,  
2 based on strong evidence of effectiveness, and have a history of improved student performance.

3 The General Assembly finds that the success offered by these initiatives and programs is assured best when vigorous community  
4 support is integral to their development and implementation. It is the intent of this proviso to encourage public school and district  
5 communities and their entrepreneurial public educators to undertake state-of-the-art initiatives to improve student learning and to  
6 share the results of these efforts with the state's public education community.

7 As used in this proviso:

8 (1) "Community" is defined as a group of parents, educators, and individuals from business, faith groups, elected officials,  
9 nonprofit organizations and others who support the public school district or school in its efforts to provide an outstanding education  
10 for each child. As applied to the schools impacted within a district or an individual school, "community" includes the school faculty  
11 and the School Improvement Council as established in Section 59-20-60 of the 1976 Code;

12 (2) "Poverty" is defined as the percent of students eligible in the prior year for the free and reduced-price lunch program and  
13 or Medicaid; and

14 (3) "Achievement" is as established by the Education Oversight Committee for the report card ratings developed pursuant to  
15 Section 59-18-900 of the 1976 Code.

16 The Executive Director of the Education Oversight Committee is directed to appoint an independent grants committee to develop  
17 the process for awarding the grants including the application procedure, selection process, and matching grant formula. The grants  
18 committee will be comprised of seven members, three members selected from the education community and four members from the  
19 business community. The chairman of the committee will be selected by the committee members at the first meeting of the grants  
20 committee. The grants committee will review and select the recipients of the Community Block Grants for Education.

21 The criteria for awarding the grants must include, but are not limited to:

22 (1) the establishment and continuation of a robust community advisory committee to leverage funding, expertise, and other  
23 resources to assist the district or school throughout the implementation of the initiatives funded through the Block Grant Program;

24 (2) a demonstrated ability to meet the match throughout the granting period;

25 (3) a demonstrated ability to implement the initiative or model as set forth in the application; and

26 (4) an explanation of the manner in which the initiative supports the district's or school's strategic plan required by Section  
27 59-18-1310 of the 1976 Code.

28 In addition, the district or school, with input from the community advisory committee, must include:

29 (1) a comprehensive plan to examine delivery implementation and measure impact of the model;

30 (2) a report on implementation problems and successes and impact of the innovation or model; and

31 (3) evidence of support for the project from the school district administration when an individual school applies for a grant.

32 The match required from a grant recipient is based on the poverty of the district or school. No matching amount will exceed more  
33 than seventy percent of the grant request or be less than ten percent of the request. The required match may be met by funds or by  
34 in-kind donations, such as technology, to be further defined by the grants committee. Public school districts and schools that have  
35 high poverty and low achievement will receive priority for grants when their applications are judged to meet the criteria established  
36 for the grant program.

1     ~~However, no grant may exceed \$250,000 annually unless the grants committee finds that exceptional circumstances warrant~~  
2 ~~exceeding this amount.~~

3     ~~The Education Oversight Committee will review the grantee reports and examine the implementation of the initiatives and models~~  
4 ~~to understand the delivery of services and any contextual factors. The Oversight Committee will then highlight the accomplishments~~  
5 ~~and common challenges of the initiatives and models funded by the Community Block Grant for Education Pilot Program to share~~  
6 ~~the lessons learned with the state's public education community.~~

7     ~~For the current fiscal year, funds allocated to the Community Block Grant for Education Pilot Program must be used to provide or~~  
8 ~~expand high quality early childhood programs for a targeted population of at risk four year olds. High quality is defined as meeting~~  
9 ~~the minimum program requirements of the Child Early Reading Development and Education Program and providing measurable~~  
10 ~~high quality child teacher interactions, curricula and instruction. Priority will be given to applications that involve public private~~  
11 ~~partnerships between school districts, schools, Head Start, and private child care providers who collaborate to: (1) provide~~  
12 ~~high quality programs to four year olds to maximize the return on investment; (2) assist in making the transition to kindergarten; (3)~~  
13 ~~improve the early literacy, social and emotional, and numeracy readiness of children; and (4) engage families in improving their~~  
14 ~~children's readiness.~~

15     **1.64.** (SDE: Proceeds from Sale of Bus Shop & Boat) For the current fiscal year the Department of Education is authorized to  
16 retain any funds received from the sale of any bus shop and the sale of the state-owned boat and expend those funds for transportation  
17 purposes.

18     **1.65.** (SDE: First Steps 4K Technology) ~~During the current fiscal year, South Carolina Office of First Steps to School Readiness~~  
19 ~~is authorized to expend up to \$75,000 from the four year old kindergarten carry forward funds to purchase electronic devices for the~~  
20 ~~administration of required school readiness assessments to children enrolled in the full day 4K program in private centers in the~~  
21 ~~current fiscal year. The State Office of First Steps may purchase one device, which would be the property of the Office of First~~  
22 ~~Steps, for every ten centers serving children in the program. The regional coordinators who provide support to the centers shall~~  
23 ~~coordinate the usage of the devices among the centers. First Steps shall provide a report documenting its technology and materials~~  
24 ~~expenditures to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee no later~~  
25 ~~than January 15 of the current fiscal year.~~

26     **1.66.** (SDE: Teacher Certification Exemption) For the current fiscal year, a teacher certified at the secondary level may teach  
27 such courses in grades seven through twelve without having the add on certification for middle-level education. A teacher certified  
28 in elementary education may teach first grade without having the add on certification in early childhood education. Districts must  
29 report to the Department of Education and the Center for Educator Recruitment Retention and Advancement on the teachers and  
30 courses that utilize this exemption.

31     **1.67.** (SDE: Digital Instructional Materials) The Department of Education shall continue to create an instructional materials list  
32 composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption  
33 process. The department shall continue to work with the publishers of instructional materials to ensure that districts have options for  
34 print/digital student materials to include class sets of print student editions, if needed. Funds appropriated for the purchase of  
35 instructional materials (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on  
36 the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook

1 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the  
2 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs,  
3 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional  
4 Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the  
5 department, school districts, and special schools. These funds are not subject to flexibility.

6 **1.68.** (SDE: CDEPP Unexpended Funds) ~~For Fiscal Year 2020-21, the Office of First Steps to School Readiness is permitted to~~  
7 ~~retain the first \$1,000,000 of any unexpended CDEPP funds of the prior fiscal year and expend these funds to enhance the quality of~~  
8 ~~the full day 4K program in private centers and provide professional development opportunities. By August first, the Office of First~~  
9 ~~Steps is directed to allocate any additional unexpended CDEPP funds from the prior fiscal year and any CDEPP funds carried forward~~  
10 ~~from prior fiscal years that were transferred to the restricted account for the following purpose: Education Oversight~~  
11 ~~Committee—\$1,000,000 for the South Carolina Community Block Grants for Education Pilot Program.~~

12 ~~If carry forward funds are less than the amounts appropriated, funding for the items listed herein shall be reduced on a pro rata~~  
13 ~~basis.~~

14 ~~If by August first, the Department of Education or the Office of First Steps determines there will be funds available, funds shall~~  
15 ~~be allocated on a per pupil basis for districts eligible for participation first, who have a documented waiting list, and funded an~~  
16 ~~extended program per this proviso in the prior school year, then to districts to increase the length of the program to a maximum of~~  
17 ~~eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. The department and the Office~~  
18 ~~of First Steps are authorized to target funds to ensure that the schools in which more than one third of third graders scored “Does Not~~  
19 ~~Meet Expectations” on the state English/language arts assessment are serving all eligible four year olds. By August 1, the Department~~  
20 ~~of Education and the Office of First Steps must collect the documented waiting lists and determine a process to notify parents of~~  
21 ~~eligible students of available slots in all approved providers. If a district chooses to fund summer enrollment the program funding~~  
22 ~~shall conform to the funding in this act for full year programs, however shall be reduced on a pro rata basis to conform with the~~  
23 ~~length of the program. A summer program shall be no more than eight and a half hours per day and shall be not more than ten weeks~~  
24 ~~in length. The per pupil allocation and classroom grant must conform with the appropriated amount contained in this Act and end~~  
25 ~~of year adjustments shall be based on the one hundred and thirty five day student average daily membership or later student average~~  
26 ~~daily membership for districts choosing to extend the program past one hundred and eighty days. Funds may also be used to provide~~  
27 ~~parent engagement, professional development and quality evaluations of programs.~~

28 ~~For Fiscal Year 2020-21, the Office of First Steps may pilot a program to provide higher reimbursement rates to high quality~~  
29 ~~centers in order to increase the numbers of First Steps participants. Utilizing up to \$1,000,000 of carry forward funding, the~~  
30 ~~reimbursement rate for students enrolled by private providers rated B or higher in the ABC Quality System operated by the~~  
31 ~~Department of Social Services may be increased by up to 10% of the per student base following guidelines developed by the Office~~  
32 ~~of First Steps.~~

33 ~~No later than April first, the Department of Education and the Office of First Steps must report to the Chairman of the Senate~~  
34 ~~Finance Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the~~  
35 ~~following information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program~~

1 and the amount of money used for professional development as well as the types of professional development offered and the number  
2 of participants.

3 **1.69.** (SDE: Technology Technical Assistance) Of the funds appropriated *in VIII.D - Technology* for the K-12 Technology  
4 Initiative, the department is authorized to withhold up to \$350,000 in order to ~~develop a statewide technology plan for schools and~~  
5 ~~districts. The plan must address, at a minimum, infrastructure and connectivity needs, online testing requirements, equipment,~~  
6 ~~educational technology, digital literacy and a statewide learning management system to connect teachers and students. The plan~~  
7 ~~must take into account the need for some districts to utilize a regional approach to services that may include, but is not limited to,~~  
8 ~~purchasing, training and support services. This plan, including cost projections, shall be presented to the Governor, the Chairman of~~  
9 ~~the House Ways and Means Committee, and the Chairman of the Senate Finance Committee by February 1, 2020. Remaining funds~~  
10 ~~shall be used to provide technology technical assistance to school districts.~~

12 Assistance must be used to increase the capacity of districts, first who are or were the original trial and plaintiff school districts in  
13 the Abbeville law suit, and then other districts that need such assistance. Funds shall be used by the department to assist school  
14 districts in procuring appropriate technology to include devices and infrastructure ~~in accordance with the recommendations made by~~  
15 ~~the technology review team to begin~~ and to build capacity to offer online testing and increased access. For the current fiscal year,  
16 districts and individual public charter schools may request a waiver from the State Board of Education from the requirement that all

26 ~~extend four year old kindergarten provider eligibility to military child care settings regulated by the United States Department of~~  
27 ~~Defense. State funds appropriated for use in military child care facilities must be used to expand service to CERDEP eligible children~~  
28 ~~residing in school districts approved for participation during the prior fiscal year and may not be used to supplant any existing federal~~  
29 ~~ehild care investment.~~

30 **1.74.** (SDE: First Steps 4K Underserved Communities) ~~Using funds appropriated for the Child Early Reading and Development~~  
31 ~~Education Program, South Carolina First Steps shall develop a pilot program to expand four year old kindergarten enrollment within~~  
32 ~~underserved communities eligible for participation during the most recent fiscal year. Newly created and/or newly approved private~~  
33 ~~providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all of eligible~~  
34 ~~students in a public, private, or Head Start setting during the prior fiscal year, may apply for up to \$30,000 in one-time supplemental,~~  
35 ~~needs based incentives designed to address building renovations, documented as necessary to bring proposed classrooms into~~

1 the First Steps 4K program. The First Steps Board of Trustees shall develop and approve an application process that incorporates  
2 formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program  
3 participation. Providers receiving this one-time supplement are expected to participate in the program and provide high-quality,  
4 center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider  
5 to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness. First Steps

9 serving multi-counties and multi-districts. 4K centers served by this pilot may provide CERDEP-funded services to eligible children  
10 from non-CERDEP districts but must also offer services to students from at least one school district eligible to participate in the  
11 CERDEP program. Utilizing up to \$1,000,000 of carry-forward funding, First Steps may provide grants to participants in this pilot  
12 if they are public-private partnerships to address building renovations and designs necessary to get the building and classrooms into  
13 compliance with licensing regulations and other obstacles that prevent participation in the CERDEP program following guidelines  
14 developed by SC First Steps. Providers participating in this pilot are expected to participate in the program and provide high-quality,  
15 center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider  
16 to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness.

16 by state law; and from other activities or functions sponsored by the committee including public awareness campaign activities. Any  
17 unexpended revenue from these sources may be carried forward into the current fiscal year and expended for the same purposes.

18 **1A.12.** (SDE-EIA: Technical Assistance) In order to best meet the needs of underperforming schools, funds appropriated for  
19 technical assistance must be used to provide intensive support to schools and districts with an absolute rating of below average or  
20 at-risk on the most recent annual school report card or with the lowest percentages of students meeting state standards on state  
21 assessments on the most recent state assessments or with the lowest high school graduation rates. The department will create a  
22 system of tiers of technical assistance for low-performing schools and districts that will receive technical assistance. The tiers will  
23 be determined by factors that include, but are not limited to, length of time performance of the school or district has been at-risk/below  
24 average, annual achievement ratings, annual growth ratings, school or district accreditation, and/or financial risk status. The tiers of  
25 technical assistance may include a per student allocation, placement of a principal mentor, transformation coach, instructional leader,  
26 replacement of the principal, reconstitution of a school, and declaration of a state of emergency. Low-performing schools and districts  
27 shall be placed within the tiered technical assistance framework not later than December fifteenth.

28 Low-performing schools shall receive a diagnostic review through the department. In addition, newly identified low-performing  
29 schools and districts must be reviewed by an External Review Team in the year of designation, and every third year thereafter. These  
30 reports shall be made available on the Department of Education's website; any information pertaining to personnel matters or  
31 containing personally identifiable information shall be exempted. Based upon the recommendations in the review(s), low-performing  
32 schools and districts must develop and submit to the Department of Education an updated school renewal or district strategic plan  
33 outlining goals for improvements. The amended plans must address specific strategies designed to increase student achievement and  
34 must include measures to evaluate the success of implementation of the plan.

35 With the funds appropriated to the Department of Education, and any experts placed in the school or district for technical assistance  
36 services, the department will assist low-performing schools and districts in designing and implementing the strategies and

1 measurement identified in the amended plans and in brokering for technical assistance personnel as stipulated in the plan. In addition,  
2 the department must monitor student academic achievement and progress on implementation and report their findings to the  
3 Chairman of the Senate Finance Committee, the Chairman of the House Ways and Means Committee, the Chairman of the Senate  
4 Education Committee, the Chairman of the House Education and Public Works Committee, the local legislative delegation, and the  
5 Governor in the fall following the school or district designation as low-performing. If the school or school district does not provide  
6 the evaluation information necessary to determine effective use, the principal of the school or the district superintendent may be  
7 subject to receiving a public reprimand by the State Board of Education if it is determined that those individuals are responsible for  
8 the failure to provide the required information.

9 Funds must be used by the department for implementation and delivery of technical assistance services. Using previous report  
10 card data and monitoring reports on the status of implementation of the school renewal plan, the department shall identify priority  
11 schools. Funds appropriated for technical assistance shall be used by the department to work with those schools identified as  
12 low-performing and to support priority schools under the tiered system. These funds shall not be transferred to any other funding  
13 category by the school district without prior approval of the State Superintendent of Education and funds are not subject to agency  
14 flexibility provisions.

15 Reconstitution means the redesign or reorganization of the school, which may include the declaration that all positions in the  
16 school are considered vacant. Certified staff currently employed in priority schools must undergo an evaluation in the spring  
17 following the school's identification as a priority school and must meet determined goals to be rehired and continue their employment  
18 at that school. Educators who were employed at a school that is being reconstituted prior to July 2009, and to whom the employment  
19 and dismissal laws apply will not lose their rights in the reconstitution. If they are not rehired or are not assigned to another school  
20 in the school district they have the opportunity for a hearing. However, employment and dismissal laws shall not apply to educators  
21 who are employed in the district and assigned to the priority schools July 1, 2009, in the event of a reconstitution of the school in  
22 which the educator is employed. Those rights are only suspended in the event of a reconstitution of the entire school staff.  
23 Additionally, the rights and requirements of the employment and dismissal laws do not apply to educators who on July 1, 2009, were  
24 on an induction or annual contract, that subsequently were offered continuing contract status after the effective date of this proviso,  
25 and are employed at a school that is subject to reconstitution under this proviso.

26 The reconstitution of a school could take place if the school has been identified as a priority school that has failed to improve  
27 satisfactorily. The decision to reconstitute a school shall be made by the State Superintendent of Education in consultation with the  
28 principal the school board of trustees, and the district superintendent. The decision to reconstitute a school shall be made by April  
29 first, at which time notice shall be given to all employees of the school. The department, in consultation with the district  
30 superintendent, shall develop a staffing plan and a budget for each reconstituted school.

31 The State Superintendent of Education may declare a state of emergency in a district if the accreditation status is probation or  
32 denied, if a majority of the schools fail to show improvement, if the district is classified as being in "high risk" status financially, or  
33 for financial mismanagement resulting in a deficit. The State Superintendent of Education may declare a state of emergency in a  
34 school if the accreditation status is probation or denied, or if the school fails to show improvement. Upon declaration of a state of  
35 emergency, the Superintendent may take over management of the school or district. Management of the school or district may

1 include direct management, consolidation with another district, charter management, public/private management, or contracting with  
2 an educational management organization or another school district.

3 **1A.13.** (SDE-EIA: Proviso Allocations) In the event an official EIA revenue shortfall is declared by the Board of Economic  
4 Advisors, the Department of Education may reduce any allocation in Section 1A specifically designated by proviso in accordance  
5 with the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office. No allocation for teacher  
6 salaries shall be reduced as a result of this proviso.

7 **1A.14.** (SDE-EIA: School Districts and Special Schools Flexibility) All school districts and special schools of this State may  
8 transfer and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery  
9 Act funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance,  
10 to ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated  
11 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance  
12 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for  
13 Career and Technology Education, nor funds required for debt service or bonded indebtedness. All school districts must report the  
14 student teacher ratio for every classroom to the Department of Education at the ~~ninety and one hundred and eighty day~~ *forty-fifth and*  
15 *the one hundred and thirty-fifth day* mark. The department shall report this information to the General Assembly *for the 2021-2022*  
16 *school year*.

17 In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per  
18 pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food  
19 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business  
20 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall  
21 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional  
22 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June  
23 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

24 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

25 School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low  
26 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and  
27 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and  
28 expanding virtual instruction.

29 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

30 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil  
31 allocation due to them for each categorical program.

32 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school  
33 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.  
34 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State  
35 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of  
36 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education

1 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,  
2 and the certification must be conspicuously posted on the internet website maintained by the school district.

3 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical  
4 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the  
5 most economical type of bus fuel.

6 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school  
7 districts based on weighted pupil units.

8 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,  
9 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made  
10 available for public viewing and downloading. The register must include for each expenditure:

- 11 (i) the transaction amount;
- 12 (ii) the name of the payee; and
- 13 (iii) a statement providing a detailed description of the expenditure.

14 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must  
15 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete  
16 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at  
17 least once a month.

18 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards  
19 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each  
20 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the  
21 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

22 The Comptroller General must establish and maintain a website to contain the information required by this section from a school  
23 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate  
24 between the school districts and search for the information they are seeking.

25 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title  
26 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of  
27 Education to exercise its authority to grant waivers under Regulation 43-261.

28 **1A.15.** (SDE-EIA: Teacher Salary Supplement) The department is directed to carry forward prior year unobligated teacher salary

31 fiscal year.

16 the General Assembly in Part IA, Section 1 VIII.D. for school technology in the classroom and internet access, the State Department  
17 of Education shall approve district technology plans that specifically address and incorporate certified staff technology competency  
18 standards and local school districts must require certified staff to demonstrate proficiency in these standards as part of each certified  
19 staff's Professional Development plan. District adopted technology proficiency standards and plans should be, at minimum, aligned  
20 to the International Society for Technology in Education (ISTE) teacher standards. Evidence that districts are meeting the  
21 requirement is a prerequisite to expenditure of a district's technology funds.

23 Education Oversight Committee may carry forward unexpended Education Accountability Act funds authorized specifically for the  
24 administration of the Education Oversight Committee. For the current fiscal year the Education Oversight Committee may carry forward

31 qualify for special need services should also be considered for enrollment. In the event that more students seek to enroll than available  
32 space permits, districts shall prioritize students (at the time of acceptance) on the basis of family income expressed as a percentage  
33 of the federal poverty guidelines, with the lowest family incomes given the highest enrollment priority.

34 **1A.23.** (SDE-EIA: Reading) The funds allocated to the Department of Education for reading shall be used to provide districts  
35 with research-based strategies and professional development and to work directly with schools and districts to assist with  
36 implementation of research-based strategies. When providing professional development the department and school districts must

1 use the most cost effective method and when able utilize ETV to provide such services throughout the state. The department shall  
2 establish measurements for monitoring impact on student achievement.

3 **1A.24.** (SDE-EIA: Students at Risk of School Failure) For the current fiscal year, EIA funds appropriated for students at academic  
4 risk of school failure, must be allocated to school districts based upon two factors: (1) poverty as determined for the poverty add on  
5 weight in Proviso 1.3; and (2) the number of weighted pupil units identified in the prior fiscal year as in need of academic assistance.  
6 At least eighty-five percent of the funds must be spent on instruction and instructional support for students at academic risk.  
7 Instructional support may include family literacy and parenting programs to students at-risk for school failure and their families.  
8 Students at academic risk are defined as students who are not meeting grade level standards in English language arts/reading and  
9 mathematics as evidenced by summative state assessments in grades three through eight or students who are not on track to meeting  
10 or exceeding English language arts/reading or mathematics standards by the end of third grade. Public charter schools, the Palmetto  
11 Unified School District, and the Department of Juvenile Justice must also receive a proportionate per pupil allocation based on the  
12 number of students at academic risk of school failure served.

13 **1A.25.** (SDE-EIA: Professional Development) Of the funds appropriated for professional development, up to \$500,000 may be  
14 expended for gifted and talented teacher endorsement and certification activities. The Department of Education must provide  
15 professional development on assessing student mastery of the content standards through classroom, formative and end-of-year  
16 assessments. The Department of Education also must post on the agency's website the South Carolina Professional Development  
17 Standards and provide training through telecommunication methods to school leadership on the professional development standards.  
18 The department is authorized to carry forward and expend professional development funds for the same purpose.

19 **1A.26.** (SDE-EIA: Assessments-Gifted & Talented, Advanced Placement, & International Baccalaureate Exams) Funds  
20 appropriated and/or authorized for assessment shall be used for assessments to determine eligibility of students for gifted and talented  
21 programs and for the cost of Advanced Placement, International Baccalaureate, and Cambridge International exams.

22 **1A.27.** (SDE-EIA: Adult Education) A minimum of thirty percent of the funds appropriated for adult education must be allocated  
23 to school districts to serve adult education students between the ages of seventeen and twenty-one who are enrolled in programs  
24 leading to a state high school diploma, state high school equivalency diploma (GED), or career readiness certificate. The remaining  
25 funds will be allocated to districts based on a formula which includes factors such as target populations without a high school  
26 credential, program enrollment the previous school year, number of students making an educational gain the previous school year,  
27 and performance factors such as number of high school credentials and career readiness certificates awarded the previous school  
28 year. Overall levels of state funding must meet the federal requirement of state maintenance of effort. Each school district must  
29 collect information from both the student and the school including why the student has enrolled in Adult Education and whether or  
30 not the student is pursuing a GED or Diploma. The school district must then provide a quarterly report to the Department of Education  
31 and must include the unique student identifier. The department, in turn, will provide summary information to the House Ways and  
32 Means Committee, the House Education and Public Works Committee, the Senate Finance Committee and the Senate Education  
33 Committee on the information. Up to a maximum of \$300,000, of funds may be used to establish an initiative by which qualifying  
34 adult education students may qualify for a free high school equivalency test. The Department of Education shall establish guidelines  
35 for the free high school equivalency testing initiative.

1       **1A.28.** (SDE-EIA: Clemson Agriculture Education Teachers) The funds appropriated in Part IA, Section VIII.F. for Clemson  
2 Agriculture Education Teachers must be transferred to Clemson University PSA to fund summer employment of agriculture teachers  
3 and to cover state-mandated salary increases on that portion of the agriculture teachers' salaries attributable to summer employment.  
4 If sufficient funds remain, Clemson University PSA may utilize such funds for a Regional Coordinator.

5       **1A.29.** (SDE-EIA: Full-Day 4K) ~~Eligible students residing in a school district that met the poverty level for participation in the~~  
6 ~~prior school year are eligible to participate in the South Carolina Early Reading Development and Education Program in the current~~  
7 ~~school year.~~ Beginning with the current fiscal year, eligible students residing in any school district may participate in the South  
8 Carolina Early Reading Development and Education program (CERDEP) pending the availability of space and funding. Student  
9 eligibility as defined by Section 59-156-130 of the 1976 Code is an annual family income of one hundred eighty-five percent or less  
10 of the federal poverty guidelines as promulgated annually by the United States Department of Health and Human Services or a  
11 statement of Medicaid eligibility.

12       A parent or guardian may choose to enroll their child in a public school participating in the program and approved by the  
13 Department of Education pursuant to Section 59-156-210 or in a private provider participating in the program and approved by the  
14 Office of First Steps pursuant to Section 59-156-200. A private provider includes, but is not limited to, a child care center, a military  
15 child care facility regulated by the United States Department of Defense, or a non-profit independent school. State funds  
16 appropriated for the provision of CERDEP services in military child care facilities may not be used to supplant existing federal child  
17 care funds.

18       Beginning with the current fiscal year, 4K programs in public schools and non-profit independent schools participating in  
19 CERDEP are not required to be approved, registered, or licensed by the Department of Social Services in order to participate in  
20 CERDEP. Instead, the Department of Education and the Office of First Steps are responsible for ensuring that providers deliver  
21 high-quality educational programs pursuant to Section 59-156-160.

22       Public and private providers shall be funded for instructional costs at a rate of ~~\$4,600~~ \$4,800 per student enrolled. Eligible students  
23 enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by the length  
24 of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for a reimbursement of  
25 ~~\$574~~ \$587 per eligible child transported. All providers who are reimbursed are required to retain records as required by their fiscal  
26 agent. New providers participating for the first time in the current fiscal year and enrolling between one and six eligible children  
27 shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers enrolling seven or more such  
28 children eligible for funding not to exceed \$10,000. Providers receiving equipment funding are expected to participate in the program  
29 and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three  
30 years will require the provider to return a portion of the equipment allocation at a level determined by the Department of Education  
31 and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested by the  
32 Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public school  
33 students whose complete records have been entered into PowerSchool based on the one hundred and thirty-five day student average  
34 daily membership. For the current fiscal year, providers may enroll pay-lunch children who score at or below the twenty-fifth  
35 national percentile on two of the three DIAL-3 subscales by July 1 if at least seventy-five percent of the total number of children  
36 eligible for the Child Early Reading Development and Education Program in a district or county are projected to be enrolled in that

1 program, Head Start, or ABC Child Care Program as determined by the Department of Education and the Office of First Steps, Child  
2 Early Reading Development and Education Program. Providers may receive reimbursement for these children if funds are available.

3 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are  
4 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,  
5 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust  
6 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual  
7 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that  
8 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations  
9 for the current fiscal year to account for the findings.

10 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of  
11 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by January  
12 fifteenth of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both  
13 public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the  
14 program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of  
15 Education shall issue a unique student identifier for each child receiving services from a private provider. The Department of  
16 Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day  
17 four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and  
18 maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall  
19 use this data and all other collected and maintained data necessary to conduct a research based review of the program's  
20 implementation and assessment of student success in the early elementary grades along with information, recommendations, and a  
21 timeline for how the state can increase the number of students served in high-quality programs.

22 For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as  
23 allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the Department of  
24 Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP. For eligible children residing in  
25 school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district  
26 transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates  
27 in CERDEP.

28 For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher  
29 reimbursement rates to high-quality child care centers. The reimbursement rate for students enrolled by child care providers rated  
30 B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the  
31 per-student base following guidelines developed by the Office of First Steps; and (2) up to \$100,000 to provide one-time  
32 supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private  
33 providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible students  
34 in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building renovations,  
35 documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs,  
36 and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall develop and

1 approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely  
2 to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected to  
3 participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure  
4 to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by  
5 the Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded  
6 enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March  
7 15; and (3) up to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and  
8 designs necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent  
9 participation in CERDEP following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be  
10 expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three  
11 years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level  
12 determined by the Office of First Steps.

13 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,  
14 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a  
15 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer  
16 enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a  
17 pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day  
18 and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated  
19 amount contained in this Act and end of year adjustments shall be based on the one hundred and thirty-five-day student average  
20 daily membership or later student average daily membership for districts choosing to extend the program past one hundred and  
21 eighty days. Funds may also be used to provide parent engagement, professional development and quality evaluations of programs.  
22 No later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance  
23 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following  
24 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the  
25 amount of money used for professional development as well as the types of professional development offered and the number of  
26 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the  
27 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

28 On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total  
29 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional  
30 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of  
31 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the  
32 Department of Education and the Office of First Steps.

33 The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State  
34 Collaboration Office to inform parents of all publicly funded full-day 4K programs including Head Start.

1 For Fiscal Year 2021-22, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early Reading  
2 Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the program  
3 during Fiscal Year 2021-22, subject to classroom availability and funding.

4 **1A.30.** (SDE-EIA: Aid to Districts) Funds appropriated in Part IA, Section 1, VIII.A.1. Aid to Districts shall be dispersed monthly  
5 to school districts. For the current fiscal year, the remaining funds shall be allocated to districts based on the number of weighted  
6 pupil units.

7 **1A.31.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the  
8 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for  
9 individuals who teach children of poverty through weekend college, nontraditional or alternative learning opportunities.

10 **1A.32.** (SDE-EIA: IDEA Maintenance of Effort) Prior to the dispersal of funds appropriated in Section VIII.A.1. Aid to Districts  
11 according to Proviso 1A.30 for the current fiscal year, in the event that there is a reduction in state funds or there are changes in the  
12 Education Finance Act/Base Student Cost formula that would reduce support for children with disabilities, the Department of  
13 Education is authorized to utilize funds appropriated in Section VIII.A.1. Aid to Districts to ensure maintenance of state financial  
14 support for the IDEA. The department shall distribute these funds using the current fiscal year one hundred thirty-five day Average  
15 Daily Membership or as directed by the United States Department of Education. Funds provided for these purposes may not be  
16 transferred to any other purpose and therefore are not subject to flexibility. For continued compliance with the federal maintenance  
17 of state financial support requirements of the IDEA, funding for children with disabilities must, to the extent practicable, be held  
18 harmless to budget cuts or reductions to the extent those funds are required to meet federal maintenance of state financial support  
19 requirements under the IDEA. In the event cuts to funds that are needed to maintain fiscal effort are necessary, when administering  
20 such cuts, the department must not reduce funding to support children with disabilities who qualify for services under the IDEA in a  
21 manner that is disproportionate to the level of overall reduction to state programs in general. By December first, the department  
22 must submit an estimate of the IDEA maintenance of state financial support requirement to the General Assembly and the Governor.  
23 For the current fiscal year, the department may carry forward IDEA Maintenance of Effort funds from the prior fiscal year and  
24 expend them in the same manner.

25 **1A.33.** (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000  
26 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally  
27 certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical  
28 contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first  
29 and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career  
30 clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course  
31 exams graded by a national industry organization and must include in their grant request how the money will be spent in direct  
32 support of students to further industry-specific career technology education; a description and history of their program nationally and  
33 within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August  
34 first of the following year, the organization must submit to the department a report detailing how the grant increased  
35 industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry  
36 organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student

1 competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading  
2 to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs;  
3 student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors  
4 about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead  
5 to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service  
6 learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the  
7 number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may  
8 not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to  
9 provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified  
10 in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must  
11 submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first  
12 that has been audited by a third party accounting firm.

13 **1A.34.** (SDE-EIA: Partnerships/Other Agencies & Entities) For the current fiscal year, agencies and other entities receiving funds  
14 appropriated in Part IA, Section 1, VIII. F. will continue to report annually to the Education Oversight Committee (EOC). Any entity  
15 receiving funds that must flow through a state agency will receive those funds through the EOC, unless requested in writing by the  
16 entity to match federal or other funds. The EOC will make funding recommendations to the Governor and General Assembly as part  
17 of the agency's annual budget request.

18 **1A.35.** (SDE-EIA: ETV Teacher Training/Support) Of the funds appropriated in Part IA, Section 1, VIII.F. South Carolina  
19 Educational Television must provide training and technical support on the educational resources available to teachers and school  
20 districts.

21 **1A.36.** (SDE-EIA: Teacher Salaries/SE Average) The projected Southeastern average teacher salary shall be the average of the  
22 average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school  
23 year the Southeastern average teacher salary is projected to be ~~\$52,830~~ \$53,426. The General Assembly remains desirous of raising  
24 the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to  
25 the national average teacher salary.

26 Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all  
27 eligible certified teachers employed by the district by no less than one year of experience credit using the district salary schedule  
28 utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for all eligible  
29 certified teachers. For Fiscal Year ~~2020-21~~ 2021-22, the requirement that school districts maintain local salary supplements per  
30 teacher no less than their prior fiscal year level is suspended if additional State funds fill the gap.

31 Funds allocated by Proviso 1.3 for implementing a revised state minimum salary schedule for Teacher Salaries must be used to  
32 increase salaries of those teachers eligible pursuant to Section 59-20-50(4)(b), to include classroom teachers, librarians, guidance  
33 counselors, psychologists, social workers, occupational and physical therapists, school nurses, orientation/mobility instructors, and  
34 audiologists in the school districts of the state by not less than ~~four percent~~ one thousand dollars. Districts must use the district  
35 salary schedule utilized the prior fiscal year as the basis for providing the increase.

1 For purposes of this provision teachers shall be defined by the Department of Education using the Professional Certified Staff  
2 (PCS) System.

3 **1A.37.** (SDE-EIA: PowerSchool Dropout Recovery Data) With the funds appropriated to the Department of Education for  
4 PowerSchool and data collection, the department will begin in the current fiscal year to collect data from schools and school districts  
5 on the number of students who had previously dropped out of school and who reenrolled in a public school or adult education to  
6 pursue a high school diploma. The Education Oversight Committee working with the Department of Education will determine how  
7 to calculate a dropout recovery rate that will be reflected on the annual school and district report cards. The department may carry  
8 forward and expend the funds for the same purpose.

9 **1A.38.** (SDE-EIA: Assisting, Developing and Evaluating Professional Teaching -ADEPT) With funds appropriated in the current  
10 fiscal year, the Department of Education, school districts, the Department of Juvenile Justice and special schools of the state may  
11 continue implementation of the ADEPT program. Governing boards of public institutions of higher education may provide by policy  
12 or regulation for a tuition waiver for the tuition for one three-hour course at that institution for those public school teachers who serve  
13 as supervisors for full-time students completing education degree requirements. Unexpended funds appropriated for this purpose  
14 may be carried forward from the prior fiscal year into the current fiscal year and expended for the same purposes.

15 **1A.39.** (SDE-EIA: Educational Partnerships) The funds provided to the Center for Educational Partnerships at the College of  
16 Education at the University of South Carolina will be used to create a consortium of educational initiatives and services to schools  
17 and communities. These initiatives will include, but are not limited to, professional development in writing, geography and other  
18 content areas; training; research; advocacy; and practical consultancy. The Center will establish collaborative educational enterprises  
19 with schools, school districts, parents, communities, and businesses while fulfilling the responsibilities of the School Improvement  
20 Council Assistance. The Center will focus on connecting the educational needs and goals of communities to improve efficiency and  
21 effectiveness.

22 **1A.40.** (SDE-EIA: STEM Centers SC) All EIA-funded entities that provide professional development and science programming  
23 to teachers and students should be included in the state's science, technology, engineering and mathematics education strategic plan.

24 **1A.41.** (SDE-EIA: EOC Partnerships for Innovation) Of the funds appropriated or carried forward from the prior fiscal year, the  
25 Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the  
26 assessment of public education in South Carolina that support increased student achievement in reading and college and career  
27 readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for  
28 planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student  
29 academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science,  
30 technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to  
31 students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on  
32 creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based  
33 methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty  
34 schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like  
35 the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the  
36 General Assembly on the measurement results.

1       **1A.42.** (SDE-EIA: Aid to Districts Draw Down) For the current fiscal year, in order to draw down funds appropriated in Part IA,  
2 Section 1, VIII.A.1, Aid to Districts, school districts, Palmetto Unified District and the Department of Juvenile Justice must work  
3 with local law enforcement agencies *and fire marshals*, and when necessary, state law enforcement agencies *and the Office of the*  
4 *State Fire Marshal* in order to ensure that the district has ~~an~~ updated school safety ~~plan~~ *and fire plans* in place. The safety ~~plan~~ *and*  
5 *fire plans* must include safety directives in the classroom, a safe student and staff exit strategy and necessary safety staff. Notice of  
6 completion of the updated ~~plan~~ *plans* must be submitted to the Department of Education no later than September first, of the current  
7 fiscal year. In the current fiscal year, school districts may continue to negotiate with local law enforcement for the provision of  
8 School Resource Officers. The department must report to the Chairman of the House Ways and Means Committee, the Chairman of  
9 the House Education and Public Works Committee, the Chairman of the Senate Finance Committee and the Chairman of the Senate  
10 Education Committee by September thirtieth, of the current fiscal year, on any districts that failed to submit an updated plan.

11       **1A.43.** (SDE-EIA: Education and Economic Development Act Carry Forward) Funds provided for the Education and Economic  
12 Development Act may be carried forward into the current fiscal year to be expended for the same purposes by the department, school  
13 districts, and special schools.

14       **1A.44.** (SDE-EIA: EEDA Regional Education Centers) Funds appropriated from the EEDA for Regional Education Centers must  
15 not be less than \$108,500.

16       **1A.45.** (SDE-EIA: Teach for America SC) Because Teach For America SC receives EIA funds in the current fiscal year, school  
17 districts that partner with Teach For America SC are required to provide to Teach For America SC by September first annually,  
18 information on the prior year's academic achievement of students who were directly taught by Teach For America corps members.  
19 The information must be in a format that protects the identity of individual students and must include state assessment data as  
20 appropriate.

21       **1A.46.** (SDE-EIA: EOC-South Carolina Autism Society) Of the funds appropriated in Section 1A, VIII.F. Partnerships, Education  
22 Oversight Committee (A85), \$500,000 must be transferred in quarterly installments from the Education Oversight Committee to the  
23 South Carolina Autism Society for the Autism Parent-School Partnership Program. Beginning October 10, 2015, the South Carolina  
24 Autism Society shall provide a quarterly accounting report to the Chairman of the Senate Finance Committee, the Chairman of the  
25 House Ways and Means Committee and the Education Oversight Committee.

26       **1A.47.** (SDE-EIA: CHE/CERRA) The Center for Educator Recruitment, Retention and Advancement (CERRA) must complete  
27 periodic evaluations of the institutions currently hosting a Teaching Fellows (TF) program and ensure that the TF programs at the  
28 current host institutions continue to meet the requirements for a TF program as set forth by the CERRA Board of Directors. Further,

28 ~~(F) The Department of Education must develop procedures for monitoring the use of funds appropriated for reading/literacy~~

7 ~~the conditions that caused the removal, with or without supervision by the department for up to 12 months.~~

8 ~~(3) The department's proposed treatment plan can be extended up to 18 months but only if: (a) the department presents~~  
9 ~~compelling and persuasive evidence of how the parent has demonstrated due diligence in completing the plan; (b) the department~~

11 ~~department affirms that the return of child to the parent would not cause unreasonable risk of harm; (d) the department has compelling~~

13 ~~reasons to assert the best interests of the child will be served by the extension.~~

14 ~~(4) If the department assesses the viability of adoption and determines that adoption is not a viable option and has~~  
15 ~~compelling reasons to assert that Termination of Parental Rights is not in the best interests of the child, then the department may~~  
16 ~~pursue a permanent plan of custody or legal guardianship to relative or other person.~~

17 ~~(D) In accordance with Sections 63-7-1640(G) and 1700(E), the department must file the petition for a Termination of Parental~~

20 (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is  
21 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a  
22 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

23 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing  
24 of a claim shall not constitute a lien against real or personal property of the person unless, in the discretion of the court, part or all of  
25 such claim is reduced to judgment by appropriate order of the court, after serving the person with at least thirty days' notice that  
26 judgment will be entered. When a claim is reduced to judgment, it shall have the same effect as judgments, except as modified by

5 (C) The report should include long-term obligations irrespective of the source of funds involved, if any, and whether or not the  
6 obligation is subject to the availability or appropriation of funds. The report should exclude the following: (1) general obligation  
7 debt authorized under Section 13, Article X of the Constitution of South Carolina, 1895, and debt issued by the state institution under

15 amount of payments remaining to be made; (6) the initial and remaining duration of the obligation; (7) the source of funds used to  
16 make payments; (8) the parties to the arrangement and any associated borrowing, including without limitation, the entity lending  
17 the funds or assets associated with the financed acquisition; and (9) any counterparty or intermediary involved.

18 (E) The State Auditor shall conduct the study and issue a final report no later than one hundred and twenty days after the  
19 beginning of the current fiscal year. State institutions must fully respond within forty-five days to any formal request for information

#### 4 SECTION 108 - F500 - PUBLIC EMPLOYEE BENEFIT AUTHORITY 5

6 **108.1.** (PEBA: Lottery, Infrastructure Bank, and Magistrates Health Insurance) South Carolina Lottery Commissioners and South  
7 Carolina Transportation Infrastructure Bank Board members and their eligible dependents are eligible to participate in the State  
8 Health and Dental Insurance Plan, upon paying the full premium costs as determined by the Public Employee Benefit Authority. If  
9 a county is participating in the State Health and Dental Insurance Plan, magistrates and their eligible dependents are eligible to  
10 participate in the State Health and Dental Insurance Plan, upon the magistrate paying the full premium costs as determined by the  
11 Public Employee Benefit Authority.

12 **108.2.** (PEBA: Adoption Assistance Program) The Employee Adoption Assistance Program is established to provide grants to  
13 eligible employees to assist them with the direct costs of adoption. The program shall be an employee benefit through the Public  
14 Employee Benefit Authority (PEBA) and shall be funded from the appropriation for the State Health Plan as provided in this act.  
15 Total funding for the Adoption Program shall not exceed the amount authorized by the General Assembly in the annual appropriations  
16 act. Employees are eligible for the Adoption Program if they participate in PEBA insurance benefits, have adopted a child during  
17 the prior fiscal year, apply for the grant during the annual application period, and meet any other Adoption Program criteria. The  
18 application period shall be July first through September thirtieth of the current fiscal year for an adoption in the prior fiscal year.  
19 The maximum grant amounts shall be \$10,000 in the case of the adoption of a special needs child and \$5,000 for all other child  
20 adoptions. Should the total amount needed to fund grants at the maximum level exceed the amount authorized, the amount of a grant  
21 to an eligible employee shall be determined by dividing the authorized amount evenly among qualified program applicants, with the  
22 adoption of a special needs child qualifying for two times the benefit of a non-special needs child.

23 **108.3.** (PEBA: Health Plan Tobacco User Differential) For health plans adopted under the authority of Section 1-11-710 of the  
24 1976 Code by the Public Employee Benefit Authority during the current fiscal year, the board is authorized to differentiate between

26 rates based upon tobacco or e-cigarette use. The surcharge for tobacco or e-cigarette use may not exceed \$40 per month per  
27 subscriber or \$60 per month per subscriber and dependent(s).

28 **108.4.** (PEBA: Funding Abortions Prohibited) No funds appropriated for employer contributions to the State Health Insurance  
29 Plan may be expended to reimburse the expenses of an abortion, except in cases of rape, incest or where the mother's medical  
30 condition is one which, on the basis of the physician's good faith judgment, so complicates the pregnancy as to necessitate an  
31 immediate abortion to avert the risk of her death or for which a delay will create serious risk of substantial and irreversible impairment  
32 of major bodily function, and the State Health Plan may not offer coverage for abortion services, including ancillary services provided  
33 contemporaneously with abortion services. The Public Employee Benefit Authority must determine the amount of the total premium  
34 paid for health coverage necessary to cover the risks associated with reimbursing participants in the plan for obtaining an abortion in  
35 the circumstances covered by this provision. The determination must be based on actuarial data and empirical study in the same

1 manner and by the same method that other risks are adjusted for in similar circumstances. The plan must report this determination  
2 annually to the respective Chairmen of the Senate Finance Committee and the House Ways and Means Committee.

3 **108.5.** (PEBA: TRICARE Supplement Policy) The Public Employee Benefit Authority (PEBA) shall offer a group TRICARE  
4 Supplement policy or policies to its TRICARE-eligible subscribers through its flexible benefits program to provide that subscribers  
5 may pay premiums for such policies on a pretax basis, in accordance with federal law and regulations. PEBA may charge TRICARE  
6 Supplement subscribers an amount not to exceed \$2 per subscriber per month for any associated administrative costs.

7 **108.6.** (PEBA: State Health Plan) Of the funds authorized for the State Health Plan pursuant to Section 1-11-710(A)(2) of the  
8 1976 Code, an employer premium increase of 0.8 percent and a subscriber premiums for Plan Year 2021 shall remain the same as  
9 in Plan Year 2020 premium increase of zero percent will result for the standard State Health Plan for Plan Year 2022. Copayments  
10 for participants of the State Health Plan shall remain the same in Plan Year ~~2021~~ 2022 as in Plan Year ~~2020~~ 2021. Notwithstanding  
11 the foregoing, pursuant to Section 1-11-710(A)(3), the Public Employee Benefit Authority may adjust the plan, benefits, or  
12 contributions of the State Health Plan during Plan Year ~~2021~~ 2022 to ensure the fiscal stability of the Plan.

13 **108.7.** (PEBA: Exempt National Guard Pension Fund) In the calculation of any across-the-board cut mandated by the Executive  
14 Budget Office or General Assembly, the amount of the appropriation for the National Guard Pension Fund shall be excluded.

15 **108.8.** (PEBA: Inactive SCRS Account Transfer) A current employee or teacher who is an active participant in the State Optional  
16 Retirement Program but who has an inactive account in the South Carolina Retirement Program due to previous service in that

18 account.

19 **108.9.** (PEBA: Network Pharmacy Publications) All pharmacy publications or lists must include independent retail pharmacies.  
20 Abridged pharmacy lists are prohibited.

21 **108.10.** (PEBA: Covered Contraceptives) For the Plan year beginning in January of the current fiscal year, the State Health Plan  
22 shall not apply patient cost sharing provisions to covered contraceptives. This provision does not alter the current approved list of  
23 contraceptives and complies with the requirements of Proviso 108.4.

24 **108.11.** (PEBA: Former Spouses on the State Health Plan) For the Plan Year beginning in January of the current fiscal year, the  
25 State Health Plan shall cover a subscriber's former spouse, who is eligible to be covered pursuant to a court order, on the former  
26 spouse's own individual policy and at the full amount of the premium for the coverage elected, with such rates, billing, and other  
27 administrative policies to be determined by the Public Employee Benefit Authority. The former spouses may only elect such health,  
28 dental, and vision coverage as required by the court order. The former spouse's individual coverage may continue under the State  
29 Health Plan as long as authorized under the court order and the subscriber remains a participant in the State Health Plan. This proviso  
30 does not affect a subscriber's ability to cover a current spouse on an employee/retiree and spouse or full family policy when the  
31 subscriber's former spouse is covered on a separate policy.

32 **108.12.** (PEBA: COVID-19 Return to Work Extension) For Fiscal Year 2021-22, the earnings limitation imposed pursuant to  
33 Section 9-1-1790 and Section 9-11-90 of the 1976 Code does not apply to retired members of the South Carolina Retirement System  
34 or the Police Officers Retirement System who return to covered employment to participate in the state's public health preparedness  
35 and response to the COVID-19 virus. This section is not intended to supersede or conflict with Act \_\_\_ of 2021, S. 704 of 2021. In  
36 the event of a conflict, the provisions of the Act control.

1 108.13. (PEBA: Optional Payment of Employee Contributions by Employer) No later than July 1, 2021, an employer in the  
2 South Carolina Retirement System or the Police Officers Retirement System may elect to pay all or a portion of the employee  
3 contribution set out in Sections 9-1-1085 and 9-11-225, respectively, of the 1976 Code with respect to its employees during the fiscal  
4 year. In lieu of the deductions from compensation required by Sections 9-1-1020, 9-1-1160, and 9-11-210, as applicable, an  
5 employer electing to pay employee contributions under this provision hereby elects to pick up all or a portion of the employee  
6 contributions required by Sections 9-1-1085 and 9-11-225, as applicable, for the fiscal year without a reduction or offset from its  
7 employees' compensation. Employee contributions picked up without such reduction or offset from the employee's compensation  
8 shall be treated as employer contributions in determining federal tax treatment under Section 414(h)(2) of the United States Internal  
9 Revenue Code, but shall be credited as employee contributions for the purposes of the South Carolina Retirement System or the  
10 Police Officers Retirement System. An employer making the election provided by this provision shall be deemed to have taken formal  
11 action to provide that the contributions on behalf of its employees, although designated as employee contributions, shall be paid by  
12 the employer in lieu of employee contributions. The employer shall pay these employee contributions from the same source of funds  
13 which is used in paying earnings to the employee. The employee, however, must not be given any option of choosing to receive the  
14 contributed amount of the pick ups directly instead of having them paid by the employer to the South Carolina Retirement System or  
15 the Police Officers Retirement System. An employer's election to pick up contributions without a reduction or offset from its  
16 employees' compensation pursuant to this proviso may not be changed during the fiscal year. Employee contributions picked up by  
17 an employer pursuant to this provision without a reduction or offset from the member's compensation are: 1) not earnable  
18 compensation for the purposes of the South Carolina Retirement System or the Police Officers Retirement System; and 2) shall be  
19 deposited in the employee's South Carolina Retirement System or Police Officers Retirement System individual accumulated  
20 contribution account described in Sections 9-1-10(1), 9-11-10(2) and (6), and 9-11-260(2), as applicable, of the 1976 Code.

21 108.14. (PEBA: Non-State Agency Furloughs) For the current fiscal year, a participating employer in the South Carolina  
22 Retirement System or Police Officers Retirement System that is not a state agency or institution of higher learning may make  
23 employee and employer contributions for a period of not more than ninety working days during a furlough program that was  
24 implemented as a result of and took place during the COVID-19 Public Health Emergency and if the terms of the furlough program  
25 are consistent with the requirements for an approved mandatory furlough program established by a state agency or institution of  
26 higher learning under state law. The participating employer shall make such contributions in order to ensure that a furloughed  
27 employee's retirement benefits are not interrupted as a result of the furlough, and the period for which such contributions are made  
28 will not be considered a break in consecutive employment.

15 budget reduction.

16       **109.6.** (DOR: Candidate Tax Return Programs) (A) From the funds appropriated in this act, the department must develop a  
17 program to process inquiries from a candidate for an office of this State or its political subdivisions or any gubernatorial appointee  
18 concerning whether that candidate or appointee has filed annual state income tax returns that he was required to file during the past  
19 ten years, regardless of the source of income, has paid all income taxes due during that time period, and has satisfied all judgments,  
20 liens, or other penalties for failure to pay income taxes when due. The department may only respond to an inquiry if the inquiry is  
21 made by a candidate or appointee concerning that candidate's or appointee's own income tax returns.

22       (B) Unless a candidate or appointee requests otherwise, the department must post the results of all inquiries from candidates or

31 fulfilling its obligations under this proviso.

32       (C) (1) Participation in this program by a candidate or appointee is voluntary.

16 of job requirements or program participation. Any state institution of higher learning may provide complimentary membership  
17 privileges to employees who work at their wellness centers. The presidents of those state institutions of higher learning authorized  
18 to provide on-campus residential facilities for students may be permitted to occupy residences on the grounds of such institutions

1 All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan, approved  
2 by the Department of Administration, applicable to all personnel of the State Government whose compensation is not specifically  
3 fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal service is  
4 drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and unclassified  
5 employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary adjustment  
6 shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire. Academic

22 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging

2 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head  
3 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry  
4 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per

21 paid by state funds that are transferred to the school district. Agencies may contract with lodging facilities to pay on behalf of an  
22 employee. Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority

34 (I) No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by  
35 which he is employed except as provided in paragraph E, of this section. When an employee is assigned to work a particular territory  
36 or district, and such territory or district and his official headquarters are in different localities or sections of the State, expenses may

1 be allowed for the necessary travel to his official headquarters. The members of the Workers' Compensation Commission may be  
2 reimbursed at the regular mileage rate of one round trip each week from their respective homes to Columbia. No subsistence  
3 reimbursement shall be allowed to a member of the Workers' Compensation Commission while traveling in the county of his official  
4 residence. When traveling on official business of the commission outside the county of his official residence, a member of the

16 to equal the standard business mileage rate as established by the Internal Revenue Service will be allowed for the use of such  
17 automobile and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this  
18 calculation shall be the current rate established by the Internal Revenue Service. Whenever state provided motor pool vehicles are  
19 reasonably available and their use is practical and an employee of the State shall request for his own benefit to use his or her personal  
20 vehicle in traveling on necessary official business, a charge of four cents per mile less than the standard business mileage rate as  
21 established by the Internal Revenue Service will be allocated for the use of such vehicle and the employee shall bear the expense of  
22 supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the  
23 Internal Revenue Service. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep  
24 thereof but no mileage will be allowed. Agencies and employees are directed to use state fueling facilities to the maximum extent  
25 possible, when such use is cost beneficial to the State. When using commercial fueling facilities, operators of State-owned vehicles  
26 are directed to use self-service pumps. In traveling on the business of the State, employees are required to use the most economical  
27 mode of transportation, due consideration being given to urgency, schedules and like factors.

2 when such reimbursements are considered by the agency head to be essential to successful recruitment of professionally competent  
3 staff members.

4 (M) The Office of Comptroller General is authorized to promulgate and publish rules and regulations governing travel and  
5 subsistence payments.

15 review and/or audit, when requested to do so by the State Fiscal Accountability Authority. From the funds an organization receives  
16 from a state agency, for accountability purposes, by June thirtieth organizations receiving contributions in this act shall submit a  
17 report to the state agency making the contribution that includes an accounting of how the funds were spent and the outcome measures  
18 used to determine the success of the stated goals. State agencies receiving such data from organizations shall forward the information  
19 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

20 **117.22.** (GP: State-Owned Aircraft - Flight Logs) Each agency having in its custody one or more aircraft shall maintain a  
21 continuing log on all flights, which in order to promote accountability and transparency shall be open for public inspection and shall  
22 also be posted online. Any and all aircraft owned or operated by agencies of the State Government shall be used only for official  
23 business. The Division of Aeronautics and other agencies owning and operating aircraft may furnish transportation to the Governor,  
24 Constitutional Officers, members of the General Assembly, members of state boards, commissions, and agencies and their invitees  
25 for official business only; no member of the General Assembly, no member of a state board, commission, or committee, and no state  
26 official shall use any state-owned or operated aircraft unless the member or official files within twenty-four hours after the completion  
27 of the flight with the agency that provided the flight a sworn statement certifying and describing the official nature of his trip; and  
28 no member of the General Assembly, no member of a state board, commission or committee, and no state official shall be furnished  
29 air transportation by a state agency unless such agency prepares and maintains in its files a sworn statement from the highest ranking  
30 official of the agency or its designee certifying that the member's or state official's trip was in conjunction with the official business  
31 of the agency. Official business shall not include routine transportation to and from meetings of the General Assembly or committee

15 This provision shall be suspended if necessary to avoid a fiscal year-end general fund deficit. For purposes of this proviso, the  
16 amount of the general fund deficit shall be determined after first applying the Capital Reserve Fund provisions in Section  
17 11-11-320(D) of the 1976 Code, and before any transfers from the General Reserve. The amount of general funds needed to avoid  
18 a year-end deficit shall be reduced proportionately from each agency’s carry forward amount.

19 Agencies which have separate general fund carry forward authority must exclude the amount carried forward by such separate  
20 authority from their base for purposes of calculating the ten percent carry forward authorized herein. Any funds that are carried  
21 forward as a result of this provision are not considered part of the base of appropriations for any succeeding years.

22 **117.24.** (GP: TEFRA-Tax Equity and Fiscal Responsibility Act) It is the intent of the General Assembly that the State Medicaid

1 copies to the media or the public upon request. The report must contain a listing for every agency receiving an appropriation in the  
2 annual General Appropriations Act. The listing must show at a minimum the top ten percent of employees for whom travel expenses  
3 and registration fees were paid within each agency, not to exceed twenty-five employees per agency. Agencies should include  
4 position titles for each of the top twenty-five travelers for each agency. Expenditures must include state, federal and other sources  
5 of funds. Expenditures for in-state and out-of-state registration fees (fees to attend conferences, teleconferences, workshops, or

7 and the agency as a whole. The list for each agency must be in rank order with the largest expenditure first and the name of the  
8 employee must be shown with each amount. Agencies should include a brief summary of the type of travel the agency incurs. The  
9 Comptroller General may provide additional information as deemed appropriate. The Comptroller General shall provide no  
10 exceptions to this report in that the information contained is not considered confidential or restricted for economic development  
11 purposes. However, further disclosure of detailed information shall be restricted as provided for by law.

15 These funds are intended to provide technology, encourage effective use of technology in K-12 public schools throughout the state,  
16 conduct cost/benefit analyses of the various technologies, and should, to the maximum extent possible, involve public-private sector  
17 collaborative efforts. Funds may also be used to establish pilot projects for new technologies with selected school districts as part of  
18 the evaluation process. K-12 technology initiative funds shall be retained and carried forward to be used for the same purpose.

23 by that agency and expended at the discretion of the agency head. During this furlough, the agency head shall be entitled to participate  
24 in the same state benefits as otherwise available to them except for receiving their salaries. As to those benefits which require

26 coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the agency head  
27 remains solely responsible for making those contributions.

29 Grievance Procedure Act. In the event the reduction for the state agency or institution of higher learning is due solely to the General  
30 Assembly transferring or deleting a program, this provision does not apply. Agencies may allocate the agency head's reduction in

17 classified FTE which has become vacant because of a retirement, an agency must review and determine the appropriate salary for  
18 the position as well as determine whether the agency can manage without filling the position or by delay in filling the position. Prior

21 **117.76.** (GP: Broadband Spectrum Lease) The General Assembly must approve any exercise of the Middle Band Segment  
22 Channel recapture provisions contained in the Educational Broadband Service Spectrum Lease Agreements if the exercise of the  
23 recapture provisions would result in a decrease in payments received by the State. The Educational Television Commission assumes

3 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget  
4 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the  
5 Executive Budget Office shall either request the General Assembly to recognize the deficit if it determines the deficit avoidance plan  
6 will not be sufficient to avoid a deficit or notify the General Assembly of how the deficit will be avoided based on the deficit  
7 avoidance plan if the Executive Budget Office determines the plan will be sufficient to avoid a deficit.

8 Upon notification from the Executive Budget Office that an agency will run a deficit and requesting that it be recognized, the  
9 General Assembly, by joint resolution, may make a finding that the cause of, or likelihood of, a deficit is unavoidable due to factors  
10 which are outside the control of the state agency, department, or institution, and recognize the deficit. Any legislation to recognize  
11 a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency,  
12 department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

15 in the General Reserve Fund and the Capital Reserve Fund, as required by the Constitution of this State.

16 Once a deficit has been recognized by the General Assembly, the state agency, department, or institution shall limit travel and  
17 conference attendance to that which is deemed essential by the director of the agency, department, or institution. In addition, the

23 which must use the Cents per mile Rule, unless they are exempted from such reimbursement by applicable IRS regulations. These  
24 permanently assigned vehicles must be clearly marked as a state or agency vehicle through the use of permanent state-government

3 to the report shall be posted on the Comptroller General's website as well as the agency's homepage.

4 When the State Auditor conducts or contracts for an audit of a state agency, accounts of the agency subject to this proviso must be  
5 included as part of the review.

6 If an agency determines that the release of the information required in this provision would be detrimental to the state or the  
7 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting  
8 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.

36 the scope of their official duty. If the court finds that the government employee was acting outside the scope of the employee's

1 official duties, the government shall not thereafter expend any funds to pay or defend the claim. If the court finds the government  
2 employee was acting within the scope of their official duties, the employee is immune from suit, liability, and damages with respect  
3 to the civil conspiracy claim. The government may only expend funds to defend the claim if the determination is that the employee

10 year after 1997 and before 2013, whether by paper or electronic transmission, or any person whose personally identifiable information  
11 was contained on the return of another eligible person, including minor dependents.

12 (C) By March fifteenth of each year, the department shall issue a report to the Governor and the General Assembly detailing the  
13 number of taxpayers claiming the deduction allowed by this item in the most recent tax year for which there is an accurate figure,  
14 and the total monetary value of the deductions claimed pursuant to this item in that same year.

15 (D) The department shall prescribe the necessary forms to claim the deduction allowed by this section. The department may  
16 require the taxpayer to provide proof of the actual costs and the taxpayer's eligibility.

17 **118.11.** (SR: Tobacco Settlement) (A) To the extent funds are available from payments received on behalf of the State by the  
18 Tobacco Settlement Revenue Management Authority from the Tobacco Master Settlement Agreement ("MSA") in the current fiscal  
19 year, the State Treasurer is authorized and directed, after transferring funds sufficient to cover the operating expenses of the Authority,  
20 to transfer the remaining funds as follows:

21 (1) \$1,253,000 to the Attorney General's Office for Diligent Enforcement and Arbitration Litigation; \$450,000 to the State  
22 Law Enforcement Division for Diligent Enforcement; and \$325,000 to the Department of Revenue for Diligent Enforcement, all to  
23 enforce Chapter 47 of Title 11, the Tobacco Escrow Fund Act;

24 (2) The Attorney General's Office shall maintain a balance of \$1,253,000 in a fund for future tobacco arbitration. Attorney  
25 General funds in excess of \$1,253,000 may be utilized for information technology expenses and building infrastructure upgrades.  
26 These funds may be carried forward from the prior fiscal year into the current fiscal year and utilized for the same purpose; and

27 (3) The remaining balance shall be transferred to a restricted account authorized solely for use by the Department of Health  
28 and Human Services for the Medicaid program. Earnings on this fund must be credited to the fund and balances may be carried  
29 forward from the prior fiscal year for the same purpose.

30 (B) The requirements of Section 11-11-170 of the 1976 Code shall be suspended for the current fiscal year.

31 **118.12.** (SR: One Dollar Appropriations) Funds appropriated in the amount of one dollar by this act shall not be disbursed. The  
32 Comptroller General shall adjust the affected agency's chart of accounts accordingly, if necessary.

33 **118.13.** (SR: Non-recurring Litigation Recovery Revenue) During the current fiscal year, if there is a recovery or an award in  
34 any litigation managed by the State through a party other than the Attorney General, or if a state tax audit results in a collection, any  
35 funds received in excess of twenty-five million dollars that are not likely to continue as recurring revenue and would have otherwise  
36 been credited to the General Fund shall be credited to the Litigation Recovery Account. The amount credited to this Litigation

1 Recovery Account pursuant to this provision is deemed non-recurring revenue and must be expended only in the manner prescribed  
2 by law.

3 **118.14.** (SR: Taxpayer Rebate) ~~In the event that amounts in excess of the Fiscal Year 2018-19 unobligated general fund revenue~~  
4 ~~as certified by the Board of Economic Advisors become available due to increased income tax collections resulting from the lottery~~  
5 ~~ticket redemption associated with the October 24, 2018 Mega Millions contest, the Comptroller General shall transfer such amounts~~  
6 ~~in excess of the total certified unobligated general fund revenue up to \$61,400,000 to a Taxpayer Rebate Fund after the close of~~  
7 ~~Fiscal Year 2018-19. To the extent sufficient funds are available, the Department of Revenue shall provide a fifty dollar refund to~~  
8 ~~each individual income tax return filed for tax year 2018 that has at least a state individual income tax liability of fifty dollars, after~~  
9 ~~credits, for returns filed on or before October 15, 2019. The Department of Revenue may prorate this amount based upon actual~~  
10 ~~funds and eligible returns and is directed to issue these checks on December 2, 2019.~~

11 **118.15.** (SR: Farm Aid) There is created the 'South Carolina Farm Aid Fund'. This fund is separate and distinct from the general  
12 fund of the State and all other funds. Earnings on this fund must be credited to it. Revenues credited to this fund in a fiscal year  
13 must be used in that fiscal year to operate a grant program that provides financial assistance to farmers.

14 To be eligible for a grant, the person must have:

15 (1) experienced a verifiable loss of agricultural commodities of at least thirty percent as a result of the flooding occurring in  
16 the aftermath of Hurricanes Michael and Florence for which:

17 (a) the Governor declared a state of emergency in the State for the county in which the farm is located; and

18 (b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm  
19 is located;

20 (2) a farm number issued by the Farm Service Agency;

21 (3) signed an affidavit, under penalty of perjury, certifying that each fact of the loss presented by the person is accurate; and

22 (4) a signed affidavit, under penalty of perjury, certifying that no federal funds have been received for these specific disasters,  
23 and in the event that federal funds are received, the person will return all state monies received under this program.

24 The Department of Agriculture (department) shall administer the grant program authorized by this proviso. The Department of  
25 Revenue shall assist the Department of Agriculture in the administration of the grant program by providing auditing services,  
26 accounting services, and review and oversight of all financial aspects of the grant program. There is created the Farm Aid Advisory  
27 Board to make recommendations to the department regarding the duties of the department in administering the grant program. The  
28 Commissioner of Agriculture, or his designee, shall serve ex officio, as chairman of the board. Also, the Director of the Department  
29 of Revenue, or his designee, the Vice President for Public Service and Agriculture of Clemson Public Service Activities, or his  
30 designee, and the Vice President for Land Grant Services of South Carolina State Public Service Activities, or his designee, shall  
31 serve on the board. The following additional members shall be appointed to the board:

32 (1) the Commissioner of Agriculture shall appoint one member representing the South Carolina Farm Bureau;

33 (2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;

34 (3) the Director of the Department of Revenue shall appoint one member representing the crop insurance industry; and

35 (4) the Director of the Department of Revenue shall appoint one member who is an agricultural commodities producer.

1 By July twentieth of the current fiscal year, the board shall hold its initial meeting to recommend an application process by which  
2 a person with a loss resulting from the flooding occurring in the aftermath of Hurricanes Michael and Florence may apply for a grant.  
3 Upon adoption of an application process, the Department of Agriculture shall provide the Chairman of the House Ways and Means  
4 Committee and the Chairman of the Senate Finance Committee with a written copy of its application process within ten days after  
5 its adoption. A person shall apply not later than forty-five days after the adoption of the application process. The department must  
6 ensure every person interested in applying for a grant has access to adequate resources to submit his application in a timely manner,  
7 and upon request, the department must assist a person with the preparation of his application.

8 Each grant awarded by the department may not exceed twenty percent of the person's verifiable loss of agricultural commodities.  
9 However, a person, including any grant made to a related person, may not receive grants aggregating more than one hundred thousand  
10 dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined with losses covered  
11 by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount to be included in the  
12 limits set by this proviso must be the amount of the grant multiplied by the person's ownership interest in the related person.  
13 However, a person who shares an ownership interest with another person or entity may not be refused a grant solely because the  
14 other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant amount is  
15 limited by the person's ownership interest.

16 If the total amount of grants allowed pursuant to this proviso exceeds the monies in the fund, then each person's grant must be  
17 reduced proportionately.

18 To determine loss, the department:

19 (1) must measure the person's cumulative total loss of all affected agricultural commodities for the year in which the flooding  
20 occurred against the person's expected production of all agricultural commodities affected by the flooding occurring in the aftermath  
21 of Hurricanes Michael and Florence;

22 (2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance Corporation,  
23 to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities, the department  
24 shall use the most recent year's county price and county yield, as applicable, as determined by the National Agriculture Statistics  
25 Service, United States Department of Agriculture; and

26 (3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the  
27 ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the department  
28 shall require the submission of dated, signed, and continuous records. These records may include, but are not limited to, commercial  
29 receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements, truck scale  
30 tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape, invoices for  
31 custom harvesting, u-pick records, and insurance documents.

32 Grant awards must be used for agricultural production expenses and losses due to the flooding which demonstrate an intent to  
33 continue the agricultural operation; however, awards may not be used to purchase new equipment. The department shall develop  
34 guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may require any  
35 documentation it determines necessary to verify the appropriate use of grant awards including receipts.

1 If the department determines that a person who received a grant provided inaccurate information, then the person shall refund the  
 2 entire amount of the grant. If the department determines that a person who received a grant used the funds for ineligible expenses,  
 3 then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate amount, the  
 4 Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.

5 The department shall coordinate the exchange of information between the USDA and the Department of Revenue to identify any  
 6 person that received a Farm Aid grant for the flooding occurring in the aftermath of Hurricanes Michael and Florence and also  
 7 received federal aid relief for the same disaster. Any person that is determined to have received grant funds from both the state and  
 8 federal government, must immediately repay the state grant they received.

9 If the department determines that a person knowingly provided false information to obtain a grant pursuant to this proviso or  
 10 knowingly used funds for ineligible expenses, the person shall be subject to prosecution pursuant to Section 16-13-240.

11 Within forty-five days of the completion of the awarding of grants, but no later than the end of the fiscal year, the Farm Aid  
 12 Advisory Board is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

13 The department may accept private funds, grants, and property to be used to make financial awards from the grant program.

14 The Department of Agriculture must administer the grant program authorized by this proviso using existing resources and funds.

15 If federal funds are allocated for persons that are otherwise eligible for a grant pursuant to this proviso before the current fiscal  
 16 year begins, then the provisions of this proviso are not effective and no funds may be credited to the South Carolina Farm Aid Fund.

17 For purposes of this proviso:

18 (1) 'Agricultural commodities' means wheat, cotton, flax, corn, dry beans, oats, barley, rye, tobacco, rice, peanuts, soybeans,  
 19 sugar beets, sugar cane, tomatoes, grain sorghum, sunflowers, raisins, oranges, sweet corn, dry peas, freezing and canning peas,
